BACKGROUND

On November 9, 2016, the City Commission adopted Ordinance No. 2016-4052, amending the hours of operation, and location and use restrictions for alcoholic beverage establishments in the 41st Street corridor, which is generally bounded by 40th Street to the south and 42nd Street to the north, between Alton Road and Indian Creek. The Ordinance, in pertinent part, provided that alcoholic beverage establishments shall cease operations no later than 2:00 a.m. each night. The City Commission included an applicability clause, exempting from the 2:00 a.m. termination time any alcoholic beverage establishment with a valid business tax receipt (BTR) or land use board approval issued prior to August 23, 2016.

On November 2, 2021, pursuant to Resolution No. 2021-31824, the following ballot question was submitted to the City's voters:

Non-Binding, Straw Ballot Question: Citywide - Changing Alcoholic Beverage Establishments Sales/Consumption Termination Time

City law allows, subject to exceptions, the sale and consumption of alcoholic beverages at Alcoholic Beverage Establishments throughout the City, from 8:00 a.m. until 5:00 a.m. the following day.

Would you support changing this 5:00 a.m. termination time to 2:00 a.m. throughout the City, with specific locations and related restrictions and exceptions, to be determined by City Commission by Ordinance?

The ballot question was approved by 56.52% of the voters.

On January 12, 2022, a Special City Commission meeting was held to discuss the results of the straw ballot referendum and consider different options to implement the will of the voters.

ANALYSIS

The Middle Beach neighborhood is composed primarily of single-family homes and a small number of low to high intensity multifamily residential buildings. The neighborhood is adjacent to the 41st Street commercial corridor which consists of "CD-1 Commercial, Low Intensity" and "CD-3 Commercial, High Intensity" zoning districts. Within this neighborhood, residential uses are divided by the width of a street from the commercial districts.

The City Code permits certain nightlife uses within the CD-1 and CD-3 zoning districts, which, absent mitigation and appropriate regulation, could be incompatible with adjacent residential uses in the mid-beach neighborhood. Specifically, this includes large restaurants, stand-alone bars, outdoor food and beverage service, entertainment establishments, and dance halls, where alcoholic beverages are sold and consumed. The sale and consumption of alcoholic beverages during the early morning hours could be disruptive to residents, as related impacts generate undesirable noise, and results in increased calls for service to the Police and Fire Departments.

As mentioned in the background section of this report, in order to limit the potential impacts on residential uses, on November 9, 2016, the City adopted Ordinance No. 2016-4052, which limited the hours of operation of alcoholic beverage establishments along the 41st Street corridor, which is generally bounded by 40th Street to the south and 42nd Street to the north, between Alton Road and Indian Creek (See map attached to this report), with certain exceptions, to 2:00 A.M. Previously, establishments were permitted to remain open until 5:00 A.M. The exceptions included any valid, pre-existing permitted use with a valid business tax receipt (BTR) for an alcoholic beverage establishment that (i) was in application status prior to April 14, 2016; or (ii) issued prior to May 21, 2016; or (iii) to an establishment that had obtained approval for an alcoholic beverage establishment from a land use board, and which land use board order was active and had not expired, prior to May 21, 2016.

Due to the potential for negative impacts from pre-existing alcoholic beverage establishments, it is now recommended that the exemption be removed so that all alcoholic beverage establishments would be required to close by 2:00 A.M. Specifically, the proposed ordinance amends the CD-1 and CD-3 district regulations for properties along the 41st Street corridor, in order to repeal the existing exemption from the 2:00 A.M. termination time for alcoholic beverage establishments with a BTR or land use board order issued prior to August 23, 2016. The proposed ordinance also clarifies that the 2:00 A.M. restriction is for sale and consumption of alcoholic beverages and repeals other exemptions to limitations that were adopted in Ordinance No. 2016-4052.

Florida law grants municipalities broad authority to regulate the sale of alcoholic beverages. In the exercise of that authority, municipalities may prohibit the sale of alcohol within certain hours and/or within certain zoning districts. Specifically, Section 562.14, Florida Statutes, authorizes municipalities, by ordinance, to establish hours of sale for alcoholic beverages.

Florida courts have consistently held that alcoholic beverage establishments are not entitled to “grandfather” status as to hours of sale for alcoholic beverages.¹ Accordingly, the City has the authority to adopt the proposed legislation.

RECOMMENDATION

In view of the foregoing analysis, staff recommends that the Planning Board transmit the proposed Ordinance amendment to the City Commission with a favorable recommendation.
