Tom,

Please see the resolution below which was passed unanimously by the Flamingo Park Neighborhood Association at its November 2nd meeting and forward same to members of the Board of Adjustment.

Thank you

The Flamingo Park Neighborhood Association is in full support of Publix Supermarket's plan to incorporate a pharmacy into their store at 1100 6th street, inclusive of all variances requested. We feel this will give neighborhood residents an added convenience while they do their grocery shopping as well as provide more competition (and lower prices) for their prescription drugs.

To whom it may concern,

As a resident of Miami beach and I also work in the area of South Beach, I would really appreciate the opening of an RX on the Publix on 5th and Alton. As a customer of this Publix a pharmacy would be very convenient for my needs.

Kind Regards,

To Whom It May Concern,

Pharmacy located in our neighborhood Publix Store

I have lived in the South of Fifth neighborhood for almost seventeen years. Until the opening of the Publix Store at Alton and 6th Street in 2009, I had to drive all the way the 20th Street to do my grocery shopping.

I was very happy when Publix opened a store in our neighborhood, which has simplified my life, however, the only thing missing was a pharmacy. I support the opening of a pharmacy in our local grocery store.

Thank you for considering the opening of a pharmacy in our neighborhood Publix store.

Kind regards,

Rhianon

To Whom It May Concern,

My family have lived in South Beach for sixteen years. We have shopped at the Publix Store located at Alton Road and Sixth Street since it opened in the fall of 2009.

We support the proposed opening of a pharmacy in our grocery store. This will streamline our household shopping and save us time. It should also foster more competitive pricing and help consumers save money.

Thank you for your kind attention to this matter, and I hope that you decide in favor of a pharmacy opening in our neighborhood Publix store.

Sincerely,

Edward H. Gomez
