

MIAMI DADE - SCHOOL CONCURRENCY LIST

AS OF: 09/15/20

Planning Department School Concurrence process:

Whenever a building permit application or Land Use Board application is reviewed which involves new residential units (not individual single family homes), the below information is transmitted to Miami-Dade County Schools through their online portal system. (including building permits where a school concurrence evaluation was previously done as part of a land use board application).

For Land Use Board applications the applicant has to complete the initial evaluation by Miami Dade County Public Schools before going to the LUB hearing.

The Planning Department cannot approve building permits involving an increase in residential units until the County School Board has issued a school concurrence determination and concludes that the development satisfies the school concurrence requirements. Without this, a building permit cannot be issued.
