Field Date 10/01/20 Scale: 1"=20' Drawn by: D.G. Dwg. No. 20-22303

- NOTE:
- All clearances and/or encroachments shown hereon are of the apparent physical use, fence legal ownership not determined.
 - The issue of this survey is only for the exclusive and specific use of those persons, parties or institutions in the certification.
 - Code restrictions and title search not reflected in this survey
 - Underground utilities, improvements, footings and encroachments, if any not located.
 - The flood information shown hereon does not imply that the subject property will or will not be free from flooding or damage and does not create liability on the part of the firm or employee thereof, for any damage that occurs from reliance on said information.
 - Lands depicted hereon were surveyed per legal description provided by client and no claims as to ownership or matters of title are made or implied.

- All roads shown hereon are public unless otherwise noted.
- No identification cap found on property corners unless otherwise noted.
- Distance along boundary are record and measured unless otherwise noted.
- The graphic portions of this document are intended to be displayed at the graphic/name scales as depicted. Said scale may be altered in reproductions and as such, should be considered when obtaining scaled data.
- Accuracy: The expected use of land as classified in the minimum technical standards (5J17-FAC), is "Suburban". The Minimum relative distance accuracy for the type of boundary survey is 1 foot in 7,500 feet. The accuracy obtained by measurement and calculation of a closed geometric figure was found to exceed this requirement.
- Contact the appropriate authorities prior to any design work or excavation on the herein described parcel for building, zoning information and utilities location.
