AN EDUCATION COMPACT BETWEEN MIAMI-DADE COUNTY PUBLIC SCHOOLS AND THE CITY OF MIAMI BEACH

Following the blueprint established by the formation of the Education Compacts between Miami-Dade County Public Schools (District), and other local general purpose governments, the District and the City of Miami Beach (City), will now partner to bring together each organization's collective resources for the greater benefit of both the students and the citizens of Miami Beach. Located on a barrier island in Miami-Dade County, the City, incorporated in 1915, encompasses approximately 7.1 square miles and is home to 6 District facilities including South Pointe Elementary, Fienberg Fisher Elementary, North Beach Elementary, and Biscayne Elementary, Nautilus Middle, and Miami Beach Senior High. With a population of over 93,000, it is the destination of over 7 million tourists annually and the hub of the County's hospitality and tourism industry.

In recognition of the fact that *It Takes...* the commitment of the District and the City to raise academic achievement, and recognizing the importance placed on education by the residents of Miami Beach, the District and City seek to codify an Education Compact to build on existing programs and innovative ideas which will enhance the lifelong educational opportunities for the entire community. Therefore, through this agreement we will strive to meet the educational needs of each child and enhance the learning opportunities for all. This Compact was developed with significant community input and reflects the desire of the Miami-Beach community to support excellence in their schools and an investment in the overall enhancement of education for its residents. It is recognized by the District and the City that this Compact represents goals and objectives which are consistent with the long term strategic plans of each entity and it is understood that as such goals and objectives evolve the terms of this Compact may also be modified over time.

The areas of focus in this collaboration include: teacher recruitment and retention; enhanced communication of educational and community events; family/parental involvement in education; community/business engagement, enhanced student health and well-being; improved student achievement; school safety; and technology access. The initial major activities, intended outcomes, and measures associated with each of these major focus areas are outlined below.

Teacher Recruitment/Retention

Activities:

- The District and the City will collaborate to develop a supplemental incentive program for teacher recruitment/retention in Miami Beach schools. The City component of the program will focus on encouraging incentives which may include discounts, mentoring, training, and tickets to public events. Mentoring and training opportunities will be least disruptive to school staffing needs, with schools providing coverage (as applicable) for staff to participate. The District will provide support for the City program which may include but not be limited to invitations to participate in District recruitment events and posting of City sponsored incentives on the District's recruitment webpage.

- The District will make available to the City all instructional staff recruitment and retention statistics and data for Miami Beach schools and districtwide which is considered public information.
- The District will make available to the City all survey data pertaining to teacher satisfaction levels (in particular key drivers for recruitment and retention) on a regular basis, segregated by each Miami Beach school where possible.
- The City will support the District's efforts, those of other stakeholder groups and districtwide initiatives that address the housing needs of teachers and non-instructional staff. In the event the City develops a program to provide workforce housing and/or housing support for "essential personnel," the inclusion of public school teachers and/or other public educational personnel will be explored.

The District will provide confirmation form for employee participation in parent/teacher conferences.
- Through The Parent Academy (TPA), interested City personnel will be provided with training by the District regarding use of the District's newly launched Parent Portal and other electronic resources available through the District .
