

MIAMI BEACH

PLANNING DEPARTMENT

Staff Report & Recommendation

Historic Preservation Board

TO: Chairperson and Members
Historic Preservation Board

FROM: Thomas R. Mooney, AICP
Planning Director 

SUBJECT: HPB19-0342, **801 Lincoln Road.**

DATE: November 6, 2019

An application has been filed requesting a Certificate of Appropriateness for modifications to the Lincoln Road and Meridian Avenue facades.

STAFF RECOMMENDATION

Approval of the Certificate of Appropriateness with conditions

EXISTING SITE

Local Historic District:	Flamingo Park
Classification:	Contributing
Original Construction Date:	1929
Original Architect:	Russell Pancoast

Lincoln Road Façade Modernization:	1939
Architect:	Russell Pancoast

Lincoln Lane Addition:	2018
Architect:	Shulman + Associates

ZONING / SITE DATA

Legal Description:	East ½ of Lot 1, Block 36, of the Golf Course Subdivision Amended Plat, according to the plat thereof, recorded in plat book 6, page 26 of the Public Records of Miami-Dade County, Florida.
--------------------	--

Zoning:	CD-3, Commercial, high intensity
Future Land Use Designation:	CD-3, Commercial, high intensity

Existing Use/Condition:	Commercial
Proposed Use:	No change

THE PROJECT

The applicant has submitted plans entitled "801 Lincoln Road", prepared by MAK work, dated August 19, 2019.

COMPLIANCE WITH ZONING CODE

A preliminary review of the project indicates that the application, as proposed, appears to be consistent with the City Code.

The above noted comments shall not be considered final zoning review or approval. These and all zoning matters shall require final review and verification by the Zoning Administrator prior to the issuance of a Building Permit.

CONSISTENCY WITH 2025 COMPREHENSIVE PLAN

A preliminary review of the project indicates that the proposed **existing commercial** use is **consistent** with the Future Land Use Map of the Comprehensive Plan.

COMPLIANCE WITH SEA LEVEL RISE AND RESILIENCY REVIEW CRITERIA

Section 133-50(a) of the Land Development establishes review criteria for sea level rise and resiliency that must be considered as part of the review process for board orders. The following is an analysis of the request based upon these criteria:

- (1) A recycling or salvage plan for partial or total demolition shall be provided.
Not Satisfied
A recycling or salvage plan for has not been provided.
- (2) Windows that are proposed to be replaced shall be hurricane proof impact windows.
Satisfied
- (3) Where feasible and appropriate, passive cooling systems, such as operable windows, shall be provided.
Not Applicable
- (4) Resilient landscaping (salt tolerant, highly water-absorbent, native or Florida friendly plants) shall be provided, in accordance with Chapter 126 of the City Code.
Not Applicable
- (5) The project applicant shall consider the adopted sea level rise projections in the Southeast Florida Regional Climate Action Plan, as may be revised from time-to-time by the Southeast Florida Regional Climate Change Compact. The applicant shall also specifically study the land elevation of the subject property and the elevation of surrounding properties.
Not Applicable
- (6) The ground floor, driveways, and garage ramping for new construction shall be adaptable to the raising of public rights-of-ways and adjacent land and shall provide sufficient height and space to ensure that the entry ways and exits can be modified to accommodate a higher street height of up to three (3) additional feet in height.
Not Applicable
- (7) In all new projects, all critical mechanical and electrical systems shall be located above base flood elevation. Due to flooding concerns, all redevelopment projects shall, whenever practicable, and economically reasonable, move all critical mechanical and electrical systems to a location above base flood elevation.
Not Applicable

- (8) Existing buildings shall be, where reasonably feasible and economically appropriate, elevated up to base flood elevation, plus City of Miami Beach Freeboard.
Not Applicable
- (9) When habitable space is located below the base flood elevation plus City of Miami Beach Freeboard, wet or dry flood proofing systems will be provided in accordance with Chapter of 54 of the City Code.
Not Applicable
- (10) In all new projects, water retention systems shall be provided.
Not Applicable
- (11) Cool pavement materials or porous pavement materials shall be utilized.
Not Applicable
- (12) The project design shall minimize the potential for a project causing a heat island effect on site.
Not Applicable

COMPLIANCE WITH CERTIFICATE OF APPROPRIATENESS CRITERIA

A decision on an application for a Certificate of Appropriateness shall be based upon the following:

