Re: Hosteria Romana Restaurant.
429 Espanola Way.
Miami Beach, Florida 33139

Gentlemen,

The purpose of this letter of intent from Marco Efrati is to obtain a certificate of appropriateness in order to legalize minor alteration to the façade of an existing commercial building located at 429 Espanola Way.

The intension shall be to legalized added elements to the exterior façade to the existing building mentioned above in order to be able to safely and efficiently manage the sidewalk café for the restaurant Hosteria Romana.

At this time we are proposing the following elements:

1. - Lighting. The lighting provided by the city is not enough to safely operate the sidewalk café. We are proposing the addition of surface mounting low profile lighting fixtures. In the event the restaurant ends its operation at that location, the lighting can be removed and no damage and or alteration to the façade of the building shall happen.
2. -Exterior Fans. We propose to place some of the wall mounted fans hidden under the canopy. Other fans shall be surface mounted where no canopies are existing.
3. –Wood barrels. These barrels serve several purposes. Among them, they are elements that characterize the restaurant and attract the clients because they create a Mediterranean ambiance which visually invite the tourist into our place.

All of these elements are surface mounted. Their installation signifies no damage or physical alteration of the façade of the building. They are temporary in nature and can be easily removed at any time. The first element is necessary to safely operate the sidewalk café. The second element is necessary, during our summer in order of offer an ambiance which is a little more comfortable to our patrons and the third elements are decoration which can make the difference when choosing our restaurant as their food consumption experience.

Yours truly,

Mr. Marco Efrati,
owner
