PLANNING DEPARTMENT

Staff Report & Recommendation

Historic Preservation Board

TO: Chairperson and Members
Historic Preservation Board

DATE: October 10, 2017

FROM: Thomas R. Mooney, AICP
Planning Director

SUBJECT: HPB17-0152 a.k.a. HPB File No. 7414, **1440 Ocean Drive & 1433 Collins Avenue.**

The applicant, Betsy Ross Owner LLC, is requesting modifications of the previously issued Certificate of Appropriateness. Specifically, the applicant is requesting approval for modifications to the surface material and finish of the pedestrian bridge located above the alley.

STAFF RECOMMENDATION

Approval of the Certificate of Appropriateness with conditions

BACKGROUND

On February 11, 2014, the Board reviewed and approved the subject Certificate of Appropriateness with the exception of the design of the Collins Avenue (west) façade of the new ground level addition and the final details and materials for the proposed pedestrian bridge, which were continued to a later date.

On October 14, 2014, the Board reviewed and approved the revised design for the Collins Avenue (west) façade and the final details and materials for the proposed pedestrian bridge.

Zoning: MXE (Mixed - Use Entertainment)
Future Land Use Designation: MXE (Mixed - Use Entertainment)

THE PROJECT

The applicant has submitted plans entitled “Betsy-Carlton Hotel”, as prepared by Shulman + Associates, dated July 25, 2017.

The applicant is requesting approval for an alternative surface finish and material for the pedestrian bridge located in the alley between the Betsy and Carlton hotel buildings.

CONSISTENCY WITH 2025 COMPREHENSIVE PLAN

A preliminary review of the project indicates that the proposed **hotel use** appears to be **consistent** with the Future Land Use Map of the Comprehensive Plan.

COMPLIANCE WITH ZONING CODE

A preliminary review of the project indicates that the application, as proposed, appears to be consistent with the City Code.

The above noted comments shall not be considered final zoning review or approval. These and all zoning matters shall require final review and verification by the Zoning Administrator prior to the issuance of a Building Permit.

COMPLIANCE WITH CERTIFICATE OF APPROPRIATENESS CRITERIA

A decision on an application for a Certificate of Appropriateness shall be based upon the following:

- I. Evaluation of the compatibility of the physical alteration or improvement with surrounding properties and where applicable, compliance with the following criteria pursuant to Section 118-564(a)(1) of the Miami Beach Code (it is recommended that the listed criteria be found Satisfied, Not Satisfied or Not Applicable, as so noted):
 - a. The Secretary of Interior's Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings as revised from time to time.
Satisfied
 - b. Other guidelines/policies/plans adopted or approved by Resolution or Ordinance by the City Commission.
Satisfied
- II. In determining whether a particular application is compatible with surrounding properties, the Board shall consider the following criteria pursuant to Section 118-564(a)(2) of the Miami Beach Code (it is recommended that the listed criteria be found Satisfied, Not Satisfied or Not Applicable, as so noted):
 - a. Exterior architectural features.
Satisfied
 - b. General design, scale, massing and arrangement.
Satisfied

- c. Texture and material and color.
Satisfied
 - d. The relationship of a, b, c, above, to other structures and features of the district.
Satisfied
 - e. The purpose for which the district was created.
Satisfied
 - f. The relationship of the size, design and siting of any new or reconstructed structure to the landscape of the district.
Satisfied
 - g. An historic resources report, containing all available data and historic documentation regarding the building, site or feature.
Not Applicable
 - h. The original architectural design or any subsequent modifications that have acquired significance.
Satisfied
- III. The examination of architectural drawings for consistency with the criteria pursuant to Section 118-564(a)(3) of the Miami Beach Code and stated below, with regard to the aesthetics, appearances, safety, and function of any new or existing structure, public interior space and physical attributes of the project in relation to the site, adjacent structures and properties, and surrounding community. The criteria referenced above are as follows (it is recommended that the listed criteria be found Satisfied, Not Satisfied or Not Applicable, as so noted):
- a. The location of all existing and proposed buildings, drives, parking spaces, walkways, means of ingress and egress, drainage facilities, utility services, landscaping structures, signs, and lighting and screening devices.
Not Applicable
 - b. The dimensions of all buildings, structures, setbacks, parking spaces, floor area ratio, height, lot coverage and any other information that may be reasonably necessary to determine compliance with the requirements of the underlying zoning district, and any applicable overlays, for a particular application or project.
Satisfied
 - c. The color, design, surface finishes and selection of landscape materials and architectural elements of the exterior of all buildings and structures and primary public interior areas for developments requiring a building permit in areas of the city identified in section 118-503.
Satisfied
 - d. The proposed structure, and/or additions to an existing structure is appropriate to and compatible with the environment and adjacent structures, and enhances the

appearance of the surrounding properties, or the purposes for which the district was created.

