Re: Letter of Intent- DRB19-0421

Please allow this letter to serve as my formal request for Extension of Time for the previously approved DRB17-0171. Although the permit process took longer than we expected, we already applied for our building permit, BC1910991, and it is currently approved by all departments except Planning and Zoning which their only comment is regarding the expired DRB order and telling us we must either obtain an extension of time or reapply to DRB altogether.

Kindly, I request that you grant us an extension of time so we may obtain our building permit.

Thank you,

A handwritten signature in black ink, appearing to read 'Rodolfo Casasola', written in a cursive style.
