LAND USE BOARD HEARING APPLICATION

THE FOLLOWING APPLICATION IS SUBMITTED FOR REVIEW AND CONSIDERATION OF THE PROJECT DESCRIBED HEREIN BY THE LAND USE BOARD SELECTED BELOW. A SEPARATE APPLICATION MUST BE COMPLETED FOR EACH BOARD REVIEWING THE PROPOSED PROJECT.

☐ BOARD OF ADJUSTMENT
☐ VARIANCE FROM A PROVISION OF THE LAND DEVELOPMENT REGULATIONS
☐ APPEAL OF AN ADMINISTRATIVE DECISION
☐ DESIGN REVIEW BOARD
☐ DESIGN REVIEW APPROVAL
☐ VARIANCE RELATED TO PROJECT BEING CONSIDERED OR APPROVED BY DRB.
X HISTORIC PRESERVATION BOARD
🗴 CERTIFICATE OF APPROPRIATENESS FOR DESIGN
☐ CERTIFICATE OF APPROPRIATENESS TO DEMOLISH A STRUCTURE
☐ HISTORIC DISTRICT / SITE DESIGNATION
X VARIANCE RELATED TO PROJECT BEING CONSIDERED OR APPROVED BY HPB.
☐ PLANNING BOARD
☐ CONDITIONAL USE PERMIT
☐ LOT SPLIT APPROVAL
☐ AMENDMENT TO THE LAND DEVELOPMENT REGULATIONS OR ZONING MAP
☐ AMENDMENT TO THE COMPREHENSIVE PLAN OR FUTURE LAND USE MAP
☐ FLOOD PLAIN MANAGEMENT BOARD
☐ FLOOD PLAIN WAIVER
☐ OTHER
SUBJECT PROPERTY ADDRESS: 550 9th Street

Re: Letter of Intent for Certificate of Appropriateness for Renovation, Design, and Variances with Regards to the Structure at 550 9th Street

Dear Tom:

This law firm represents 550 Ninth, LLC (the "Applicant") with regard to the above-referenced property (the "Property") within the City of Miami Beach (the "City"). Please let the following serve as the required letter of intent for a Certificate of Appropriateness ("COA") for demolition and design to convert the existing structure from hospital to hotel use.

<u>Description of Property</u>. The Property is approximately 20,870 square feet in size (0.479 acres) and is located at the southeast corner of the intersection of 9th Street and Pennsylvania Avenue. The Property is identified by Miami-Dade County Property Appraiser folio number 02-4203-009-0100. The Property is zoned HD, Hospital District and is improved with a six (6) story hospital facility which was built in 1966. The Property is in the process of being re-zoned to CD-2 Commercial, Medium Intensity District (the "CD-2 District"). The existing structure is a legally established nonconforming structure in the CD-2 District with height and FAR in excess of what is presently allowed. All of the neighboring properties abutting the Property are part of the CD-2 District. The Property is located within the Flamingo Park Historic District, and the structure existing on the Property is non-contributing. The Property is also located within the Miami Beach Architectural National Register Historic District. Neighboring the Property to the east is a one-story commercial structure and the properties neighboring the Property to the north, south, and west are all multifamily buildings.

<u>Description of Development Program</u>. The Applicant is proposing to renovate and modernize the existing structure while retaining the nonconforming building and converting it to hotel use through adaptive reuse pursuant to Section 142-456 of the Code. The renovations include restoration of exterior facades and interior spaces and reconfiguration of the units for hotel use. The proposed development will maintain the existing nonconforming floor area and height of the existing structure. The building currently has 88 hospital rooms with a total of 192 beds. The proposed renovations will reconfigure these units and provide additional units to result in providing a total of 110 hotel units.

The first floor will be reconfigured to renovate the interior area on the south end of the Property to serve as the hotel lobby and café with twenty (20) seats. The ground level parking area that exists on the northern portion of the Property will be reconfigured to provide for 29 parking spaces to be utilized by valet service, where the cars will be triple-stacked. The rooftop will be renovated to accommodate a pool deck with an outdoor bar and cafe. The Applicant has met with the Miami Beach Parking Department to come up with a detailed plan delineating on-street loading pursuant to Section 130-101(C) of the Miami Beach Code of Ordinances (the "Code").

<u>Requests.</u> The Applicant respectfully requests a certificate of appropriateness for demolition and design to convert the existing structure from hospital to hotel use. The Applicant also requests the following variances which are necessary to accommodate the preservation and conversion of the existing structure to hotel use in the CD-2 District:

- 1. **Minimum Hotel Unit Size** variance to allow for units as small as 265 square feet where the Code calls for a minimum of 300 square feet pursuant to Section 142-306 ("Variance 1");
- 2. **Valet and Tandem Parking –** variance to allow for stacking of up to three (3) vehicles for valent and tandem parking where the Code calls for a maximum of two (2) vehicles pursuant to Section 130-251 ("Variance 2");
- 3. **Setbacks** variance to allow for new construction for rooftop pool deck and mechanical enclosure on rooftop where setbacks of the existing structure are nonconforming ("Variance 3").
- 4. **Signage** variance to allow for the relocation of the building identification sign from the building parapet ("Variance 4").

Thomas Mooney, Planning Director February 2, 2018 Page 3

<u>Compliance with COA Criteria.</u> The Applicant's request complies with the Certificate of Appropriateness criteria in that the proposed improvement is compatible with the surrounding properties; and the exterior architectural features and general design, scale, massing and arrangement are analogous to those of neighboring properties. The proposed renovations will beautify the Property and the new rooftop pool deck seamlessly merges into the existing structure.