Satisfied

- e. The design and layout of the proposed site plan, as well as all new and existing buildings and public interior spaces shall be reviewed so as to provide an efficient arrangement of land uses. Particular attention shall be given to safety, crime prevention and fire protection, relationship to the surrounding neighborhood, impact on preserving historic character of the neighborhood and district, contiguous and adjacent buildings and lands, pedestrian sight lines and view corridors.

Satisfied

- f. Pedestrian and vehicular traffic movement within and adjacent to the site shall be reviewed to ensure that clearly defined, segregated pedestrian access to the site and all buildings is provided for and that any driveways and parking spaces are usable, safely and conveniently arranged and have a minimal impact on pedestrian circulation throughout the site. Access to the site from adjacent roads shall be designed so as to interfere as little as possible with vehicular traffic flow on these roads and pedestrian movement onto and within the site, as well as permit both pedestrians and vehicles a safe ingress and egress to the site.

Not Applicable

- g. Lighting shall be reviewed to ensure safe movement of persons and vehicles and reflection on public property for security purposes and to minimize glare and reflection on adjacent properties and consistent with a City master plan, where applicable.

Not Applicable

- h. Landscape and paving materials shall be reviewed to ensure an adequate relationship with and enhancement of the overall site plan design.

Not Applicable

- i. Buffering materials shall be reviewed to ensure that headlights of vehicles, noise, and light from Structures are adequately shielded from public view, adjacent properties and pedestrian areas.

Not Applicable

- j. Any proposed new structure shall have an orientation and massing which is sensitive to and compatible with the building site and surrounding area and which creates or maintains important view corridor(s).

Satisfied

- k. All buildings shall have, to the greatest extent possible, space in that part of the ground floor fronting a sidewalk, street or streets which is to be occupied for residential or commercial uses; likewise, the upper floors of the pedestal portion of the proposed building fronting a sidewalk street, or streets shall have residential or commercial spaces, or shall have the appearance of being a residential or commercial space or shall have an architectural treatment which

shall buffer the appearance of a parking structure from the surrounding area and is integrated with the overall appearance of the project.

Not Applicable

- l. All buildings shall have an appropriate and fully integrated rooftop architectural treatment which substantially screens all mechanical equipment, stairs and elevator towers.

Not Applicable

- m. Any addition on a building site shall be designed, sited and massed in a manner which is sensitive to and compatible with the existing improvement(s).

Satisfied

- n. All portions of a project fronting a street or sidewalk shall incorporate an amount of transparency at the first level necessary to achieve pedestrian compatibility.

Satisfied

- o. The location, design, screening and buffering of all required service bays, delivery bays, trash and refuse receptacles, as well as trash rooms shall be arranged so as to have a minimal impact on adjacent properties.

COMPLIANCE WITH SEA LEVEL RISE AND RESILIENCY REVIEW CRITERIA

Section 133-50(a) of the Land Development establishes review criteria for sea level rise and resiliency that must be considered as part of the review process for board orders. The following is an analysis of the request based upon these criteria:

- (1) A recycling or salvage plan for partial or total demolition shall be provided.
Not Applicable
- (2) Windows that are proposed to be replaced shall be hurricane proof impact windows.
Not Applicable
- (3) Where feasible and appropriate, passive cooling systems, such as operable windows, shall be provided.
Not Applicable
- (4) Whether resilient landscaping (salt tolerant, highly water-absorbent, native or Florida friendly plants) will be provided.
Not Applicable
- (5) Whether adopted sea level rise projections in the Southeast Florida Regional Climate Action Plan, as may be revised from time-to-time by the Southeast Florida Regional Climate Change Compact, including a study of land elevation and elevation of surrounding properties were considered.
Not Applicable
- (6) The ground floor, driveways, and garage ramping for new construction shall be adaptable to the raising of public rights-of-ways and adjacent land.

