I was all for the park I even protested when they tried to remove the turtles my son was 11/2 yrs old. My concern was from before as it was been built, then seeing where the trees were going to be as opposed to cover for shade. I wrote and spoke to Commisioners going to park as well as Assitant architect and landscaping Dept and they disregarded. Sure enough my son burnt his fingers and I just stopped going. Even though I live across the street I don't go there or recommend to go during the sun shinning above. My son has autism and is now 6

Problem 1. By 8:30 am it is sooo hot you cannot use the slides or igloo

Problem 2. Trees were not growing water wasn't on. Trees dried up.

Problem 3 water hoses were put but Kids were playing with water hoses attach to trees. So they were removed, trees only grew a few leaves dried up.
