

Hi [REDACTED]:

Hope all is well with you during these crazy times!

Scott Diffenderfer and I spoke earlier today about the 16 Island Fan noise issue and I would love to discuss it with you.

I have spent almost two years trying to work this issue out (with the building president, manager, code dept, building dept, inspector general) and it seems as though there is a very simple way to handle it. As President of the Board of 11 Island, I receive complaints about this issue daily – from both residents of our building as well as area buildings.

I would very much appreciate your help and support to create and implement a solution for this problem so that we do not have to sue our neighbors.

I can be reached via cell at 305-799-7912.

Thanks so much,

[REDACTED]
