

**DESIGN REVIEW BOARD
City of Miami Beach, Florida**MEETING DATE: **March 8, 2023**PROPERTY/ FOLIO: **6940 Abbott Avenue / 02-3211-001-0590**FILE NO: **DRB22-0886**

IN RE: An application has been filed requesting Design Review Approval for the construction of a new 10-story mixed-use building, including a waiver of the requirement for combined loading/parking driveways.

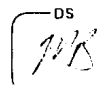

LEGAL: Lots 1, 2, 11 and 12, Block "H", ATLANTIC HEIGHTS, according to the plat thereof recorded in Plat Book 4, at Page 146, and Corrected Plat of ATLANTIC HEIGHTS, recorded in Plat Book 9, at Page 14, of the Public Records of Miami-Dade County, Florida, except the easterly 2 feet of said Lots 11 and 12.

APPLICANT: **6940 North Beach LLC****ORDER**

The City of Miami Beach Design Review Board makes the following FINDINGS OF FACT, based upon the evidence, information, testimony and materials presented at the public hearing and which are part of the record for this matter:

I. Design Review

- A. The Board has jurisdiction pursuant to Section 118-252(a) of the Miami Beach Code. The property is not located within a designated local historic district and is not a individually designated historic site.
- B. Based on the plans and documents submitted with the application, testimony and information provided by the applicant, and the reasons set forth in the Planning Department Staff Report, the project as submitted is inconsistent with Design Review Criteria 9, 12 and 19 in Section 118-251 of the Miami Beach Code.
- C. Based on the plans and documents submitted with the application, testimony and information provided by the applicant, and the reasons set forth in the Planning Department Staff Report, the project as submitted is inconsistent with the Sea Level Rise Criteria 1 10 and 12 in Section 133-50(a) of the Miami Beach Code.
 - 1. Revised elevation, site plan and floor plan drawings for the proposed mixed-use development at 6940 Abbott Avenue shall be submitted to and approved by staff; at a minimum, such drawings shall incorporate the following:
 - a. The proposed plans shall be revised to fully comport with the FAR requirements of the City Code. FAR diagrams and calculations shall be

A handwritten signature in black ink, appearing to be 'LM', is enclosed within a rectangular box. Above the signature, the letters 'DS' are printed.

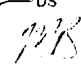

revised and to be reviewed and approved by staff as part of the building permit plans.

- b. The plans shall be revised to comply with the maximum projection of three (3') for allowable encroachments into the required ten (10') foot setback along the north side of the site, in a manner to be reviewed and approved by staff.
- c. The ground floor of the north elevation shall be revised and further detailed to include more visual interest, including the use of color, materials, and decorative paving, in a manner to be reviewed and approved by staff.
- d. The design of the paseo along the north elevation and the covered outdoor area along the north elevation shall be further designed and detailed with an integrated, cohesive design, included adequate lighting, in a manner to be reviewed and approved by staff.
- e. The final design and details and density of the garage cladding shall be subject to the review and approval of staff.
- f. The separation of driveways for parking and loading **shall be** waived as proposed. (Sec 142-745(a)(12)(c))
- g. The location and type of required bicycle (long vs short term) parking shall be provided on a revised site plan.
- h. The parking screening elements that are found on the pedestal shall be further refined and detailed, in a manner to be reviewed and approved by staff consistent with the Design Review Criteria and/or the directions from the Board.
- i. Additional design details / further refinement of the ground retail tenant build out shall be provided, including all interior fixtures, shelving, lighting, partitions, and checkout counters, if parallel to the exterior wall, shall be setback a minimum of five (5') feet from the exterior glass storefront walls of the ground floor along Abbott Avenue.
- j. The final design and details, including samples, of the proposed oolite cladding on the Byron Avenue ground floor elevation shall be submitted, in a manner to be reviewed and approved by staff consistent with the Design Review Criteria and/or the directions from the Board.
- k. The final details of all exterior surface finishes and materials, including samples, shall be submitted, in a manner to be reviewed and approved by staff consistent with the Design Review Criteria and/or the directions from the Board.
- l. The final design and details of all exterior and interior lighting shall be provided, in a manner to be reviewed and approved by staff consistent with the Design Review Criteria and/or the directions from the Board. Interior

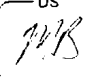

DS

lighting shall be designed in a manner to not have an adverse overwhelming impact upon the surrounding area. No florescent or intensive 'white' lighting (or similar intensive lighting) visible from the adjacent public rights of way or adjacent properties shall be permitted.

