

RESOLUTION NO.

A RESOLUTION OF THE MAYOR AND CITY COMMISSION OF THE CITY OF MIAMI BEACH, FLORIDA, ACCEPTING THE WRITTEN RECOMMENDATION OF THE CITY MANAGER (AS FURTHER SET FORTH IN THE CITY COMMISSION MEMORANDUM ACCOMPANYING THIS RESOLUTION) AND WAIVING, BY 5/7THS VOTE, THE FORMAL COMPETITIVE BIDDING REQUIREMENTS, FINDING SUCH WAIVER TO BE IN THE CITY'S BEST INTEREST, AND AUTHORIZING THE PURCHASE OF SD-42 IRONSITE SERIES LITTER RECEPTACLES FROM SITE HORIZONS, LLC., THE SOLE AUTHORIZED DISTRIBUTOR OF VICTOR STANLEY LITTER RECEPTACLES IN THE STATE OF FLORIDA, FOR PURPOSES OF STANDARDIZING LITTER RECEPTACLES CITYWIDE, IN AN AMOUNT NOT TO EXCEED \$240,000 ANNUALLY, FOR A PERIOD OF THREE (3) YEARS.

WHEREAS, the Sanitation Division has been using Victor Stanley, Inc. litter receptacles since 2004; and

WHEREAS, on September 10, 2014, the Mayor and City Commission approved Resolution No. 2014-28734, authorizing the purchase of SD-42 Ironsite series litter receptacles from Victor Stanley, Inc.; and

WHEREAS, the City began replacing the older model receptacles with the new SD-42 model during Fiscal Year 2013-14, which model has various upgrade options; and

WHEREAS, at the present time, the City has 1,169 SD-42 Ironsite series litter receptacles Citywide; and

WHEREAS, a Hot Dip Galvanizing (HDG) process is completed on the SD-42 Ironsite series litter receptacles, which results in a surface that is resistant to rust and thus extends the life expectancy to 3-5 years; and

WHEREAS, Site Horizons, LLC, the sole authorized distributor of Victor Stanley litter receptacles in the State of Florida, has extended to the City a 10% discount in connection with the purchase of new litter receptacles; and

WHEREAS, due to the extended life expectancy of the Victor Stanley SD-42 Ironsite series litter receptacles, the discount extended to the City, and the various upgrade options associated with the new SD-42 Ironsite model, the City Manager recommends the continued use of the SD-42 Ironsite series litter receptacles, and waiver of the competitive bidding requirements with respect to additional purchases of litter receptacles, as being in the best interest of the City.

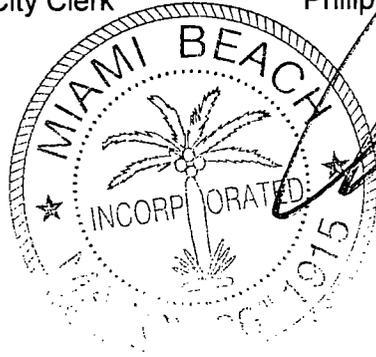

NOW, THEREFORE, BE IT DULY RESOLVED BY THE MAYOR AND CITY COMMISSION OF THE CITY OF MIAMI BEACH, FLORIDA, that the Mayor and the City Commission hereby accept the written recommendation of the City Manager (as further set forth in the City Commission memorandum accompanying this Resolution) and waive, by a 5/7th vote, the formal competitive bidding requirements, finding such waiver to be in the City's best interest, and authorize the purchase of SD-42 Ironsite Series Litter receptacles from Site Horizons, LLC., the sole authorized representative of Victor Stanley, Inc. for the State of Florida, for purposes of standardizing litter receptacles Citywide, in an amount not to exceed \$240,000 annually, for a period of three (3) years.