- I. Evaluation of the compatibility of the physical alteration or improvement with surrounding properties and where applicable, compliance with the following criteria pursuant to Section 118-564(a)(1) of the Miami Beach Code (it is recommended that the listed criteria be found Satisfied, Not Satisfied or Not Applicable, as so noted):
 - a. The Secretary of Interior's Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings as revised from time to time.
Satisfied
 - b. Other guidelines/policies/plans adopted or approved by Resolution or Ordinance by the City Commission.
Satisfied
- II. In determining whether a particular application is compatible with surrounding properties, the Board shall consider the following criteria pursuant to Section 118-564(a)(2) of the Miami Beach Code (it is recommended that the listed criteria be found Satisfied, Not Satisfied or Not Applicable, as so noted):
 - a. Exterior architectural features.
Not Satisfied
The proposed signage plan will result in continued damage to the 1939 marble façade.
 - b. General design, scale, massing and arrangement.
Satisfied
 - c. Texture and material and color.
Not Satisfied

The proposed signage plan will result in continued damage to the 1939 marble façade.

- d. The relationship of a, b, c, above, to other structures and features of the district.
Satisfied
- e. The purpose for which the district was created.
Satisfied
- f. The relationship of the size, design and siting of any new or reconstructed structure to the landscape of the district.
Satisfied
- g. An historic resources report, containing all available data and historic documentation regarding the building, site or feature.
Satisfied
- h. The original architectural design or any subsequent modifications that have acquired significance.
Satisfied

III. The examination of architectural drawings for consistency with the criteria pursuant to Section 118-564(a)(3) of the Miami Beach Code and stated below, with regard to the aesthetics, appearances, safety, and function of any new or existing structure, public interior space and physical attributes of the project in relation to the site, adjacent structures and properties, and surrounding community. The criteria referenced above are as follows (it is recommended that the listed criteria be found Satisfied, Not Satisfied or Not Applicable, as so noted):

- a. The location of all existing and proposed buildings, drives, parking spaces, walkways, means of ingress and egress, drainage facilities, utility services, landscaping structures, signs, and lighting and screening devices.
Satisfied
- b. The dimensions of all buildings, structures, setbacks, parking spaces, floor area ratio, height, lot coverage and any other information that may be reasonably necessary to determine compliance with the requirements of the underlying zoning district, and any applicable overlays, for a particular application or project.
Satisfied
- c. The color, design, surface finishes and selection of landscape materials and architectural elements of the exterior of all buildings and structures and primary public interior areas for developments requiring a building permit in areas of the city identified in section 118-503.
Not Satisfied
The proposed signage plan will result in continued damage to the 1939 marble façade.
- d. The proposed structure, and/or additions to an existing structure is appropriate to and compatible with the environment and adjacent structures, and enhances the

appearance of the surrounding properties, or the purposes for which the district was created.

Satisfied

- e. The design and layout of the proposed site plan, as well as all new and existing buildings and public interior spaces shall be reviewed so as to provide an efficient arrangement of land uses. Particular attention shall be given to safety, crime prevention and fire protection, relationship to the surrounding neighborhood, impact on preserving historic character of the neighborhood and district, contiguous and adjacent buildings and lands, pedestrian sight lines and view corridors.

Satisfied

- f. Pedestrian and vehicular traffic movement within and adjacent to the site shall be reviewed to ensure that clearly defined, segregated pedestrian access to the site and all buildings is provided for and that any driveways and parking spaces are usable, safely and conveniently arranged and have a minimal impact on pedestrian circulation throughout the site. Access to the site from adjacent roads shall be designed so as to interfere as little as possible with vehicular traffic flow on these roads and pedestrian movement onto and within the site, as well as permit both pedestrians and vehicles a safe ingress and egress to the site.

Satisfied

- g. Lighting shall be reviewed to ensure safe movement of persons and vehicles and reflection on public property for security purposes and to minimize glare and reflection on adjacent properties and consistent with a City master plan, where applicable.

Satisfied

- h. Landscape and paving materials shall be reviewed to ensure an adequate relationship with and enhancement of the overall site plan design.

Satisfied

- i. Buffering materials shall be reviewed to ensure that headlights of vehicles, noise, and light from Structures are adequately shielded from public view, adjacent properties and pedestrian areas.

Satisfied

- j. Any proposed new structure shall have an orientation and massing which is sensitive to and compatible with the building site and surrounding area and which creates or maintains important view corridor(s).

Not Applicable

- k. All buildings shall have, to the greatest extent possible, space in that part of the ground floor fronting a sidewalk, street or streets which is to be occupied for residential or commercial uses; likewise, the upper floors of the pedestal portion of the proposed building fronting a sidewalk street, or streets shall have residential or commercial spaces, or shall have the appearance of being a residential or commercial space or shall have an architectural treatment which shall buffer the appearance of a parking structure from the surrounding area and is integrated with the overall appearance of the project.