Not Applicable

- (7) Where feasible and appropriate, all critical mechanical and electrical systems shall be located above base flood elevation.

Not Applicable

- (8) Existing buildings shall be, where reasonably feasible and appropriate, elevated to the base flood elevation.

Not Applicable

- (9) When habitable space is located below the base flood elevation plus City of Miami Beach Freeboard, wet or dry flood proofing systems will be provided in accordance with Chapter of 54 of the City Code.

Not Applicable

- (10) Where feasible and appropriate, water retention systems shall be provided.

ANALYSIS

As noted in the Background section of this report, a redevelopment project was approved for the subject properties in 2014. Since that time, work associated with the approved project has been completed and the hotel has returned to operation. The improvements to the properties include the construction of a 1-story ground level addition located at the north side of the property, a 4-story ground level addition located at the south side of the property, a new 1-story rooftop addition and an elevated pedestrian bridge spanning Ocean Court connecting the Betsy and Carlton Hotel buildings at the third levels.

The elevated pedestrian bridge is encased by a large spherical element that was originally intended to be clad with a highly reflective silver finish (the applicant is currently requesting approval to retain the existing soft white surface finish for the Sphere). Staff has no objection to the applicants request to retain the white surface finish which has no adverse impact on either Contributing building or the surrounding historic district. While the applicant has expressed a desire to project artistic images on the sphere, staff would note that any artistic supergraphic, whether permanent or temporary, that is not associated with an approved Special Events Permit, will require review and approval by the Historic Preservation Board for each individual image.

RECOMMENDATION

In view of the foregoing analysis, staff recommends the application be **approved** subject to the following conditions, which address the inconsistencies with the aforementioned Certificate of Appropriateness criteria.

HISTORIC PRESERVATION BOARD
City of Miami Beach, Florida

MEETING DATE: October 10, 2017

FILE NO: HPB17-0152 a.k.a. HPB File No. 7414

PROPERTY: 1440 Ocean Drive & 1433 Collins Avenue

APPLICANT: Betsy Ross Owner LLC

LEGAL: Parcel 1

Lot 1, less the north 13 feet & Lot 2, Block 19 of Ocean Beach Addition no. 2, according to the plat thereof, as recorded in Plat Book 2 at page 56 of the public records of Miami-Dade County, Florida.

Parcel 2

Lots 18 & 19, Block 19, Ocean Beach, Fla., Addition No. 2, According to the Plat Thereof, as Recorded in Plat Book 2, Page 56, of the Public Records of Miami-Dade County, Florida.

IN RE: The Application for modifications of the previously issued Certificate of Appropriateness. Specifically, the applicant is requesting approval for modifications to the surface material and finish of the pedestrian bridge located above the alleys.

SUPPLEMENTAL ORDER

The City of Miami Beach Historic Preservation Board makes the following FINDINGS OF FACT, based upon the evidence, information, testimony and materials presented at the public hearing and which are part of the record for this matter:

I. Certificate of Appropriateness

- A. The subject site is located within the Collins Waterfront Local Historic District.
- B. Based on the plans and documents submitted with the application, testimony and information provided by the applicant, and the reasons set forth in the Planning Department Staff Report, the project as submitted:
 1. Is consistent with the Certificate of Appropriateness Criteria in Section 118-564(a)(1) of the Miami Beach Code.
 2. Is consistent with Certificate of Appropriateness Criteria in Section 118-564(a)(2) of the Miami Beach Code.
 3. Is not consistent with Certificate of Appropriateness Criteria in Section 118-564(a)(3) of the Miami Beach Code.
 4. Is consistent with Sea Level Rise and Resiliency Review Criteria in Section 133-50(a) of the Miami Beach Code.

C. The project would remain consistent with the criteria and requirements of section 118-564 and 133-50(a) if the following conditions are met:

1. Revised elevation, site plan and floor plan drawings shall be submitted and, at a minimum, such drawings shall incorporate the following:

- a. Any artistic supergraphic proposed to be located on the exterior of the sphere surrounding the pedestrian bridge, which is not associated with an approved Special Events Permit, shall require review and approval by the Historic Preservation Board.

