Re: Letter of Intent for a Variance to Construct a Spa Pool on the Property Located
1409 Lincoln Road in the City of Miami Beach, Florida

Dear Tom:

As you know, this law firm represents Stef USA, Inc. (the "Applicant"), the owner of the property located at 1409 Lincoln Road, Miami Beach, Florida (the "Property"). See Exhibit A. Please allow this correspondence to serve as the required letter of intent in connection with a request to the Design Review Board ("DRB") for one (1) variance to allow for the construction of a spa pool amenity on the Property.

Description of the Property. The Property is identified by the Miami-Dade County Property Appraiser's Office by Folio Number 02-3233-014-0170 and is approximately 7,500 square feet in size. See Exhibit A. The Property is located on the north side of Lincoln Road, between Lincoln Court and Bay Road. Notably, the Property fronts three (3) public right-of-ways, Lincoln Court, Lincoln Road and Bay Road. The Property houses the Hotel Gaythering and includes an existing structure that is approximately 14,979 square feet in size. The Property includes a courtyard feature along the Lincoln Road façade. The Property is located in the RM-2, Residential Multi-Family, Medium Intensity District. While the unique structure is reminiscent and characteristic of old Miami Beach, the Property is not historically designated or located within a historic district.

To the north of the Property is the Lincoln Palace condominium building. To the south of the Property is the Lincoln Plaza condominium building. To the west of the Property is the Sunshine Bay condominium building. To the east of the Property is the Bayview condominium building. However, the only directly adjacent neighbor is the

property to the north, as the Property is directly adjacent to three (3) public rights-of-way. All the abutting properties are similarly zoned RM-2.

Description of the Development Program. The Applicant seeks to incorporate a modest spa pool amenity within the Property's courtyard for its guests. While the exact front of the Property is difficult to ascertain as the Property fronts three (3) public right-of-ways, Lincoln Road has been deemed a side facing street. The proposed spa pool location is the only location where such an amenity may be constructed without demolition to the existing structure. While the existing structure is not historically designated, it is a unique structure that is reminiscent and characteristic of old Miami Beach. As such, the Applicant seeks to preserve the existing structure. Hence, the Applicant seeks one (1) variance to construct the spa pool, which is less than 120 square feet in size. Specifically, the proposed spa pool is 102 square feet in size. The Applicant is also proposing ample landscaping to buffer the spa pool.

The Applicant proposes the spa pool for its hotel guests. The spa pool will close at 11:00 PM and there will be no bar service to the pool. As the Applicant seeks to retain the existing structure without any demolition, a spa pool can only be located where proposed, facing Lincoln Road. The proposed location is the only location that permits the addition of a spa pool amenity without demolishing the existing structure. Further, due to the Property's unique characteristics, any reasonable location for the spa pool would have required a variance of the City Code.

Request. The Applicant seeks a variance from City Code Section 142-1133(3)(b) to permit a spa pool amenity in the side facing a street of the Property with a 3'-8" setback where swimming pools within the side facing a street are required to have 15'-0" setback from the property line to the swimming pool, deck or platform, the exterior face of an infinity edge pool catch basin, or screen enclosure.

Satisfaction of Hardship Criteria. City Code Section 118-353(d) sets forth the hardship criteria for a variance request. The Applicant's request satisfies all hardship criteria as follows:

- (1) Special conditions and circumstances exist which are peculiar to the land, structure, or building involved and which are not applicable to other lands, structures, or buildings in the same zoning district;**

The proposed location of the spa pool, facing Lincoln Road, is the only location whereby the modest pool can be located. Due to the peculiar and unique characteristics of the Property as well as the existing footprint of the structure, the requested variance is

necessary in order for the Applicant to allow for the development of a spa pool amenity for its guests to ensure the project's viability.

(2) The special conditions and circumstances do not result from the action of the applicant;

The need for the requested variance directly results from the Property's existing conditions and characteristics, and are not the result of any action by the Applicant.

(3) Granting the variance requested will not confer on the applicant any special privilege that is denied by these land development regulations to other lands, buildings, or structures in the same zoning district;

There are numerous existing structures in the area, many of which have been renovated and redeveloped. Granting the requested variance will enable the Applicant to modestly redevelop the Property while allowing for the addition of the 102 square foot spa pool amenity, where many similar developments in the area have constructed swimming pools. The Code allows other similar situated property owners to seek similar variances to accommodate the preservation of existing structures while allowing for modest redevelopment to ensure project viability. The granting of this variance is in line with the purpose and intent of the Code and does not confer any special privilege on the Applicant.

(4) Literal interpretation of the provisions of these land development regulations would deprive the applicant of rights commonly enjoyed by other properties in the same zoning district under the terms of these land development regulations and would work unnecessary and undue hardship on the applicant;

A literal interpretation of the provisions of these land development regulations would work an unnecessary and undue hardship on the Applicant. The single variance is requested in order to effectuate the maintenance of the existing structure on the Property while permitting the incorporation of a modest spa pool amenity to ensure the hotel's viability. Other property owners have sought and been approved for setback variances, for example, in order to achieve preservation of existing structures while allowing for modest redevelopment.

(5) The variance granted is the minimum variance that will make possible the reasonable use of the land, building or structure;

The Applicant's single request is the minimum necessary in order to allow for the maintenance of the existing structure, while permitting for the construction of a modest spa pool amenity to ensure the hotel's viability.

