#### PLEASE NOTE THE FOLLOWING:

- Applications for any Board hearing(s) will not be accepted without payment of the required fee. All checks are to be made payable to: "City of Miami Beach."
- <u>Public records notice</u>: all documentation, application forms, maps, drawings, photographs, letters and exhibits will become a part of the public record maintained by the City of Miami Beach Planning Department and shall under Florida Statute, be disclosed upon proper request to any person or entity.
- In accordance with the requirements of Section 2-482 of the Code of the City of Miami Beach, any individual or group (Lobbyist) that has been, or will be, compensated to either speak in favor or against a project being presented before any of the City's Development Review Boards, shall be fully disclosed prior to the public hearing. All such individuals and/or groups must register with the City Clerk prior to the hearing.
- In accordance with Section 118-31 of the Code of the City of Miami Beach, all applicants shall, prior to the public hearing, fully disclose any consideration provided or committed, directly or on its behalf, for an agreement to support or withhold objection to the requested approval, relief or action (exclusive of all legal or professional design services). Such disclosure shall:
  - Be in writing.
  - 1. 2. 3. Indicate to whom the consideration has been provided or committed.
  - Generally describe the nature of the consideration.
  - Be read into the record by the requesting person or entity prior to submission to the secretary/clerk of the respective board.

In the event the applicable development review board determines that the foregoing disclosure requirement was not timely satisfied by the person or entity requesting approval, relief or other action as provided above, then the application or order, as applicable, shall immediately be deemed null and void without further force or effect, and no application from said person or entity for the subject property shall be reviewed or considered by the applicable board(s) until expiration of a period of one year after the nullification of the application or order. It shall be unlawful to employ any device, scheme or artifice to circumvent the disclosure requirements of this section and such circumvention shall be deemed a violation of the disclosure requirements of this section.

When the applicable Boards reach a decision, a Final Order will be issued stating the Board's decision and any conditions imposed therein. The Final Order must be recorded in the Office of the Recorder of Miami-Dade County; the original shall remain on file with the board clerk/secretary. Under no circumstances will a building permit be issued by the City of Miami Beach without a copy of the recorded Final Order being tendered along with the construction plans.

Ms. Deborah Tackett Miami Beach Planning Department Miami Beach City Hall 1700 Convention Center Dr. Miami Beach, FL 33139

Re: Crown Castle Letter of Intent for the Installation of a Distributed Antenna System ("DAS") within Historic Districts in the City of Miami Beach

Dear Ms. Tackett:

Crown Castle NG East LLC ("Crown Castle") seeks to place a DAS network in the City of Miami Beach (the "City"), which will consist of placing fiber optic cable (underground) and stealth nodes (utility poles containing telecommunications infrastructure) within the right of way. In order to meet the network coverage objectives of our client, Crown Castle must place some of this infrastructure within historic districts in the City. This letter will serve as support for each of those applications.

#### Description of the Project

As stated above, Crown Castle seeks to place a DAS network in Miami Beach in order to enhance the network capacity of its client, which is a wireless carrier. The carrier has significant capacity issues in Miami Beach. In order to solve these capacity issues, several DAS nodes must be placed in Historic Districts within the City.

Below is a brief description of the locations:

- Crown Node 5\_16 located at 690 Lenox Ave, Miami Beach 33139
- Crown Node 5\_17 located at 525 Jefferson Ave., Miami Beach 33139

#### Description of the Equipment

Crown Castle has worked with the staff of Miami Beach Planning Department for two years to find a design for DAS nodes which would both meet the network objectives of its client and meet the city's aesthetic and safety concerns about placing DAS nodes in Historic Districts. After much discussion and the recent passage of a new telecommunications ordinance by the City Commission addressing the installation of such technology in the City, Crown Castle has

developed a stealth node which will function as both a street light pole and a telecommunications pole. An existing street light will be removed and replaced with a functioning DAS stealth street light pole which will not require additional ground equipment installed in the right of way.

#### Conclusion

Crown Castle has worked diligently with City staff to meet all of their concerns about placing DAS infrastructure within the city, including the Historic Districts. Crown Castle believes it has satisfied all of the City's concerns and accordingly requests that the Historic Preservation Board approve its applications for the installation of DAS infrastructure within certain Historic Districts in the City.

Sincerely,

Wanda Melton

Re:

Historic Review Board Application for the installation of Distributed Antenna System Utility Pole Crown Castle Node 5 17 located at 525 Jefferson Ave, Miami Beach 33139

Dear Ms. Tackett:

Crown Castle NG East LLC ("Crown Castle") respectfully submits this letter to the City of Miami Beach (the "City") regarding an application seeking Historic Preservation Board (the "Board") review and approval for a Distributed Antenna System ("DAS") utility pole within the City. As part of the application package, the Board requires an explanation whenever a proposed DAS utility pole or node (such poles are referred to in the telecommunications industry as "nodes") cannot be collocated. A "collocated" node would be a node placed on a pole or other infrastructure already existing in the right of way. This letter explains why the application package referred to above is for a "stand-alone" DAS node rather than a collocated node.

As you know, Florida Statutes, Section 337.401(3), allows Crown Castle, as a communications services provider, to place its communications facilities within the right of way subject to reasonable and non-discriminatory regulation by the City. Although Crown Castle collocates its DAS facilities whenever possible on poles and other infrastructure already existing in the right of way, in this case Crown Castle engineers examined each potential collocation site and determined that there was not a suitable collocation site which would have provided the wireless coverage for the intended target of each node. In other words, the possible sites upon which Crown Castle might collocate the particular DAS node was too far away, was not in a location which would be able to provide the additional wireless capacity each node was intended to provide, or was not a site for which Crown had rights to attach. Therefore, in each of these instances, Crown Castle is proposing a stand-alone DAS stealth pole. The particular node location above was determined by Crown Castle engineers to be the preferred location as it provides additional capacity to both the intended target while taking into account aesthetic and traffic safety criteria.

Please do not hesitate to call or contact me with any further questions or to discuss this matter.

Sincerely,

Wanda Melton