In accordance with Section 118-537, the applicant, the owner(s) of the subject property, the City Manager, Miami Design Preservation League, Dade Heritage Trust, or an affected person may appeal the Board's decision on a Certificate of Appropriateness to a special master appointed by the City Commission.

II. Variance(s)

A. No request for variances has been filed with this application.

The decision of the Board regarding variances shall be final and there shall be no further review thereof except by resort to a court of competent jurisdiction by petition for writ of certiorari.

III. General Terms and Conditions applying to both 'I. Certificate of Appropriateness' and 'II. Variances' noted above.

- A. A copy of all pages of the recorded Supplemental Final Order shall be scanned into the plans submitted for building permit, and shall be located immediately after the front cover page of the permit plans.
- B. The Supplemental Final Order shall be recorded in the Public Records of Miami-Dade County, prior to the issuance of a Building Permit.
- C. Where one or more parcels are unified for a single development, the property owner shall execute and record an unity of title or a covenant in lieu of unity of title, as may be applicable, in a form acceptable to the City Attorney.
- D. Satisfaction of all conditions is required for the Planning Department to give its approval on a Certificate of Occupancy; a Temporary Certificate of Occupancy or Partial Certificate of Occupancy may also be conditionally granted Planning Departmental approval.
- E. The Supplemental Final Order is not severable, and if any provision or condition hereof is held void or unconstitutional in a final decision by a court of competent jurisdiction, the order shall be returned to the Board for reconsideration as to whether the order meets the criteria for approval absent the stricken provision or condition, and/or it is appropriate to modify the remaining conditions or impose new conditions.

- F. The previous Orders dated February 11, 2014 and October 14, 2014 shall remain in full force and effect, except to the extent modified herein.
- G. The conditions of approval herein are binding on the applicant, the property's owners, operators, and all successors in interest and assigns.
- H. Nothing in this order authorizes a violation of the City Code or other applicable law, nor allows a relaxation of any requirement or standard set forth in the City Code.

IT IS HEREBY ORDERED, based upon the foregoing findings of fact, the evidence, information, testimony and materials presented at the public hearing, which are part of the record for this matter, and the staff report and analysis, which are adopted herein, including the staff recommendations, which were amended and adopted by the Board, that the application is GRANTED for the above-referenced project subject to those certain conditions specified in Paragraph I, II, III of the Findings of Fact, to which the applicant has agreed.

PROVIDED, the applicant shall build substantially in accordance with the previously approved plans and the plans "Betsy-Carlton Hotel", as prepared by Shulman + Associates, dated July 25, 2017, as amended and approved by the Historic Preservation Board, as determined by staff.

When requesting a building permit, the plans submitted to the Building Department for permit shall be consistent with the plans approved by the Board, modified in accordance with the conditions set forth in this Order. No building permit may be issued unless and until all conditions of approval that must be satisfied prior to permit issuance, as set forth in this Order, have been met.

The issuance of the approval does not relieve the applicant from obtaining all other required Municipal, County and/or State reviews and permits, including final zoning approval. If adequate handicapped access is not provided on the Board-approved plans, this approval does not mean that such handicapped access is not required. When requesting a building permit, the plans submitted to the Building Department for permit shall be consistent with the plans approved by the Board, modified in accordance with the conditions set forth in this Order.

If the Full Building Permit for the project is not issued within eighteen (18) months of the meeting date at which the original approval was granted, the application will expire and become null and void, unless the applicant makes an application to the Board for an extension of time, in accordance with the requirements and procedures of Chapter 118 of the City Code; the granting of any such extension of time shall be at the discretion of the Board. If the Full Building Permit for the project should expire for any reason (including but not limited to construction not commencing and continuing, with required inspections, in accordance with the applicable Building Code), the application will expire and become null and void.

In accordance with Chapter 118 of the City Code, the violation of any conditions and safeguards that are a part of this Order shall be deemed a violation of the land development regulations of the City Code. Failure to comply with this **Order** shall subject the application to Chapter 118 of the City Code, for revocation or modification of the application.