Satisfied

- l. All buildings shall have an appropriate and fully integrated rooftop architectural treatment which substantially screens all mechanical equipment, stairs and elevator towers.

Not Applicable

- m. Any addition on a building site shall be designed, sited and massed in a manner which is sensitive to and compatible with the existing improvement(s).

Not Applicable

- n. All portions of a project fronting a street or sidewalk shall incorporate an amount of transparency at the first level necessary to achieve pedestrian compatibility.

Satisfied

- o. The location, design, screening and buffering of all required service bays, delivery bays, trash and refuse receptacles, as well as trash rooms shall be arranged so as to have a minimal impact on adjacent properties.

Not Applicable

CERTIFICATE OF APPROPRIATENESS FOR DEMOLITION EVALUATION CRITERIA

Section 118-564 (f)(4) of the Land Development Regulations of the Miami Beach Code provides criteria by which the Historic Preservation Board evaluates requests for a Certificate of Appropriateness for Demolition. The following is an analysis of the request based upon these criteria:

- a. The Building, Structure, Improvement, or Site is designated on either a national or state level as a part of an Historic Preservation District or as a Historic Architectural Landmark or Site, or is designated pursuant to Division 4, Article X, Chapter 118 of the Miami Beach Code as a Historic Building, Historic Structure or Historic Site, Historic Improvement, Historic Landscape Feature, historic interior or the Structure is of such historic/architectural interest or quality that it would reasonably meet national, state or local criteria for such designation.

Satisfied

The existing structure is located within the Flamingo Park Local Historic District.

- b. The Building, Structure, Improvement, or Site is of such design, craftsmanship, or material that it could be reproduced only with great difficulty and/or expense.

Satisfied

The existing structure is of such design, craftsmanship, or material that it could be reproduced only with great difficulty and/or expense.

- c. The Building, Structure, Improvement, or Site is one of the last remaining examples of its kind in the neighborhood, the country, or the region, or is a distinctive example of an architectural or design style which contributes to the character of the district.

Satisfied

The existing structure is one of the last remaining examples of its kind and does contribute to the character of the district.

- d. The building, structure, improvement, or site is a contributing building, structure, improvement, site or landscape feature rather than a noncontributing building, structure,

improvement, site or landscape feature in a historic district as defined in section 114-1, or is an architecturally significant feature of a public area of the interior of a historic or contributing building.

Satisfied

The existing structure is designated as a Contributing building in the Miami Beach Historic Properties Database.

- e. Retention of the Building, Structure, Improvement, Landscape Feature or Site promotes the general welfare of the City by providing an opportunity for study of local history, architecture, and design or by developing an understanding of the importance and value of a particular culture and heritage.

Satisfied

The retention of the subject structure is critical to developing an understanding of an important Miami Beach architectural style.

- f. If the proposed demolition is for the purpose of constructing a parking garage, the Board shall consider it if the parking garage is designed in a manner that is consistent with the Secretary of the Interior's Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings, U.S. Department of the Interior (1983), as amended, and/or the design review guidelines for that particular district.

Not Applicable

The demolition proposed is not for the purpose of constructing a parking garage.

- g. In the event an applicant or property owner proposes the total demolition of a contributing structure, historic structure or architecturally significant feature, there shall be definite plans presented to the board for the reuse of the property if the proposed demolition is approved and carried out.

Not Applicable

The applicant is not proposing the total demolition of the building.

- h. The Miami-Dade County Unsafe Structures Board has ordered the demolition of a structure without option.

Not Applicable

The Miami-Dade County Unsafe Structures Board has not ordered the demolition of a structure without option.

STAFF ANALYSIS

The subject building was originally constructed in 1929 and designed by architect Russell Pancoast in the Art Deco style of architecture. Examination of historical documentation and as-built conditions reveals an extensive history of storefront and facade modifications. In 1939, ten years after the structure was completed, the façade was modernized by Pancoast and clad in white marble. As outlined in the architect's excellent historic resources report, additional storefront alterations continued from the 1940's through the 1980's. In 1988, the entire building was renovated including the replacement of all storefront windows in a new configuration with kneewalls clad in black and white ceramic tile and new terrazzo thresholds within each bay.

The applicant is currently proposing to replace the existing 1988 storefronts with a new storefront system consisting of clear glass impact windows with clear anodized aluminum framing, 10" tall marble clad keewalls and new white terrazzo in the entry thresholds.

