

DESIGN REVIEW BOARD
City of Miami Beach, Florida

MEETING DATE: July 02, 2019

FILE NO: DRB18-0355

PROPERTY: **555 17th Street, 1701-1799 Convention Center Drive – Convention Center Hotel**

APPLICANT: MB Mixed Use Investment, LLC

LEGAL: See 'Exhibit A'

IN RE: The Application for Design Review Approval for the construction of a new convention center hotel to replace an existing surface parking lot, one-story office building and one and two story portions of the rear of the Fillmore Miami Beach at the Jackie Gleason Theater building.

ORDER

The City of Miami Beach Design Review Board makes the following FINDINGS OF FACT, based upon the evidence, information, testimony and materials presented at the public hearing and which are part of the record for this matter:

I. Design Review

- A. The Board has jurisdiction pursuant to Section 118-252(a) of the Miami Beach Code. The property is not located within a designated local historic district and is not an individually designated historic site.
- B. Based on the plans and documents submitted with the application, testimony and information provided by the applicant, and the reasons set forth in the Planning Department Staff Report, the project as submitted is inconsistent with Design Review Criteria 9 and 19 in Section 118-251 of the Miami Beach Code.
- C. Based on the plans and documents submitted with the application, testimony and information provided by the applicant, and the reasons set forth in the Planning Department Staff Report, the project as submitted is inconsistent with Sea Level Rise Criteria 1, 9, 10, 11 and 12 in Section 133-50(a) of the Miami Beach Code.
- D. The project would remain consistent with the criteria and requirements of Section 118-251 and/or Section 133-50(a) if the following conditions are met:
 1. The design and detailing of the following areas of the project shall be further refined and explored: (1) the architectural "dimple" on the east façade shall be moved southward and enlarged to greater emphasis and visual effect, (2) the ground floor welcome center shall be further emphasized and more visible from 17th Street, (3) the Hohaus building details shall be further refined and detailed in their materials, location, and prominence in the welcome center and along the stand alone mechanical vault building, (4) the final design details, color, material, location and connection structural attachment systems of the proposed balcony

unit dividers shall be submitted, (5) landscape plans clearly identifying the ground materials for the hardscape areas, the areas where root barriers and/or structural soils Silva Cells, or suspended pavement systems , are proposed, and (6) all on-site trees proposed for retention and relocation. These design details shall be subject to the review and approval of staff and shall be submitted to the Design Review Board at a future meeting date to provide the Board with a design progress report for further input.

2. Revised elevation, site plan, and floor plan drawings for the proposed new Convention Center Hotel at 555 17th Street shall be submitted, at a minimum, such drawings shall incorporate the following:
 - a. A recycling plan shall be provided as part of the submittal for a demolition/building permit to the building department, in a manner to be reviewed and approved by staff.
 - b. The Applicant has voluntarily proffered and agreed to display a plaque on the ground floor of the building, which includes an image of the original structure, referencing Henry Hohausser as the original structure's architect, and describes the original structure's history and evolution. Prior to the issuance of a Building Permit, the Applicant shall submit the design for the plaque to the Planning department to be reviewed and approved by staff consistent with the Design Review Criteria and/or the directions from the Board.
 - c. The Applicant has voluntarily proffered and agreed to install keystone cladding, or other architectural elements of the Henry Hohausser building, on portions of the interior of the Miami Beach Welcome Center, which shall be located within the property, and visible from the adjacent sidewalk along 17th Street, to recall the characteristics of the original structure on the site, in a manner to be reviewed and approved by staff consistent with the Design Review Criteria and/or the directions of the Board.
 - d. A grade-level clear pedestrian pathway fully integrated with the abutting public sidewalks shall be provided along 17th Street and Convention Center Drive, in a manner to be reviewed and approved by staff consistent with the Design Review Criteria and/or the directions of the Board.
 - e. The design of the pedestrian pathway on 17th Street shall be further refined to dynamically integrate the sidewalk with the project, and may include access stairs and ramps, in a manner to be reviewed and approved by staff consistent with the Design Review Criteria and/or the directions of the Board.
 - f. Further details of the railings and handrails shall be provided for all balconies and terraces in a manner to be reviewed and approved by staff consistent with the Design Review Criteria and/or the directions from the Board, and shall require a separate permit.
 - g. Any railings at the ground or pedestal level shall be designed as glass or tension wire, or similar design element, in order to minimize obstruction and maintain transparency within both side yards for all balconies and terraces

