

Private School Quality IN YOUR NEIGHBORHOOD PUBLIC SCHOOL

The City of Miami Beach is committed to ensuring their public schools are not only an outstanding option, but the very best choice within this vibrant tropical community. The city funds educational enhancements for children of all ages that are the very best available in the State of Florida. All programs provided by the city are FREE for every child.

A Global Perspective

All schools K-12 are International Baccalaureate (IB) World Schools and offer free STEM after-school enrichments in robotics, math and logic, 3D printing and more.

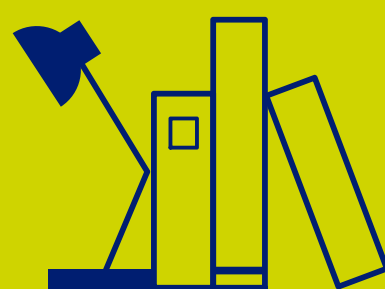

Getting Artsy

Cultural infusion through the STEAM Plus initiative brings local artists/musicians into the classrooms and kids get their "rock on" with partnerships that expand instrument access, training and performance opportunities.

Support Network

Math and reading interventionists offer in school tutoring for all youth, and a robust youth job fair provides employment to high school students locally.

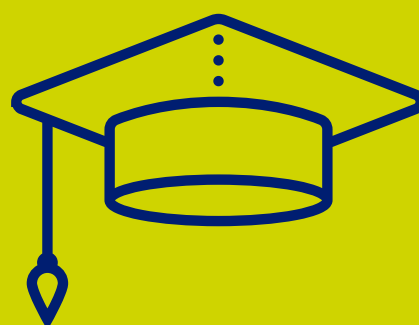

Health Matters

An on-site nurse is accessible every school day and peace of mind is provided by mental health professionals with school wide ADL No Place for Hate anti-bullying infusion.

College Bound

Known for a robust gifted program and AP class options, both the high school and middle school provide the most expansive and free college dual enrollment classes than any other traditional high school in the State with free college prep programming accessible to all, including mock testing experiences.

Parental Involvement

Schools designated as National Schools of Excellence through the national PTA with several parental organizations funding additional programming.
