**Not Applicable**

- (5) The project applicant shall consider the adopted sea level rise projections in the Southeast Florida Regional Climate Action Plan, as may be revised from time-to-time by the Southeast Florida Regional Climate Change Compact. The applicant shall also specifically study the land elevation of the subject property and the elevation of surrounding properties.

**Not Applicable**

- (6) The ground floor, driveways, and garage ramping for new construction shall be adaptable to the raising of public rights-of-ways and adjacent land and shall provide sufficient height and space to ensure that the entry ways and exits can be modified to accommodate a higher street height of up to three (3) additional feet in height.

**STAFF ANALYSIS:**

**DESIGN REVIEW**

The original kiosk design featured a chartreuse green color with a graphic of a circular wheel design, which was a signature design element of the Deco Bike identity. Since the rebranding to Citibike, the kiosks have been modified to reflect the new identity and message transmitted via the brand name, logo, style and visuals. The applicant is seeking to modify the original design and continue with the current blue design scheme. Staff has no design concerns with the deletion of the two conditions of the original Final Order.

**RECOMMENDATION:**

In view of the foregoing analysis, staff recommends the application be **approved**, subject to the conditions enumerated in the attached Draft Order, which address the inconsistencies with the aforementioned Design Review criteria.