MIAMI BEACH

COMMISSION MEMORANDUM

TO: Honorable Mayor and Members of the City Commission
FROM: Jimmy L. Morales, City Manager
DATE: February 8, 2017

SUBJECT: A RESOLUTION OF THE MAYOR AND CITY COMMISSION OF THE CITY OF MIAMI BEACH, FLORIDA, ACCEPTING THE WRITTEN RECOMMENDATION OF THE CITY MANAGER (AS FURTHER SET FORTH IN THE CITY COMMISSION MEMORANDUM ACCOMPANYING THIS RESOLUTION) AND WAIVING, BY 5/7TH VOTE, THE FORMAL COMPETITIVE BIDDING REQUIREMENTS, FINDING SUCH WAIVER TO BE IN THE CITY'S BEST INTEREST, AND AUTHORIZING THE PURCHASE OF SD-42 IRONSITE SERIES LITTER RECEPTACLES FROM SITE HORIZONS, LLC., THE SOLE AUTHORIZED DISTRIBUTOR OF VICTOR STANLEY LITTER RECEPTACLES IN THE STATE OF FLORIDA, FOR PURPOSES OF STANDARDIZING LITTER RECEPTACLES CITYWIDE, IN AN AMOUNT NOT TO EXCEED \$240,000 ANNUALLY, FOR A PERIOD OF THREE (3) YEARS.

RECOMMENDATION

Adopt the Resolution.

ANALYSIS

In 2004, the Sanitation Division began to transition to the Victor Stanley litter receptacles due to their aesthetic, durability, and the fact that the Victor Stanley brand is the standard amongst many government agencies, including the City of Key West, Fort Lauderdale and Orlando. In 2014 the Sanitation Division looked to replace the older model receptacles with the new SD-42 model. The replacement of the older models was made possible by the approval of Resolution 2014-28734 by the Mayor and City Commission on September 10, 2014.

At the present time the City has 1,169 Victor Stanley SD-42 Ironsite series litter receptacles Citywide. In addition the City has 1,130 litter receptacles comprised of seven (7) different types. The cost of these receptacles ranges from \$150.72 to \$3,072. The current price extended to the City of Miami Beach for the SD-42 Ironsite series litter receptacles is \$1,384.40. This makes the price of these receptacles comparable and often favorable when compared to market prices for similar products.

The standardization of litter receptacles for the City would result in the replacement of the 1,130 litter receptacles. The estimated cost of replacing these receptacles is \$1,564,372. The maintenance of all litter receptacles currently in the City, as a result of the seven (7) difference

types, is currently budgeted at \$60,000 annually. After replacement, and as a result of the use of a Hot Dip Galvanizing (HDG) process used by Victor Stanley, the annual estimated cost of repairs is \$30,000. The Hot Dip Galvanizing (HDG) process extends the life expectancy to 3-5 years, therefore minimizing the need for frequent maintenance.

For over a decade, the Sanitation Division has been satisfied with the SD-42 Ironsite series litter receptacles from Site Horizons. The City is extended a 10% discount by Site Horizons for the purchase of SD-42 receptacles. Additionally, the SD-42 model has various upgrade options for the City if necessary. Moreover, for over 54 years Victor Stanley has been a worldwide leader in quality site furnishings. They meticulously design, engineer, and manufacture every detail to ensure their site furnishings will withstand the test of time. Thanks to their integrated designs and innovative use of materials and technology, they produce durable, strong, functional, and attractive site furnishings.

Due to the extended life expectancy of the Victor Stanley SD-42 Ironsite series litter receptacles as a result of the HDG treatment, the extended discount to the City, the various upgrade options available, and the savings to the budgeted maintenance of the litter receptacles, the City continues to utilize and further recommends the continued use of the SD-42 Ironsite series litter receptacles, from Site Horizons, LLC., the sole authorized sales representative of Victor Stanley, Inc.

CONCLUSION

Based on the foregoing, I recommend that the Mayor and City Commission adopt this resolution to waive, by a 5/7ths vote, the formal competitive bidding requirements, finding such a waiver to be in the City's best interest, and authorize the purchase of SD-42 Ironsite series litter receptacles from Site Horizons, LLC., the sole authorized representative of Victor Stanley, Inc. for the State of Florida, for purposes of standardizing litter receptacles Citywide, in an amount not to exceed \$240,000 annually, for a period of three (3) years.

KEY INTENDED OUTCOMES SUPPORTED

Improve Cleanliness In High Traffic Residential And Pedestrian Areas, Including Maximizing Deployment Of Trash Cans On Every Corner
