

# PEDESTRIAN BRIDGE AESTHETICS

- Cascade style bridge
- Architectural panels, water jetted design and powder coated aluminum
- Slip resistant decking

Option 1 : Decorative Panels

PRO: Decorative panels can be customized with any City design

CON: More expensive design, resulting in less potential funding for landscaping

# PEDESTRIAN BRIDGE AESTHETICS

- Powder coated aluminum
- Slip resistant decking

Option 2: Contour Style

PRO: Less expensive design, resulting in more potential funding for landscaping

CON: Panels are not customizable
