<u>Solicitation Number:</u> ITB 2023-309-LB	<u>Title:</u> Henedon Avenue Bridge Repairs.						
Henedon Avenue Bridge over Biscayne Point Canal is located between Cleveland Road and Daytonia Road within the Biscayne Point neighborhood. According to the recent Florida Department of Transportation (FDOT) Bridge Inspection Reports from 2014 to 2022, this bridge has consistently received a sufficiency rating between 61.9 & 62.0. Since the rating is below FDOT recommended minimum threshold of 70, improvements are proposed to bring the bridge into compliance. This project will include enhancements to the bridge's substructure and superstructure. The plans and specifications identify elements of the bridge affected by the repairs. Rebar replacement and concrete repair (cracks, spalls, and delamination) are some of the main construction tasks. Invitation to Bid No. 2023-309-LB Henedon Avenue Bridge Repairs was issued on May 11, 2023, with an opening date of June 5, 2023. The Procurement Department issued bid notices to approximately 31,536 companies utilizing the City's electronic bidding system. 57 prospective bidders accessed the advertised solicitation. The notices resulted in the receipt of four (4) responses from Structural Preservations Systems LLC, Interstate Construction, LLC, Titan Construction Management LLC and Southern Road & Bridge LLC. The bid submitted by Titan Construction Management LLC failed to provide the original bid bond by the deadline for the submittal of bids as required by the ITB. Accordingly, the bid response has been deemed non-responsive and will receive no further consideration. The ITB stated that the estimated budget is \$300,000. The bids received are reflected in the tabulation below. <table style="margin-left: auto; margin-right: auto;"> <tr> <td style="padding-right: 40px;">Structural Preservation Systems LLC</td><td>\$152,282.38</td></tr> <tr> <td>Southern Road & Bridge LLC</td><td>\$362,525.00</td></tr> <tr> <td>Interstate Construction, LLC</td><td>\$277,577.00</td></tr> </table> The solicitation stated that the lowest responsive bidder, meeting all terms, conditions, and specifications, would be recommended for award. In its due diligence, the Procurement Department and the Public Works Department verified that the lowest responsive bid submitted by Structural Preservation Systems LLC met the requirements of the solicitation. Further, City staff verified that Structural Preservation Systems LLC complied with the solicitation's submittal requirements, including the firm's previous experience and licensure to perform the services. Structural Preservation Systems LLC has provided maintenance and repair services in commercial, public, transportation, water, industrial, and power industries since 1976. Structural Preservation Systems has 23 locations throughout the United States and additional offices in the Middle East. In combination with other Structural Group, Inc. companies, Structural Preservations Systems holds the position as the largest concrete repair and maintenance provider in the United States and ranked No. 34 on Engineering News-Record (ENR) magazine's list of the 2018 Top 600 Specialty Contractors. All references provided positive feedback with regard to services provided by this contractor.		Structural Preservation Systems LLC	\$152,282.38	Southern Road & Bridge LLC	\$362,525.00	Interstate Construction, LLC	\$277,577.00
Structural Preservation Systems LLC	\$152,282.38						
Southern Road & Bridge LLC	\$362,525.00						
Interstate Construction, LLC	\$277,577.00
