Miami Beach, July 7 2020

To: Mayor Dan Gelber
Members of the City Commission
City Of Miami Beach.

Dear Mr. Gelber:

The Georgian Condo Association has received a number of complaints from our residents about the loud music coming from the 9Beach Latin restaurant

The complaints state that the music is so loud that is interrupting the ability of residents to sleep and also conduct daily activities.

At night the music does not stop until the restaurant closes . Of course now due to the current curfew the music stops at 10pm but again restarts when they open.

We respectfully request that Code Enforcement ensure the noise level is in compliance with city noise ordinances

Sincerely,

Board of Directors

The Georgian Condominium
Association, Inc.
