COMMISSION MEMORANDUM

TO: Honorable Mayor and Members of the City Commission
FROM: Commissioner Steven Meiner
DATE: November 16, 2022

SUBJECT: REFERRAL TO THE PUBLIC SAFETY AND NEIGHBORHOOD QUALITY OF LIFE COMMITTEE TO PROVIDE THE COMMITTEE WITH AN UPDATE AND DISCUSSION CONCERNING THE RECENT KING TIDE EVENTS, AND RECOMMENDATIONS FOR ADDITIONAL IMPROVEMENTS TO ADDRESS FLOODING IN LOW-LYING AREAS OF THE CITY.

ANALYSIS

Please place on the November 16, 2022 agenda a referral to the Public Safety and Neighborhood Quality of Life Committee to provide the Committee with an update and discussion of lessons learned during the October, 2022 King Tide events, and additional improvements or enhancements that could be undertaken to address flooding issues in low-lying areas of the City.

As part of this referral I would request that the City Administration be prepared to provide the Committee with an update identifying low-lying areas where City's flood mitigation efforts are working well, as well as any "hotspots" in the City where additional improvements and/or enhancements may be needed. I would further request that the City Administration specifically review and advise the Committee with regard to flooding in low-lying areas, as it is my understanding that these areas experienced excessive flooding during the King Tide cycle in October 2022.
