Dear Jeff,

The ITF Beach Tennis department are fully supportive of the plans for a major beach tennis event to be delivered in Miami Beach in 2023.

We are thankful for the work that you and the beach tennis community in the USA are doing to spread the game and believe that this tournament will be the next step in the development of the game.

Having worked with Luis Felipe Tavares on previous events, including the World Cup in 2021, and ongoing projects, we are confident that he and his team will deliver a high quality event.

We are aware that the preferred date for the tournament would be during the week commencing Monday, 27 February, with tournament dates likely to be from Wednesday 01 – Saturday 04 March.

To assist in securing an appropriate player entry list of the leading players, the ITF have placed a hold for that week in the provisional calendar for 2023. We can retain this provisional booking until Friday 07 October and hope that this will provide sufficient time for a confirmed application to be completed and submitted to the ITF.

We remain committed to working with you to bring this event to Miami Beach and look forward to updated information in due course.

Kind regards,

Ben Philip
Senior Manager, Beach Tennis