- in a manner to be reviewed and approved by staff consistent with the Design Review Criteria and/or the directions from the Board, and shall require a separate permit.
- h. Further details and material samples for the proposed mechanical ancillary building shall be provided in a manner to be reviewed and approved by staff consistent with the Design Review Criteria and/or the directions from the Board.
 - i. Further details and material samples for the proposed metal screen on level 2 shall be provided in a manner to be reviewed and approved by staff consistent with the Design Review Criteria and/or the directions from the Board, and shall require a separate permit.
 - j. Further details and material samples for the proposed "metal fins" shall be provided in a manner to be reviewed and approved by staff consistent with the Design Review Criteria and/or the directions from the Board, and shall require a separate permit.
 - k. Material samples for all exterior paving areas shall be submitted in a manner to be reviewed and approved by staff consistent with the Design Review Criteria and/or the directions from the Board.
 - l. The final design details of exterior lighting shall be submitted, in a manner to be reviewed and approved by staff consistent with the Design Review Criteria and/or the directions from the Board.
 - m. Any fence or gate at the front and street side of the property shall be designed in a manner consistent with the architecture of the new structure, in a manner to be reviewed and approved by staff consistent with the Design Review Criteria and/or the directions from the Board.
 - n. All ground floor and first floor terrace exterior handrails and support posts shall incorporate a flat profile. The final design details, dimensions material and color of all exterior handrails shall be made part of the building permit plans and shall be subject to the review and approval of staff.
 - o. The final design details of the exterior materials and finishes shall be submitted, in a manner to be reviewed and approved by staff consistent with the Design Review Criteria and/or the directions from the Board.
 - p. The final exterior surface color scheme, including color samples, shall be subject to the review and approval of staff and shall require a separate permit.
 - q. A copy of all pages of the recorded Final Order shall be scanned into the plans submitted for building permit, and shall be located immediately after the front cover page of the permit plans.
 - r. Prior to the issuance of a Certificate of Occupancy, the project Architect shall verify, in writing, that the subject project has been constructed in accordance with the plans approved by the Planning Department for

Building Permit.

3. A revised landscape plan, prepared by a Professional Landscape Architect, registered in the State of Florida, and corresponding site plan, shall be submitted to and approved by staff. The species type, quantity, dimensions, spacing, location and overall height of all plant material shall be clearly delineated and subject to the review and approval of staff. At a minimum, such plan shall incorporate the following:
 - a. The applicant shall abide by the mitigation procedures for tree preservation outlined in Chapter 46, Division 2 of the City Code, where relevant, and the applicant shall cooperate with the City with regard to any proposed tree relocation provided that the City cover costs of said relocation.
 - b. Any existing plant material within the public right-of-way may be required to be removed, at the discretion of the Public Works Department.
 - c. A fully automatic irrigation system with 100% coverage and an automatic rain sensor in order to render the system inoperative in the event of rain. Right-of-way areas shall also be incorporated as part of the irrigation system.
 - d. The utilization of root barriers and/or structural soils and/or Silva Cells, shall be clearly delineated on the revised landscape plan. A suspended pavement system shall be required for instances where the proposed street trees are to be planted and where root system of the proposed tree will need to grow under impervious surfaces to obtain optimal growth for the selected species, in a manner that provides adequate soil volume as determined by the city's Urban Forester for the proper growth of the proposed trees. In instances where the root systems of proposed trees will be able to grow under impervious surfaces and later enter into a pervious greenspace area, the use of structural based soils may be used upon the approval of the city's Urban Forester.
 - e. The applicant shall verify, prior to the issuance of a Building Permit, the exact location of all backflow preventers and all other related devices and fixtures. The location of backflow preventers, Siamese pipes or other related devices and fixtures, if any, and how they are screened with landscape material from the right-of-way, shall be clearly indicated on the site and landscape plans, and shall be subject to the review and approval of staff.
 - f. The applicant shall verify, prior to the issuance of a Building Permit, the exact location of all applicable FPL transformers or vault rooms. The location of any exterior transformers and how they are screened with landscape material from the right-of-way shall be clearly indicated on the site and landscape plans and shall be subject to the review and approval of staff.
 - g. Prior to the issuance of a Certificate of Occupancy, the Landscape Architect or the project architect shall verify, in writing, that the project is consistent

with the site and landscape plans approved by the Planning Department for Building Permit.

In accordance with Section 118-262, the applicant, or the city manager on behalf of the City Administration, or an affected person, Miami Design Preservation League or Dade Heritage Trust may seek review of any order of the Design Review Board by the City Commission, except that orders granting or denying a request for rehearing shall not be reviewed by the Commission.

II. Variance(s)

- A. No variance(s) were filed as part of this application.

The decision of the Board regarding variances shall be final and there shall be no further review thereof except by resort to a court of competent jurisdiction by petition for writ of certiorari.

