

Faena Forum super graphic

Historic Preservation Board Final Submittal – July 24, 2017

Scope of work:

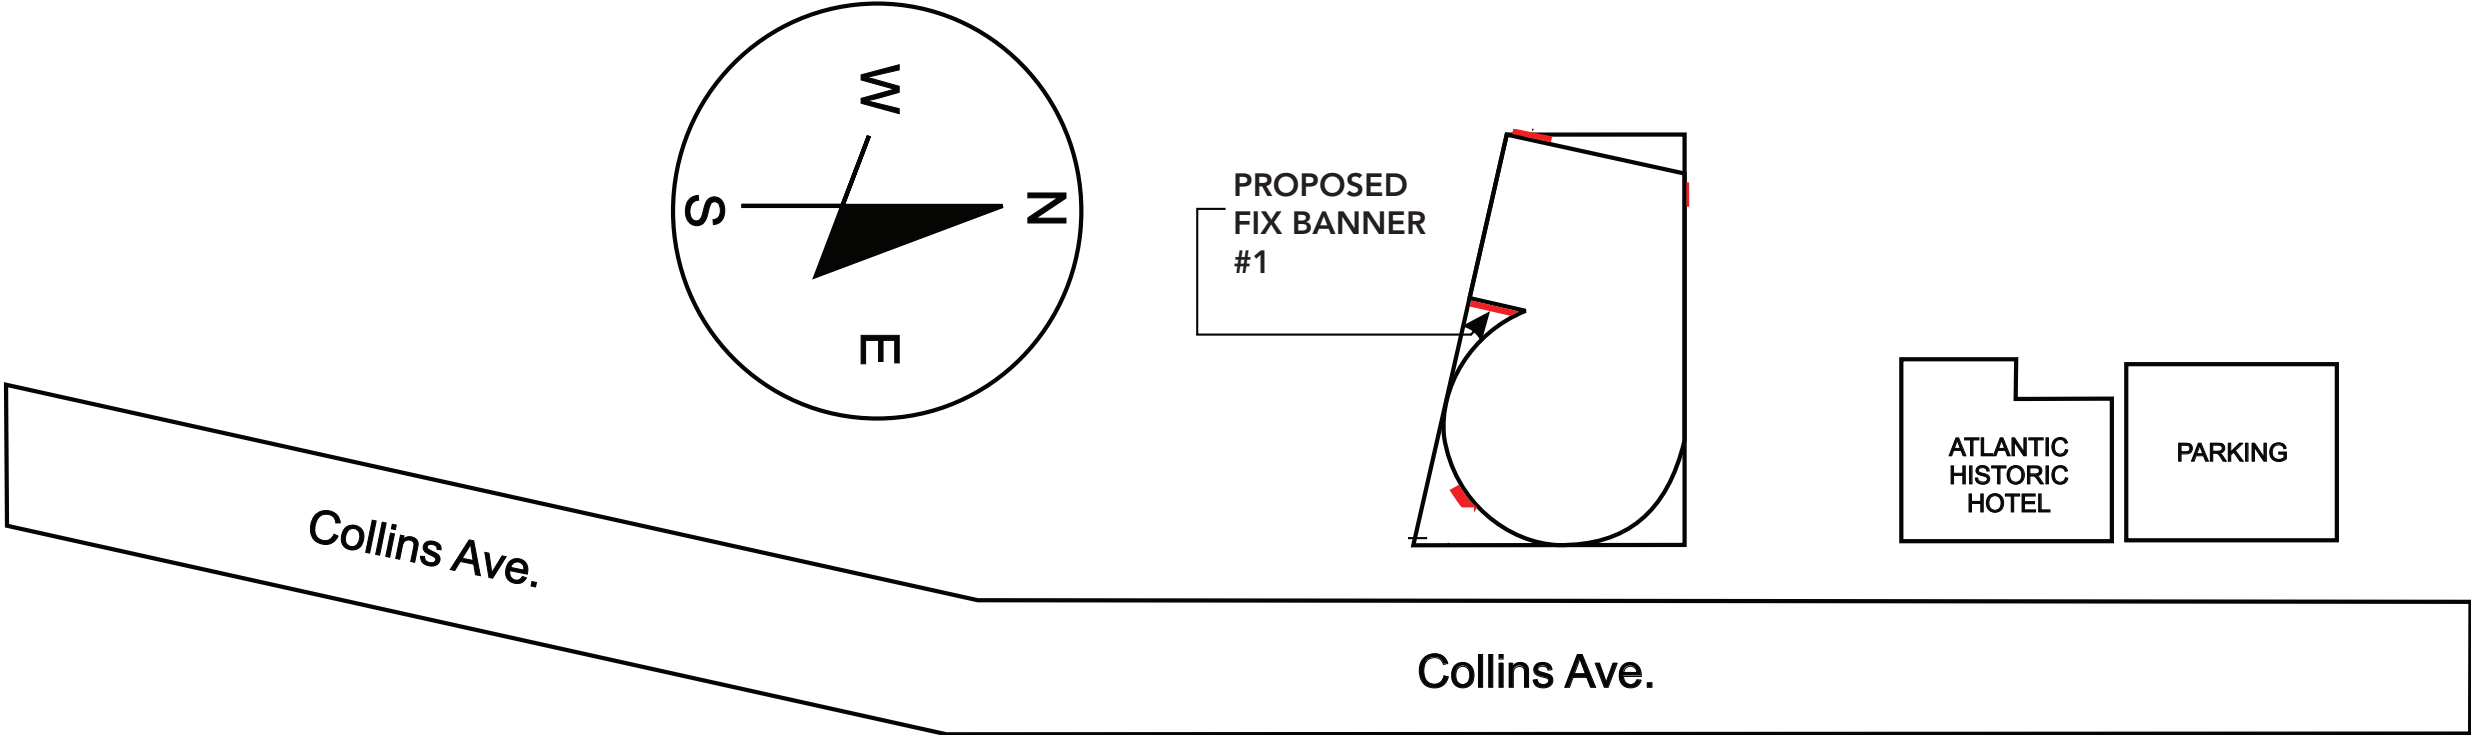

- Remove existing super graphic banner on the east-facing façade on the south side of the building and replace it with a same sized super graphic banner with a different design.
- The new banner would be installed and secured onto the wall in the same manner as the current banner, with ¼" x 2¾" tap con screws every 36" through all outside edges of the banners.
- The size of the super graphic banner is 10’ wide by 70’ tall.
