

OFFICE OF THE CITY MANAGER

NO. LTC #

562-2017

## LETTER TO COMMISSION

TO: Mayor Dan Gelber and Members of the City Commission

FROM: Jimmy L. Morales, City Manager

DATE: November 21, 2017

SUBJECT: **Education Enhancement Prioritization Survey Final Results**

The purpose of this Letter to Commission (LTC) is to share the results of the Miami Beach Education Enhancement Prioritization Survey administered between October 11, 2017 and November 13, 2017 to residents with youth in Miami Beach public schools. Staff received direction at the April 26, 2017 Commission meeting to survey members of the community with children in a Miami Beach public school to determine what educational enhancements were needed, and present the findings to the Finance and Citywide Projects Committee (FCWPC) in October 2017 for review. City administration developed and conducted an education enhancement survey in May 2017 to gather input on potential enhancement; this preliminary survey received 374 community responses. Staff met with Miami Beach public school principals and district personnel in July 2017 to identify additional enhancements for inclusion in the follow-up prioritization survey.

### EDUCATION ENHANCEMENT PRIORITIZATION SURVEY RESULTS

Overall, the education enhancement prioritization survey received 317 community responses, which represent 391 children from the following schools: Biscayne Elementary (21), North Beach Elementary (79), South Pointe Elementary (26), Treasure Island Elementary (13), Fienberg Fisher K-8 Center (56), Nautilus Middle (39) and Miami Beach Senior High (83).

Attached is a summary report (Attachment A) with potential enhancements listed by compact area and the ranking of the top three enhancements by school.

Also provided are individual survey reports (Attachments B-H) for each Miami Beach public school that show the enhancement, number of responses rating as most important, and the overall percent rating most important.

Some highlights from the education enhancement prioritization survey where all schools rate enhancements as the most important include the following:

- Teacher recruitment/retention – professional development/training for teachers in the International Baccalaureate (IB) program and incentives for teacher recruitment/retention
- Enhanced communication of educational and community events – Miami Beach Student Expo and Miami Beach Parent Program
- Family/Parental Involvement – extracurricular after-school activities, such as: drama/theater, competitions, chorus, robotics, and coding
- Enhanced student health and well-being – behavioral mental health program

- Improved student achievement – International Baccalaureate (IB) program and dual enrollment course offerings
- School safety – the Anti-Defamation League’s No Place for Hate program and addition of security guards
- Technology access – free Wi-Fi

## **BACKGROUND**

At the March 1, 2017, City Commission meeting, the Commission referred an item to the Finance and Citywide Projects Committee (FCWPC) to examine options that may be available to the City to provide supplemental funding for enhancements and other support for public schools within the City’s geographical boundaries. A companion item was also referred to the Neighborhoods/Community Affairs Committee (NCAC), to hold a discussion regarding a governance structure with respect to the manner in which any such supplemental City funds to support public schools should be spent or used. During the March 31, 2017 FCWPC meeting, members recommended the creation of a non-profit charitable 501(c)(3) entity to raise funds for public education within the City.

## **CREATION OF NOT-FOR-PROFIT 501(c)(3) TO SUPPORT PUBLIC EDUCATION**

At the April 26, 2017, City Commission meeting, the Commission approved through Resolution No. 2017-29726, the formation of a 501(c)(3) organization to fund Miami Beach public school educational enhancements.

At the October 13, 2017 FCWPC meeting, it was further recommended that the 501(c)(3) not-for-profit organization be known as “Miami Beach for Better Public Education” with the public purpose of providing support specifically for educational enhancements in support of the City’s Education Compact. During the October 18, 2017 Commission meeting, and pursuant to Resolution No. 2017-30041, the City Manager and City Attorney were directed to create and establish an independent non-for-profit 501(c)(3).

## **EDUCATION COMPACT**

On January 8, 2008, the City entered into an Education Compact (the “Compact”) with Miami-Dade County Public Schools (M-DCPS). Developed with significant community input, the Compact reflects the desire of the Miami Beach community to support excellence in its schools and an investment in the overall enhancement of education for its residents. The Compact currently addresses and supports the following priority areas:

- Teacher Recruitment/Retention;
- Communication;
- Parental Involvement/Family Support/Youth and Community Engagement;
- Health and Well-Being;
- Student Achievement;
- Safety; and
- Technology.

In Resolution No. 2015-28997, the City Commission directed the Administration to expand the Compact to address the following areas: Early Learning; Extracurricular/Choice Offerings; and Afterschool Programming.

Since then, the City has entered into contracts with M-DCPS and other organizations for the following initiatives: Voluntary Pre-kindergarten (VPK) at Fienberg Fisher K-8 Center and Biscayne Elementary; Dual Enrollment Expansion through partnerships with Florida International University and Miami-Dade College at Miami Beach Senior High School and Nautilus Middle School; and Afterschool Teen Program at Nautilus Middle School.

The City supports excellence in education in the City's public schools recognizing it is an investment in the overall enhancement of education for residents. Enhanced student achievement includes a seamless curriculum of advanced studies through the International Baccalaureate (IB) Program, from Pre-Kindergarten through twelfth grade. To date, approximately \$936,000 has been expended for application fees, professional development for teachers, and other youth related activities including dual enrollment, Nurse Initiative, Common Threads, and Mental Health Services (not including Voluntary Pre-K), for an additional \$489,000 for the first three years.

### **EDUCATION COMPACT FUNDING CHART**

The below chart provides information on enhancements currently underway, and estimated cost per year. Also included is the estimated partner contribution for each enhancement and the number of youth participating annually. Currently, enhancements are funded from waste hauler public benefit contributions to education at \$100,000 per year and for FY18 \$195,000 from parking garage advertisement revenue. Also, \$129,000 in funding is provided from the general fund in FY18.

	<b>CMB Annual Budgeted Funding</b>	<b>Partner Annual Estimated Contribution *</b>	<b>Youth Estimated Participation Annually</b>
Voluntary Pre-Kindergarten	\$ 141,000.00	\$ -	40

<b>Total</b>	<b>\$ 395,000.00</b>	<b>\$ 1,129,911.74</b>	

\*Partner annual estimated contributions are based on the following:

- IB – Per MDCPS estimated annual costs include IB coordinator at each of the six schools, IB materials, IB Diploma exam costs, annual fees, etc.
- Agenda partner contribution \$600 North Bay Village, \$5,300 school PTSA, and \$5,300 ad sales
- Nurse Initiative partner contribution \$3,600 Towns of Surfside, Bay Harbor, and Bal Harbor, and \$6,600 North Bay Village
- Behavioral Health partners for mental health \$22,000 Borinquen and \$13,000 Children's Trust
- Miami-Dade College dual enrollment \$15,152 MDCPS contribution for textbooks
- Florida International University dual enrollment \$33,568 MDCPS contribution for textbooks
- Common Threads partnership contribution of \$12,928
- Anti-Defamation League partnership contribution \$4,125

## **NEXT STEPS**

At the request of the FCWPC, administration will obtain cost estimates for those enhancements identified that are not currently underway. These estimates will include potential partnership opportunities and the anticipated number of student participants. This information will be presented at an upcoming retreat for further discussion and consideration for implementation.

We will continue to support our strategic outcome to achieve K-12 public school excellence through our Education Compact. Dr. Leslie Rosenfeld will be reaching out to each of you to review the results of the survey. If you have any questions, please feel free to contact me.
