

Hi Commissioner -
Here is the resolution from FPNA.

Sorry about the kids in the background! Do you want to work together on the Memo for the discussion item?

Subject: Resolution

Matthew

See the resolution below that I'll forward to the Commission. I normally include the Agenda item number when I do, but not sure when this will be taken up. Do you know when it will be discussed at either a Commission or Committee meeting?

The Flamingo Park Neighborhood Association unanimously supports the concept of "Slow Streets" in the Flamingo Park Neighborhood as it was presented to us at our July 6 meeting. We look forward to taking part in further discussions on this concept which seeks to reduce traffic volume and speed to a minimum so that people can walk, bike, and run safely.
