ED+A 201202

Mr. Rauh,

Arpeggio, LLC has informed ED+A of a typographical error in our Entertainment Noise Study, dated August 27, 2020. The table below has been prepared to ensure that all relevant data is documented as originally intended.

Average Sound Levels		
	LAeq	LCeq
Leq	63.5	73.3
Ld	63.8	72.5
Ln	63	74.3

This information has already been provided to Arpeggio, LLC at their request. Please contact ED+A with any additional questions or comments.
