SECTION 1. Chapter 142, “Zoning Districts and Regulations,” Article III, “Overlay Districts,” Division 12, “Art Deco,” is hereby amended as follows:

MIMO COMMERCIAL CHARACTER OVERLAY DISTRICT

Sec. 142-870.10. Location and purpose.

- (a) There is hereby created the Art Deco/Mimo Commercial Character Overlay District (the "overlay district"). The overlay district consists of the properties in the South Beach Art Deco Area identified in the map below in this subsection (a) and the properties identified in the Ocean Terrace/Harding Townsite Area described in subsection (b) below. The South Beach Art Deco Area is generally located east of the western lot lines of properties fronting the west side of Collins-Washington Avenue between 5th Street to the south and 16th-23rd street to the north and west of the ocean:

- (b) The Ocean Terrace/Harding Townsite Area is identified in the map below and is generally located between Harding Avenue to the west and Ocean Terrace to the east, between 73rd and 75th Streets:

- (c) The purpose of this overlay district is to limit the proliferation of uses which may diminish the character of historic commercial areas within the city. This overlay district is designed based on and intended to achieve the following facts and intents:
- (1) Properties fronting Ocean Drive and Collins Avenue that have a zoning designation of MXE mixed use entertainment are located in the Ocean Drive/Collins Avenue historic district, as well as the Miami Beach Architectural National Register Historic District;
 - (2) Properties fronting Washington Avenue that have a zoning designation of CD-2 commercial medium intensity district, are located in the Flamingo Park historic district and the Miami Beach Architectural National Register Historic District;
 - (3) Ocean Drive, Collins Avenue, and Washington Avenue are some of the premier streets in Miami Beach and provide residents and visitors with a unique cultural, retail, and dining experience and are vital to Miami Beach's economy, especially the tourism industry;
 - (4) Properties fronting Ocean Terrace and Collins Avenue between 73rd and 75th Streets are within the Harding Townsite historic district and the North Shore National Register historic district;
 - (5) Properties fronting Harding Avenue between 73rd and 75th Streets are within North Shore National Register historic district: and
 - (6) The City of Miami Beach has undertaken a master planning process for the North Beach area that includes the Harding Townsite historic district and North Shore National Register district, in order to encourage the revitalization of the area by improving cultural, retail, and dining experiences for residents and visitors to the area;
 - (7) Formula commercial establishments and formula restaurants are establishments with multiple locations and standardized features or a recognizable appearance, where recognition is dependent upon the repetition of the same characteristics of one store in multiple locations;
 - (8) Formula commercial establishments and formula restaurants are increasing in number along Ocean Drive and within other historic districts;
 - (9) The sameness of formula commercial establishments, while providing clear branding for retailers, counters the city's Vision Statement which includes creating "A Unique Urban and Historic Environment";

- (10) Notwithstanding the marketability of a retailer's goods or services or the visual attractiveness of the storefront, the standardized architecture, color schemes, decor and signage of many formula commercial establishments detract from the distinctive character and aesthetics of the historic districts;
- (11) The increase of formula commercial establishments hampers the unique cultural, retail, and dining experience in commercial and mixed-use areas of the city's historic districts;
- (12) Specifically, the proliferation of formula commercial establishments may unduly limit or eliminate business establishment opportunities for non-traditional or unique businesses, thereby decreasing the diversity of cultural, retail, and dining services available to residents and visitors;
- (13) The homogenizing effect of formula commercial establishments based on its reliance on standardized branding, is greater if the size of the establishment, in number of locations or size of use or branded elements is larger;
- (14) The increased level of homogeneity detracts from the uniqueness of the historic districts, which thrive on a high level of interest maintained by a mix of cultural, retail, and dining experiences that are not found elsewhere in the country;
- (15) Sidewalk cafés are central to the economy of Ocean Drive and enhance the pedestrian experience and historic and cosmopolitan character of the street;
- (16) It is not the intent of the city to limit interstate commerce, but rather to maintain the historic character of neighborhoods and promote their unique cultural, retail, and dining experiences that are vital to the city's economy;
- (17) It is the intent of the city that if an establishment that has multiple locations and standardized features or a recognizable appearance seeks to locate within certain areas affected by this division that such establishment provide a distinct array of merchandise, facade, decor, color scheme, uniform apparel, signs, logos, trademarks, and service marks;
- (18) Convenience stores, pharmacy stores and eating establishments have similar impacts as formula stores;
- (19) Check cashing stores, pawnshops, souvenir and t-shirt shops, tattoo studios, fortune tellers (occult science establishments), massage therapy center, and package liquor stores are uses which negatively affect surrounding areas; and
- (20) It is the intent of the city to limit the number of establishments which may negatively affect surrounding areas.