- (6) The granting of the variance will be in harmony with the general intent and purpose of these land development regulations and that such variance will not be injurious to the area involved or otherwise detrimental to the public welfare; and**

This single variance will not be injurious to the area or otherwise detrimental to the public welfare. This variance will facilitate the preservation and utilization of the Property. In addition, while the Applicant is requesting a 0-foot setback from the Property line, there is approximately 16'-6" of sodded Lincoln Road right-of-way prior to the curb sidewalk, which provides additional landscape area and buffering outside of the Property. As such, this variance is consistent with the purpose and intent of the Code and promotes the public welfare in the promotion of maintenance of existing structures while allowing for modest redevelopment to ensure project viability.

- (7) The granting of this request is consistent with the comprehensive plan and does not reduce the levels of service as set forth in the plan. The planning and zoning director may require applicants to submit documentation to support this requirement prior to the scheduling of a public hearing or any time prior to the board of adjustment voting on the applicant's request.**

This requested variance is consistent with the City's comprehensive plan and does not reduce the levels of service as set forth in the plan.

Practical Difficulty. The Property's location directly adjacent to three (3) public rights-of-ways that essentially creates a three (3) frontages for the Property, the existing conditions and characteristics of the Property, and the preservation of the existing building with no demolition, all represent practical difficulties inhibiting the Applicant from meeting all Code requirements. However, the Applicant's proposal satisfies the intent and purposes of the Code to provide for a compatible and modest spa pool amenity that does not adversely impact the neighborhood.

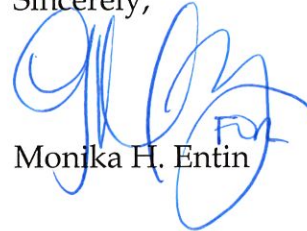

As such, the Applicant requests a favorable recommendation for the abovementioned variance for the Property.

Conclusion. This Property will greatly benefit from the Property's viability and addition of the modest spa pool amenity, which is compatible and in harmony with the surrounding area. We respectfully request your recommendation of approval of the

APPLICATION COMMENTS

Comments Issued: August 30, 2017

1. DEFICIENCIES IN ARCHITECTURAL PRESENTATION

- a. Include in drawing set hours of pool operation.

***Response:** Hours of pool operation have been included under "General Notes" on Pages 9 and 11.*

- b. Include a sheet dedicated to materials, architectural details such as rails, colors, etc., that is part of design.

***Response:** Please refer to Page 15 with reference images of the proposed materials.*

- c. Staff recommends that the new solid brick wall at the front be composed of breeze blocks, as existing in the building or a combination of breeze blocks and brick walls.

***Response:** The recommendation will be explored in future design phase. Wall was made solid to help contain sound within the courtyard.*

2. ZONING/VARIANCE COMMENTS

- a. **Variance required:**

Setback for pool in a side yard facing a street is 15'-0", Sec. 142-1133 (3)b. of Code.

1. Survey included twice on the architectural set uploaded to CAP is old and shall be replaced with the survey that indicates the existing grade elevations.

***Response:** Old survey has been replaced with a new survey that depicts the existing grade elevations.*

2. For final CAP submittal upload a new electronic file, dated including all architectural plans and updated survey.

***Response:** Noted*

3. The grade indicated on zoning table shall match grade indicated in survey (3.32' NGVD).

***Response:** Grade indicated in survey is (3.52' NVD). This grade is now indicated on zoning table.*

4. Please clarify what is "Transitional hardscape plan" (page 9).

***Response:** We realized that Page 9 "Transitional Hardscape Plan" and Page 10 create confusion and have been omitted.*

5. It is not clear why there are several plans proposed for the walkway entry. The documentation provided is acceptable as to the future raising of the sidewalk and streets by Public Works, although there is not specified anywhere on plans or on emails what is the final elevation of the street and sidewalk, as determined by Public Works.

***Response:** The proposed entry walkway has been reduced to one option with two entry points as previously recommended by staff. Two schemes are currently being depicted. Scheme 1 illustrates the Right of Way as per Public Works*

6. Brick fence at the property line cannot exceed 5'-0" from grade (future elevation of the sidewalk, as determined by Public Works). Similar condition will be added to staff recommendation.
Response: A note has been added on the proposed plans (Pages 9 and 11) indicating that the fence at the property cannot exceed 5'-0" from grade (future elevation of the sidewalk, as determined by Public Works).
7. Remove old survey from the set of plans.
Response: Old survey has been replaced with a new survey that depicts the existing grade elevations.
8. Provide width of entry walkway.
Response: Width of walkway(s) are illustrated on Page 12.

3. DESIGN/APPROPRIATENESS COMMENTS

- a. All handrails are to have a flat profile and return to ground.
Response: There is a note under "General Notes" stating the above on Pages 9 and 11.
- b. Staff recommends that the new solid brick wall at the front be composed of breeze blocks, as existing in the building or a combination of breeze blocks and brick walls.
Response: The recommendation will be explored in future design phase. Wall was made solid to help contain sound within the courtyard.

4. LANDSCAPING COMMENTS

- a. Ensure that podocarpus hedge in the public right-of-way is slated for removal.
Response: There is a note on the plan pointing towards the Podocarpus stating the above on Page 20.
- b. Ensure that any and all plantings in public right-of-way/swale are coordinated with future right-of-way projects of Public Works Department.
Response: There is a note under "General Notes" stating the above on Pages 9 and 11.
