Subject: Jet skis hell

Mr Mayor, Mrs and Mr Commissioner

I know these are tough times but life goes on right? We will get out of this. I am living on Biscayne Point Island, in front of Normandy

For the last few years we are seeing more and more jet skis speeding between the islands. And making rodeos just a few feet away from the houses with the noise of their powerful engines... Due to the increase of cases, despite the few marine patrols in the area, it is going worse and worse.

I discovered there is a rental point just at 7425 Gary Ave on Parkview Island: "Miami VIP Yacht Rentals North Bay Village". Obviously the owner does not ask his customers to respect the marine rules, and the slow speed out of the bay... We have daily dolphins here and manatees. They are feeding here and for sure are disturbed by the jetskis. I have a movie of the last manatee 2 weeks away.

Actually it's the only commercial point in our residential neighborhood. I don't even know how they are allowed to have a commercial activity here.

I talked with several neighbors here who are upset. Some of them shout at the jetskis to slow down but who cares...

We would greatly appreciate it if you could solve this issue.

Sincerely