- m. Any future kitchen ventilation or mechanical venting shall be chased through the interior of the building to the roof, unless such ventilation system is integrated into the exterior design of the building and contains sufficient filters/scrubbers to fully mitigate any exhaust odors, in a manner to be reviewed and approved by staff
- n. All internal garage lighting shall be shielded to buffer views of all direct light sources from outside of the structure, as well as on the roof deck, in a manner to be reviewed and approved by staff consistent with the Design Review Criteria and/or the directions from the Board.
- o. The final design details and pattern of the hardscape and exterior walkways shall be submitted, in a manner to be reviewed and approved by staff consistent with the Design Review Criteria and/or the directions from the Board.
- p. The final design details, dimensions, material and color of all exterior handrails shall be made part of the building permit plans and shall be subject to the review and approval of staff consistent with the Design Review Criteria and/or the directions from the Board.
- q. The interior walls of the two driveways at the first level of the parking garage entrance, ramps and loading areas, shall be fully detailed on revised plans. Such interior areas shall consist of high quality, non-stucco surface materials which have a well finished appearance commensurate with the primary façade of the building, in a manner to be reviewed and approved by staff consistent with the Design Review Criteria and/or the directions from the Board.
- r. All building signage shall require a separate permit. A uniform sign plan for the new building shall be required. Such sign plan shall be consistent in materials, method of illumination and sign location, in a manner to be reviewed and approved by staff consistent with the Design Review Criteria and/or the directions from the Board.
- s. Final details of all proposed storefront systems and associated details shall be provided for all ground floor elevations on the project site, in a manner to be reviewed and approved by staff consistent with the Design Review Criteria and/or the directions from the Board.
- t. Prior to the issuance of a Certificate of Occupancy, the project Architect shall verify, in writing, that the subject project has been constructed in accordance with the plans approved by the Planning Department for Building Permit.

DS

2. A revised landscape plan, prepared by a Professional Landscape Architect, registered in the State of Florida, and corresponding site plan, shall be submitted to and approved by staff. The species type, quantity, dimensions, spacing, location and overall height of all plant material shall be clearly delineated and subject to the review and approval of staff. At a minimum, such plan shall incorporate the following:
- a. All overhead utility lines shall along all street frontages of the subject property be relocated underground. All utility poles shall be removed, with the exception of poles required to transition from above ground to below ground utilities.
 - b. The Backflow prevention device shall not be permitted within any area fronting a street or sidewalk, in a manner to be reviewed and approved by staff consistent with the Design Review Criteria and/or the directions from the Board
 - c. The proposed planting on the roof shall be modified to take into consideration the limited height between the roof level and the covered roof above, or the roof shall be modified to include openings above the roof top planters, in a manner to be reviewed and approved by staff.
 - d. Street trees shall be required within the sidewalk along the frontages of the property, in a manner to be reviewed and approved by the Public Works Department.
 - e. Any existing plant material within the public right-of-way may be required to be removed, as the discretion of the Public Works Department.
 - f. A fully automatic irrigation system with 100% coverage and an automatic rain sensor in order to render the system inoperative in the event of rain. Right-of-way areas shall also be incorporated as part of the irrigation system.
 - g. The utilization of root barriers and/or Silva Cells, as applicable, shall be clearly delineated on the revised landscape plan.
 - h. The applicant shall verify, prior to the issuance of a Building Permit, the exact location of all backflow preventors and all other related devices and fixtures. The location of backflow preventors, Siamese pipes or other related devices and fixtures, if any, and how they are screened with landscape material from the right-of-way, shall be clearly indicated on the site and landscape plans, and shall be subject to the review and approval of staff.
 - i. The applicant shall verify, prior to the issuance of a Building Permit, the exact location of all applicable FPL transformers or vault rooms. The location of any exterior transformers and how they are screened with landscape material from the right of wall shall be clearly indicated on the

DS

site and landscape plans and shall be subject to the review and approval of staff.

- J. Prior to the issuance of a Certificate of Occupancy, the Landscape Architect or the project architect shall verify, in writing, that the project is consistent with the site and landscape plans approved by the Planning Department for Building Permit.

In accordance with Section 118-262, the applicant, or the city manager on behalf of the city administration, or an affected person, Miami Design Preservation League or Dade Heritage Trust may seek review of any order of the Design Review Board by the City Commission, except that orders granting or denying a request for rehearing shall not be reviewed by the Commission.

II. Variance(s)

- A. No variances were filed as part of the application.

The decision of the Board regarding variances shall be final and there shall be no further review thereof except by resort to a court of competent jurisdiction by petition for writ of certiorari.