III. General Terms and Conditions applying to both 'I. Design Review Approval and 'II. Variances' noted above.

- A. The approval herein, and the issuance of a building permit, shall be subject to the adoption of pending ordinances pertaining to pedestal setbacks and mechanical parking by the City Commission. In the event such ordinances are modified, or not adopted, the applicant shall be required to modify the plans in order to comply with the requirements of the current code.
- B. The applicant shall comply with the electric vehicle parking requirements, pursuant to Sec. 130-39 of the City Code.
- C. All new construction over 7,000 square feet shall be required to be, at a minimum, certified as LEED Gold by USGBC. In lieu of achieving LEED Gold certification, properties can elect to pay a sustainability fee, pursuant to Chapter 133 of the City Code. This fee is set as a percentage of the cost of construction.
- D. Where one or more parcels are unified for a single development, the property owner shall execute and record a unity of title or a covenant in lieu of unity of title, as may be applicable, in a form acceptable to the City Attorney.
- E. A Construction Parking and Traffic Management Plan (CPTMP) shall be approved by the Parking Director pursuant to Chapter 106, Article II, Division 3 of the City Code, prior to the issuance of a Building Permit.
- F. In the event Code Compliance receives complaints of unreasonably loud noise from mechanical and/or electrical equipment, and determines the complaints to be valid, even if the equipment is operating pursuant to manufacturer specifications, the applicant shall take such steps to mitigate the noise with noise attenuating materials as reviewed and verified by an acoustic engineer, subject to the review and approval of staff based upon the design review or appropriateness criteria, and/or directions received from the Board.
- G. The final building plans shall meet all other requirements of the Land Development Regulations of the City Code.

- H. The Final Order shall be recorded in the Public Records of Miami-Dade County, prior to the issuance of a Building Permit.
- I. The proposed curved elements above the driveways along Convention Center Drive and 17th Street may encroach into the r-o-w, and may require a revocable right of way permit approved by the City Commission through the Public Works Department.
- J. Satisfaction of all conditions is required for the Planning Department to give its approval on a Certificate of Occupancy; a Temporary Certificate of Occupancy or Partial Certificate of Occupancy may also be conditionally granted Planning Departmental approval.
- K. The Final Order is not severable, and if any provision or condition hereof is held void or unconstitutional in a final decision by a court of competent jurisdiction, the order shall be returned to the Board for reconsideration as to whether the order meets the criteria for approval absent the stricken provision or condition, and/or it is appropriate to modify the remaining conditions or impose new conditions.
- L. The conditions of approval herein are binding on the applicant, the property's owners, operators, and all successors in interest and assigns.
- M. Nothing in this order authorizes a violation of the City Code or other applicable law, nor allows a relaxation of any requirement or standard set forth in the City Code.

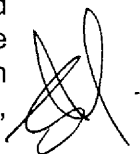

IT IS HEREBY ORDERED, based upon the foregoing findings of fact, the evidence, information, testimony and materials presented at the public hearing, which are part of the record for this matter, and the staff report and analysis, which are adopted herein, including the staff recommendations which were adopted by the Board, that the Application for Design Review approval is GRANTED for the above-referenced project subject to those certain conditions specified in Paragraph I, II, III of the Findings of Fact, to which the applicant has agreed.

PROVIDED, the applicant shall build substantially in accordance with the plans entitled "Miami Beach Convention Center Hotel Final Submittal", as designed by **Arquitectonica Architecture and Interior Design**, dated, signed, and sealed 2019.07.02, and as approved by the Design Review Board, as determined by staff.

No building permit may be issued unless and until all conditions of approval that must be satisfied prior to permit issuance as set forth in this Order have been met. The issuance of Design Review Approval does not relieve the applicant from obtaining all other required Municipal, County and/or State reviews and permits, including final zoning approval. If adequate handicapped access is not provided on the Board-approved plans, this approval does not mean that such handicapped access is not required.

When requesting a building permit, the plans submitted to the Building Department for permit shall be consistent with the plans approved by the Board, modified in accordance with the conditions set forth in this Order. No building permit may be issued unless and until all conditions of approval that must be satisfied prior to permit issuance, as set forth in this Order, have been met.

The issuance of the approval does not relieve the applicant from obtaining all other required Municipal, County and/or State reviews and permits, including final zoning approval. If adequate handicapped access is not provided on the Board-approved plans, this approval does not mean that such handicapped access is not required. When requesting a building permit,

the plans submitted to the Building Department for permit shall be consistent with the plans approved by the Board, modified in accordance with the conditions set forth in this Order.

If the Full Building Permit for the project is not issued within eighteen (18) months of the meeting date at which the original approval was granted, the application will expire and become null and void, unless the applicant makes an application to the Board for an extension of time, in accordance with the requirements and procedures of Chapter 118 of the City Code; the granting of any such extension of time shall be at the discretion of the Board. If the Full Building Permit for the project should expire for any reason (including but not limited to construction not commencing and continuing, with required inspections, in accordance with the applicable Building Code), the application will expire and become null and void.

In accordance with Chapter 118 of the City Code, the violation of any conditions and safeguards that are a part of this Order shall be deemed a violation of the land development regulations of the City Code. Failure to comply with this **Order** shall subject the application to Chapter 118 of the City Code, for revocation or modification of the application.

Dated this 15th day of July, 2019.

DESIGN REVIEW BOARD
THE CITY OF MIAMI BEACH, FLORIDA

BY: *James G. Murphy*
JAMES G. MURPHY
CHIEF OF URBAN DESIGN
FOR THE CHAIR
