Staff Report & Recommendation

Historic Preservation Board

TO: Chairperson and Members
Historic Preservation Board

DATE: February 11, 2020

FROM: Thomas R. Mooney, AICP
Planning Director

SUBJECT: HPB19-0348, **1101 Washington Avenue.**

An application has been filed requesting a one (1) year extension of Time for a previously approved Certificate of Appropriateness (HPB17-0178) for the partial demolition and renovation of the Non-Contributing structure including design modifications to the primary facades.

STAFF RECOMMENDATION

Approval of the Extension of Time with conditions

BACKGROUND

On February 13, 2018, the Board reviewed and approved a Certificate of Appropriateness (HPB17-0178) for the partial demolition and renovation of the Non-Contributing structure including design modifications to the primary facades. Since that time, the applicant has not yet obtained the required building permit for the reasons set forth in the submitted letter of request.

Original Approval date:	February 13, 2018
Order expiration date:	August 13, 2019
New expiration date:	August 13, 2020

SITE DATA

Legal Description:	West 79.30 feet of Lot 8 and the west 50.00 feet of Lot 9, Block 29 of the Ocean Beach Addition No. 2, according to the plat thereof recorded in Plat Book 2, Pages 56 of the public records of Miami Dade County, Florida.
--------------------	-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

PROJECT

The approved project consists of the reconfiguration of the Washington Avenue and 11th Street facades of the Non-Contributing building and various site enhancements. A rendering of the approved project has been included on the following page.

ANALYSIS

Since the original approval of the application, no changes to the Land Development Regulations of the Miami Beach Code have been recommended or approved which would preclude the construction of this project if it were proposed today. In light of the fact that the applicant has encountered delays in the permitting of the project, staff has no objection to the granted of the

requested extension of time.

RECOMMENDATION

In view of the foregoing, staff recommends the request for an extension of time be **approved** for a period not to exceed one (1) year from the original approval expiration date, which expired on August 13, 2019, subject to the conditions enumerated in the attached draft Order.

IN RE: The application for a one (1) year extension of Time for a previously approved Certificate of Appropriateness (HPB17-0178) for the partial demolition and renovation of the Non-Contributing structure including design modifications to the primary facades.

ORDER

The City of Miami Beach Historic Preservation Board makes the following FINDINGS OF FACT, based upon the evidence, information, testimony and materials presented at the public hearing and which are part of the record for this matter:

The applicant stated, among other things, that there were delays encountered in the permitting process. The foregoing constitutes good cause for granting a one (1) year extension of time to the requirement that a Full Building Permit be obtained within eighteen (18) months of the original Certificate of Appropriateness.

IT IS HEREBY ORDERED, based upon the foregoing finding of fact and the staff report and analysis, which is adopted herein, including the recommendation, that a one (1) year extension of time to obtain a full building permit (which one year period shall run from the expiration date of the original approval, which is August 13, 2019) is GRANTED for the above-referenced project conditioned upon the following, to which the applicant has agreed:

1. A full building permit, not a foundation, shell permit or phased building permit, for the project shall be obtained by August 13, 2020.
2. Construction shall commence and continue in accordance with the applicable Building Code.
3. This extension of time shall run concurrent with any other extensions of time that may be provided to the property owner as a result of actions of non-City authorities with jurisdiction over such matters.
4. The subject site and existing site shall be maintained in good, clean, and secure conditions at all times.
5. The Final Order is not severable, and if any provision or condition hereof is held void or unconstitutional in a final decision by a court of competent jurisdiction, the order shall be

Meeting Date: February 11, 2020

returned to the Board for reconsideration as to whether the order meets the criteria for approval absent the stricken provision or condition, and/or it is appropriate to modify the remaining conditions or impose new conditions.

6. Nothing in this order authorizes a violation of the City Code or other applicable law, nor allows a relaxation of any requirement or standard set forth in the City Code.
7. Where one or more parcels are unified for a single development, the property owner shall execute and record an unity of title or a covenant in lieu of unity of title, as may be applicable, in a form acceptable to the City Attorney.

No building permit may be issued unless and until all conditions of approval that must be satisfied prior to permit issuance as set forth in this Order and the Order for the February 13, 2018 approval has been met. The issuance of a Certificate of Appropriateness does not relieve the applicant from obtaining all other required Municipal, County and/or State reviews and permits, including final zoning approval. If adequate handicapped access is not provided on the Board-approved plans, this approval does not mean that such handicapped access is not required.

When requesting a building permit, the plans submitted to the Building Department for permit shall be consistent with the plans approved by the Board, modified in accordance with the conditions set forth in this Order and the Final Order for the February 13, 2018 meeting. If the Full Building Permit is not issued by August 13, 2020, the Certificate of Appropriateness will expire and become null and void. If the Full Building Permit should expire for any reason (including but not limited to construction not commencing and continuing, with required inspections, in accordance with the applicable Building Code), the Certificate of Appropriateness will expire and become null and void.
