### GENERAL NOTES:

- All shrubs and groundcovers shall be guaranteed for six months from date of final acceptance. All trees and palms shall be guaranteed for one year from date of final acceptance. The Contractor shall be responsible to remove all the failing plant materials and replace them with the same kind and size material as specified in the plant list, with the same guarantee as initial planting.
- Contractor shall familiarize himself with the limits of work and existing conditions and verify all information. Where discrepancies with quantities and/or species differ between the planting plan(s) and the plant list, the contractor shall notify owner's representative in writing within seven (7) calendar days of notice to proceed. No changes shall be made without the prior, written consent of the Landscape Architect and/or Owner.
- Any substitution in size and/or plant material must be approved by the Landscape Architect in writing. All plants will be subject to approval by the Landscape Architect and/or owner's representative before planting can begin.
- All biodegradable burlap shall be untied and pulled down on the ball. Wire baskets and other non-biodegradable material attached to plants shall be removed prior to planting. Care shall be taken not to break or disturb rootball of plants.
- All plants shall be watered immediately after planting.
- All trees and palms shall be staked as shown in the plans. No nail staking permitted.
- Typically, shrub and groundcover plantings are shown as mass planting beds. Plants shall be placed on a triangular spacing configuration (staggered spacing).
- The Contractor shall bear all costs of testing of soils, amendments, etc. associated with the work and included in the specifications.
- All trees shall be fertilized at installation with "Agrifilm Pills", 21 gram size, with a 20-10-5 formulation, (or approved equal), according to manufacturer's recommendations.
- All palms shall be fertilized at installation with Florida Atlantic East Coast Fertilizer (FAEC) "Palm Special" 8-4-12 or approved equal.
- All other plants shall be fertilized at installation with (FAEC) 8-4-12 time-release fertilizer (with slow release sulphur) according to manufacturer's recommendations.