III. General Terms and Conditions applying to both 'I. Design Review Approval' and 'II. Variances' noted above.

- A. All new construction over 7,000 square feet shall be required to be, at a minimum, certified as LEED Gold by USGBC. In lieu of achieving LEED Gold certification, properties can elect to pay a sustainability fee, pursuant to Chapter 133 of the City Code. This fee is set as a percentage of the cost of construction.
- B. Upon the issuance of a final Certificate of Occupancy or Certificate of Completion, as applicable, the project approved herein shall be maintained in accordance with the plans approved by the board and shall be subject to all conditions of approval herein, unless otherwise modified by the Board. Failure to maintain shall result in the issuance of a Code Compliance citation, and continued failure to comply may result in revocation of the Certificate of Occupancy, Completion and Business Tax Receipt.
- C. All construction materials, including dumpsters and portable toilets, shall be located behind the construction fence and not visible from the right-of-way.
- D. During the course of construction, all vehicles, including, but not limited to all personal vehicles, shall park within the confines of the private property, the swale directly abutting the construction site, or at alternate overflow parking sites that are not on-street metered spaces and not zoned RS. Additionally, parking of any vehicles shall be prohibited in the travel lanes of all streets.
- E. All allowable construction signage shall be attached to or situated behind the construction fence and shall be limited to one (1) sign, not to exceed four (4) square feet, in accordance with Section 138-133 of the City Code.

DS
MK

- F. The building and parking departments shall approve a construction parking plan prior to the issuance of any building permit, including applicable demolition permits for the project.
- G. The applicant shall ensure that the contractor(s) observe good construction practices and prevent construction materials and debris from impacting the right-of-way.
- H. The contractor(s) shall ensure that the street and the swale directly abutting the construction site remains free of debris and refuse at all times; at a minimum, the contractor(s) shall inspect and clear the street and swale areas before leaving at the end of each day.
- I. This order shall be enforced by the Building, Planning, Parking and Code Compliance Departments.
- J. A recycling/salvage plan shall be provided as part of the submittal for a demolition/building permit, in a manner to be reviewed and approved by staff.
- K. A copy of all pages of the recorded Final Order shall be scanned into the plans submitted for building permit and shall be located immediately after the front cover page of the permit plans.
- L. The Final Order shall be recorded in the Public Records of Miami-Dade County, prior to the issuance of a Building Permit.
- M. Satisfaction of all conditions is required for the Planning Department to give its approval on a Certificate of Occupancy; a Temporary Certificate of Occupancy or Partial Certificate of Occupancy may also be conditionally granted Planning Departmental approval.
- N. The Final Order is not severable, and if any provision or condition hereof is held void or unconstitutional in a final decision by a court of competent jurisdiction, the order shall be returned to the Board for reconsideration as to whether the order meets the criteria for approval absent the stricken provision or condition, and/or it is appropriate to modify the remaining conditions or impose new conditions.
- O. The conditions of approval herein are binding on the applicant, the property's owners, operators, and all successors in interest and assigns.
- P. Nothing in this order authorizes a violation of the City Code or other applicable law, nor allows a relaxation of any requirement or standard set forth in the City Code.

IT IS HEREBY ORDERED, based upon the foregoing findings of fact, the evidence, information testimony and materials presented at the public hearing, which are part of the record for this matter, and the staff report and analysis, which are adopted herein, including the staff recommendations, which were amended and adopted by the Board, that the application is GRANTED for the above-referenced project subject to those certain conditions specified in Paragraph I, II, III of the Finding of Fact, to which the applicant has agreed.

PROVIDED, the applicant shall build substantially in accordance with the plans entitled "6940 Abbott Avenue," as designed by **Arquitectonica** signed, sealed, and dated 1/10/2023, and as

DS

approved by the Design Review Board, as determined by staff.

When requesting a building permit, the plans submitted to the Building Department for permit shall be consistent with the plans approved by the Board, modified in accordance with the conditions of approval that must be satisfied prior to permit issuance, as set forth in this Order, have been met.

The issuance of the approval does not relieve the applicant from obtaining all other required Municipal, County and/or State reviews and permits, including final zoning approval. If adequate handicapped access is not provided on the Board approved plans, this approval does not mean that such handicapped access is not required. When requesting Building permit, the plans submitted to the Building Department for permit shall be consistent with the plans approved by the Board, modified in accordance with the conditions set forth in this Order.

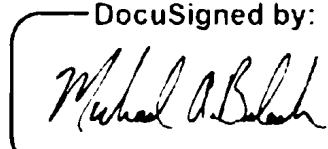

If the Full Building Permit for the project is not issued within eighteen (18) months of the meeting date at which the original approval was granted, the application will expire and become null and void, unless the applicant makes an application to the Board for an extension of time, in accordance with the requirements and procedures of Chapter 118 of the City Code, the granting of any such extension of time shall be at the discretion of the Board. If the Full Building Permit for the project shall expire for any reason (including but not limited to construction not commencing and continuing, with required inspections, in accordance with the applicable Building Code), the application will expire and become null and void.

In accordance with Chapter 118 of the City Code, the violation of any conditions and safeguards that are a part of this Order shall be deemed a violation of the land development regulations of the City Code. Failure to comply with this **Order** shall subject the application to Chapter 118 of the City Code, for revocation or modification of the application.