The configuration of the proposed storefronts within each bay consists of a centered double door recessed approximately 3'-0" from the building face and storefront windows to either side which angle in from the exterior columns to meet the door. Staff has no objection to the design and configuration of the proposed storefront windows which recall the 1939 tapered vestibule configuration, while being clearly distinguishable as a modern intervention.

Additionally, the applicant is proposing to re-enclose the corner of the building with storefront windows and doors. Staff is extremely supportive of the re-enclosure of this space as the existing open corner design, with free standing columns, has had an adverse impact on the Contributing Art Deco structure.

Finally, the upper marble façade is proposed to be patched and repaired after decades of signage replacements and a new tenant signage program is proposed to be implemented. As submitted, the new signage is proposed to be directly pin mounted through the delicate marble cladding. In order to avoid further damage to the 1939 material, staff recommends that a signage rail be introduced above each retail bay which would allow for signs to be attached to the rail and not the marble. Staff would note that a similar signage program has been successfully implemented at the 818 Lincoln Road Building located across the street, as shown in the example below.

818 Lincoln Road

RECOMMENDATION

In view of the foregoing analysis and the inconsistencies with the aforementioned Certificate of Appropriateness criteria, staff recommends the application be approved subject to the conditions enumerated in the attached draft Order.

HISTORIC PRESERVATION BOARD
City of Miami Beach, Florida

MEETING DATE: November 6, 2019

FILE NO: HPB19-0342

PROPERTY: 801 Lincoln Road

APPLICANT: PPF MBL Portfolio, LLC

LEGAL: East ½ of Lot 1, Block 36, of the Golf Course Subdivision Amended Plat, according to the plat thereof, recorded in plat book 6, page 26 of the Public Records of Miami-Dade County, Florida.

IN RE: The application for a Certificate of Appropriateness for modifications to the Lincoln Road and Meridian Avenue facades.

ORDER

The City of Miami Beach Historic Preservation Board makes the following FINDINGS OF FACT, based upon the evidence, information, testimony and materials presented at the public hearing and which are part of the record for this matter:

I. Certificate of Appropriateness

- A. The subject site is located within the Flamingo Park Local Historic District.
- B. Based on the plans and documents submitted with the application, testimony and information provided by the applicant, and the reasons set forth in the Planning Department Staff Report, the project as submitted:
 - 1. Is not consistent with Sea Level Rise and Resiliency Review Criteria (1) in Section 133-50(a) of the Miami Beach Code.
 - 2. Is consistent with the Certificate of Appropriateness Criteria in Section 118-564(a)(1) of the Miami Beach Code.
 - 3. Is not consistent with Certificate of Appropriateness Criteria 'a' & 'c' in Section 118-564(a)(2) of the Miami Beach Code.
 - 4. Is not consistent with Certificate of Appropriateness Criteria 'c' in Section 118-564(a)(3) of the Miami Beach Code.
 - 5. Is consistent with Certificate of Appropriateness Criteria in Section 118-564(f)(4) of the Miami Beach Code.
- C. The project would be consistent with the criteria and requirements of section 118-564 and 133-50(a) if the following conditions are met:

1. Revised elevation, site plan and floor plan drawings shall be submitted and, at a minimum, such drawings shall incorporate the following:
 - a. All existing signage located on the upper marble façade shall be removed and the marble shall be patched and repaired under the supervision of a materials conservator, in a manner to be reviewed and approved by staff consistent with the Certificate of Appropriateness Criteria and/or the directions from the Board.
 - b. The signage plan shall be further developed to include signage rails which will allow for signage to be attached directly to the rail and not the marble façade, in a manner to be reviewed and approved by staff consistent with the Certificate of Appropriateness Criteria and/or the directions from the Board. No signage shall be permitted to be attached directly to the marble façade.
 - c. All new signage shall be consistent in type, finish/color and placement, in a manner to be reviewed and approved by staff consistent with the Certificate of Appropriateness Criteria and/or the directions from the Board.
 - d. Final design and details of the proposed storefront systems shall be submitted, in a manner to be reviewed and approved by staff consistent with the Certificate of Appropriateness Criteria and/or the directions from the Board.
 - e. Final details of all exterior surface finishes and materials, including samples, shall be submitted, in a manner to be reviewed and approved by staff consistent with the Certificate of Appropriateness Criteria and/or the directions from the Board.
 - f. All interior fixtures, including, but not limited to, shelving, partitions, and checkout counters, shall be setback a minimum of five (5'-0") feet from the Lincoln Road and Meridian Avenue facades, in a manner to be reviewed and approved by staff consistent with the Certificate of Appropriateness Criteria and/or the directions from the Board. This shall not prohibit substantially transparent fixtures for display purposes only.

