Re: **DRB17-0160** – Design Review Approval Request for Renovation of Flamingo Apartments Located at 1420 and 1508 Bay Road, Miami Beach, Florida

Dear Tom:

This law firm represents MCZ/Centrum Flamingo II, LLC and MCZ/Centrum Flamingo III, LLC (collectively the "Applicant") in its application concerning the existing North and Center Towers of the Flamingo Apartments at the property located at 1420 and 1508 Bay Road (the "Property"). Please accept this correspondence as the Applicant's letter of intent in support of design review approval for renovations of portions of the existing North and Center Towers, the front entrance and open spaces for comprehensive upgrades to the apartment complex, including reducing the unit count in the North Tower by 168 (27% decrease), relocating and adding new neighborhood-serving retail and restaurant uses to the east side to better serve residents and the neighborhood, removing the guard house and extensive front gate to create a new landscaped public pedestrian plaza at the front, and improving the traffic circulation in the area by creating new interior ride-share drop-off and pick-up combined with valet at the north and south areas of the Property.

The Applicant is managed by Apartment Investment and Management Company ("Aimco"). Aimco is a Real Estate Investment Trust ("REIT") and is one of the largest owners and operators of apartment homes in the United States. Aimco is a top provider of apartment homes to nearly 250,000 residents with properties in 23 states and the District of Columbia. The company's shares are listed on the S&P 500 and are publicly

traded on the NYSE under the symbol "AIV". Aimco has a philanthropic arm called Aimco Cares and has long been recognized as an exemplary corporate citizen.

Property Description. The Property is a waterfront parcel approximately 16 acres in size located between 14th and 16th Streets on the west side of Bay Road. The Property can be further identified by Miami-Dade County Folio Nos. 02-3233-007-0030 and 02-3233-007-0032. The northern portion of the Property is within the RM-2 (Residential Multifamily, Medium Intensity) Zoning District and the remainder of the Property, which is the majority, is zoned RM-3 (Residential Multifamily, High Intensity). The Property contains North, South and Center residential towers, a townhouse development and some commercial uses. The South Tower is under condominium ownership and is not part of the proposed renovation. Notably, the Property is not located in a historic district and the buildings are not contributing structures.

Overall Development Program. The Applicant proposes a comprehensive renovation of the Flamingo Apartments to create a more welcoming and neighborhood-friendly experience. The existing guard gate at the center of the Property and the front fence along Bay Road will be removed in order to provide a large public pedestrian plaza with access to retail and restaurant uses in the Center Tower. Additionally, valet and ride-share drop-off and pick-up locations will be internalized on the Property, to take these activities off the street and improve traffic circulation and pedestrian safety. Further, the North Tower will be rejuvenated and improved by creating larger units, improving views towards the interior grounds to the south, which will also be reprogrammed and beautified with lush landscaping, and to the bay to the west, and enhancing the exterior facades and balconies.

Center Tower Renovations and Pedestrian Plaza. Currently, residents arriving by vehicle access the Property at the dedicated north and south residential access points through the use of electronic key cards. Valet and guests enter the premises at a guard gate located at the center of the Property along Bay Road and enter the lobby in the Center Tower to the north of the bridge. All pedestrians access one gate to the north of the central guard gate. The Applicant proposes a complete renovation of the existing center entrance that includes the removal of the guard gate and front fence, relocation and reduction of the size of the curb cut to the north, and creation of a public plaza for the use and enjoyment of residents and the neighborhood. The proposed public plaza will be adorned with lush landscaping to provide shade, water features and suitable finishes to match and enhance the neighborhood context. The public plaza will further City's goals of providing active open spaces and promoting pedestrianism.

For security and privacy of the residents, fencing and landscaping will be used under the bridge of the Center Tower to create a barrier between the public and private spaces at the Property. The main lobby will remain in its present location, but will be expanded to adequately accommodate residents and visitors.

As an amenity to the residents of the Property and neighbors, the Applicant will convert the leasing office located on the ground floor of the Center Tower (north of the main lobby) to commercial uses that will be open to the public. In addition, the Applicant proposes to create a restaurant in the bridge under the Center Tower with additional seating areas located north of the bridge. The area above the bridge is proposed to be transparent glass up to the floor above. This will maintain the same air and light qualities of the existing condition. The seating area on the bridge will afford grand views of both the City and ocean to the east and the bay to the west, creating a unique dining experience for the public. These retail spaces and restaurant will front and be accessible from the proposed pedestrian plaza, making a great addition to the neighborhood and source of enjoyment for residents of the project and the surrounding area.

Improved Access. In order to address ride-sharing and traffic issues, the Applicant proposes two designated valet and ride sharing pick-up/drop-off areas in the North Garage and the south of the Property in front of the South Tower. Importantly, these designated areas will be inside the Property, thus taking traffic off the street. The south location will be behind the townhouses and the north location will be within the garage, which is lined with townhouses on the ground level. As a result, the pick-up/drop-off locations will be hidden from street views to discourage pick-ups and drop-offs on the street. The proposed development provides adequate stacking for both valet and ride-sharing to avoid queuing issues.

The designated ride-sharing and valet locations will not only provide improved traffic circulation within the Property and neighborhood but also aim to diminish safety concerns from having guests walk through the existing guard gate area which is not pedestrian friendly. Further, by design there are only two pedestrian entrances to the plaza and landscaping along the majority of the street frontage is purposefully thick and raised to prevent pedestrian access except at the designated entry points. This landscape treatment will therefore discourage drop-offs and pick-ups in the street at the front of the property since passengers will not be able to immediately access the plaza and street, respectively.

Thomas Mooney, Director
August 3, 2017
Page 4

Notably, the Applicant has reached out to the main ride-sharing companies, Uber and Lyft, to partner with them and ensure the designated pick-up/drop-off locations are used appropriately. The Applicant has made progress and is actively working together with Uber to resolve the traffic issues at the Property.

North Tower Renovation. The Applicant proposes a complete interior and exterior renovation of the North Tower. The existing, mainly small units will be combined in order to create larger units to accommodate families. As a result the existing number of units will be significantly by 168 (614 existing to 446 proposed), which is a decrease of 27%. To improve views of the garden area located between the North and South Towers, which is also being upgraded with extensive landscaping to provide enhanced enjoyment for the residents, and the bay to the west, many of the interior corridors of the north and east wings of the North Tower will be relocated to the north side. The added benefit of this change is that the north areas of these wings only face the parking garage, and do not afford pleasant views of the City or the Property. The exterior facades will be modernized with quality materials and upgraded balconies befitting of a waterfront property. The proposed renovation will beautify the Property with adequate finishes and lush landscaping, increase fenestration, provide larger units to accommodate families, and improve views from the units.

Conclusion. The comprehensive renovations will enhance and beautify the grounds, promote pedestrianism and make the Property and surrounding neighborhood safer for pedestrians, provide neighborhood-serving commercial uses and improve the overall experience for residents, their guests and the neighbors. Accordingly, we look forward to your favorable review and recommendation of approval. Please contact my direct line at (305) 377-6236 should you have any questions or concerns.

Sincerely,

Matthew Amster, Esq.