In accordance with Section 118-537, the applicant, the owner(s) of the subject property, the City Manager, Miami Design Preservation League, Dade Heritage Trust, or an affected person may appeal the Board's decision on a Certificate of Appropriateness to a special master appointed by the City Commission.

II. Variance(s)

- A. No variances have been applied for as part of this application.

The decision of the Board regarding variances shall be final and there shall be no further review thereof except by resort to a court of competent jurisdiction by petition for writ of certiorari.

III. General Terms and Conditions applying to both 'I. Certificate of Appropriateness' and 'II. Variances' noted above.

- A. The applicant agrees and shall be required to provide access to areas subject to this approval (not including private residences or hotel rooms) for inspection by the City (i.e.: Planning, Code Compliance, Building Department, Fire Safety), to ensure compliance with the plans approved by the Board and conditions of this order.
- B. The relocation of any tree shall be subject to the approval of the Environment & Sustainability Director and/or Urban Forester, as applicable.
- C. Where one or more parcels are unified for a single development, the property owner shall execute and record a unity of title or a covenant in lieu of unity of title, as may be applicable, in a form acceptable to the City Attorney.
- D. A copy of all pages of the recorded Final Order shall be scanned into the plans submitted for building permit, and shall be located immediately after the front cover page of the permit plans.
- E. The Final Order shall be recorded in the Public Records of Miami-Dade County, prior to the issuance of a Building Permit.
- F. Satisfaction of all conditions is required for the Planning Department to give its approval on a Certificate of Occupancy; a Temporary Certificate of Occupancy or Partial Certificate of Occupancy may also be conditionally granted Planning Departmental approval.
- G. The Final Order is not severable, and if any provision or condition hereof is held void or unconstitutional in a final decision by a court of competent jurisdiction, the order shall be returned to the Board for reconsideration as to whether the order meets the criteria for approval absent the stricken provision or condition, and/or it is appropriate to modify the remaining conditions or impose new conditions.
- H. The conditions of approval herein are binding on the applicant, the property's owners, operators, and all successors in interest and assigns.
- I. Nothing in this order authorizes a violation of the City Code or other applicable law, nor allows a relaxation of any requirement or standard set forth in the City Code.
- J. Upon the issuance of a final Certificate of Occupancy or Certificate of Completion, as applicable, the project approved herein shall be maintained in accordance with the plans approved by the board, and shall be subject to all conditions of approval herein, unless otherwise modified by the Board. Failure to maintain shall result in the issuance of a Code Compliance citation, and continued failure to comply may result in revocation of the Certificate of Occupancy, Completion and Business Tax Receipt.

IT IS HEREBY ORDERED, based upon the foregoing findings of fact, the evidence, information, testimony and materials presented at the public hearing, which are part of the record for this matter, and the staff report and analysis, which are adopted herein, including the staff recommendations, which were amended and adopted by the Board, that the application is

GRANTED for the above-referenced project subject to those certain conditions specified in Paragraph I, II,III of the Findings of Fact, to which the applicant has agreed.

PROVIDED, the applicant shall build substantially in accordance with the plans entitled **"801 Lincoln Road", prepared by MAK work, dated August 19, 2019**, as approved by the Historic Preservation Board, as determined by staff.

When requesting a building permit, the plans submitted to the Building Department for permit shall be consistent with the plans approved by the Board, modified in accordance with the conditions set forth in this Order. No building permit may be issued unless and until all conditions of approval that must be satisfied prior to permit issuance, as set forth in this Order, have been met.

The issuance of the approval does not relieve the applicant from obtaining all other required Municipal, County and/or State reviews and permits, including final zoning approval. If adequate handicapped access is not provided on the Board-approved plans, this approval does not mean that such handicapped access is not required. When requesting a building permit, the plans submitted to the Building Department for permit shall be consistent with the plans approved by the Board, modified in accordance with the conditions set forth in this Order.

If the Full Building Permit for the project is not issued within eighteen (18) months of the meeting date at which the original approval was granted, the application will expire and become null and void, unless the applicant makes an application to the Board for an extension of time, in accordance with the requirements and procedures of Chapter 118 of the City Code; the granting of any such extension of time shall be at the discretion of the Board. If the Full Building Permit for the project should expire for any reason (including but not limited to construction not commencing and continuing, with required inspections, in accordance with the applicable Building Code), the application will expire and become null and void.

In accordance with Chapter 118 of the City Code, the violation of any conditions and safeguards that are a part of this Order shall be deemed a violation of the land development regulations of the City Code. Failure to comply with this **Order** shall subject the application to Chapter 118 of the City Code, for revocation or modification of the application.

Dated this _____ day of _____, 20____.