The proposed renovations are appropriate to and compatible with the environment and adjacent structures, and enhance the appearance of the surrounding properties while prioritizing preservation of the existing structure. The design and layout of the proposed site plan, as well as the new rooftop pool deck addition provides an efficient arrangement of land uses. Overall, the proposed renovations will positively impact the historic character of the neighborhood and district. Accordingly, the Applicant's proposed renovation meets the Certificate of Appropriateness criteria for renovation and design.

<u>Satisfaction of Hardship Criteria</u>. Section 118-353(d) of the City's Code sets forth the hardship criteria for a variance request. The Applicant's request satisfies all hardship criteria as follows:

(1) Special conditions and circumstances exist which are peculiar to the land, structure, or building involved and which are not applicable to other lands, structures, or buildings in the same zoning district;

The existing structure on the Property is for hospital use, which is no longer viable or compatible for the area. The zoning change of the Property to CD-2 creates a special condition specific to this Property which compels a conversion of use that will benefit the area and make the Property more compatible with the fabric of the surrounding neighborhood. Each of Variance 1, 2, 3, and 4 stems from this unique circumstance. The variances requested are required in order to effectively convert the existing nonconforming structure into a hotel use while retaining the existing building. The Applicant seeks to retain the existing structure, including the interior wall partitions, which dictate the unit sizes, and thus compels Variance 1. Variance 2 is needed to accommodate the valet parking to serve the hotel on the existing layout of the parking area for the Property. Variance 3 is necessary in order to retain the existing nonconforming structure on the Property, while adding the rooftop pool deck and finding a location for the needed mechanical enclosure for the new use. Variance 4 is to allow for the relocation of signage in a manner consistent with the new hotel use on the existing nonconforming structure.

(2) The special conditions and circumstances do not result from the action of the applicant;

The need for the requested variances directly results from the layout of the existing structure, which was constructed in 1966 for hospital use. The Applicant is not responsible for the layout or construction of the existing nonconforming structure, and the changing fabric of the neighborhood has compelled the scenario where a hospital use is not optimal for the Property and the proposed hotel use will better suit the surrounding area. The Applicant is taking efforts to maximize the hotel unit sizes while using the existing interior wall partitions by reducing the width of the existing hallway corridors to provide more square footage to each unit.

(3) Granting the variance requested will not confer on the applicant any special privilege that is denied by these land development regulations to other lands, buildings, or structures in the same zoning district;

Granting the requested variances will enable the Applicant to renovate the existing structure and make a more efficient use of the Property without requiring demolition. The Code allows other similarly situated property owners to seek similar variances to accommodate the preservation of existing structures while allowing for the construction of additional features. The granting of theses variances is in line with the purpose and intent of the Code and does not confer any special privilege on the Applicant. All of the variances are a direct result of the adaptive reuse of the existing nonconforming structure from hospital use to hotel use. Variance 1 calls for hotel unit sizes utilizing the existing room layout on the structure. Variance 2 is needed to utilize the existing ground level parking configuration to serve the new hotel use. Variance 3 is needed in order to accommodate a rooftop pool and mechanical enclosure within the parameters of the existing nonconforming structure. Variance 4 is needed to place a hotel sign in a functional location relative to the use on a structure that was built and designed for a hospital use.

(4) Literal interpretation of the provisions of these land development regulations would deprive the applicant of rights commonly enjoyed by other properties in the same zoning district under the terms of these land development regulations and would work unnecessary and undue hardship on the applicant;

A literal interpretation of the provisions of these land development regulations would work an unnecessary and undue hardship on the Applicant. The variances are being requested in order to maintain the existing structure and effectuate the restoration of the Property. The Applicant seeks to retain the legally established nonconforming structure and convert its use to one more compatible with the area. The Applicant is not extending the nonconformity, and wherever possible, is bringing the Property more into compliance with the Code. Variance 1 is needed in order to adequately provide for hotel rooms as part of the adaptive reuse of the existing structure. Variance 2 is needed to make use of the unique existing parking configuration for valet operations to serve the hotel use. Variance 3 is needed in order to accommodate a common hotel amenity in the form of a pool deck and needed mechanical features on the rooftop fitting within the parameters of the existing structure. Variance 4 is needed to accommodate hotel signage in an area that is functional for a use not originally anticipated during the design and development of the structure. Each of the variances would likely not be needed for development of a similar hotel in a new structure within the zoning district, but given the challenges associated with the adaptive reuse of the existing nonconforming structure, the variances are necessary.

(5) The variance granted is the minimum variance that will make possible the reasonable use of the land, building or structure;

These requests are the minimum necessary in order to allow for the retention and restoration of the existing structure while converting the use to one compatible with the CD-2 District and the fabric of the surrounding neighborhood. Variance 1 calls for hotel unit sizes below the minimum allowed in order to retain the existing interior walls and layout of the hospital rooms. However, in converting the use of the Property, the Applicant is taking all steps possible to minimize this variance by reducing the existing hallway corridor width, and thus adding as much square footage to each unit as possible. Variance 2 is needed in order to make effective use of the existing parking area for valet use to serve the hotel. The parking area will only be accessible by the valet operators. Additionally, the triple stacking resulting from Variance 2 allows for more landscaping and accommodation for parking setback requirements as called for in the Code. Variance 3 is needed in order to accommodate the common hotel amenity of a rooftop pool deck and the needed mechanical equipment while retaining the existing legally established nonconforming structure. Nonetheless, the Applicant is taking all steps to comply with as many of the setback requirements as possible, including bringing the west side setback for at grade parking into compliance with the Code. Additionally, the need for the setback variances is largely a result of the identification of the front being located along Pennsylvania Avenue, despite the fact that the front along 9th Street is narrower.

(6) The granting of the variance will be in harmony with the general intent and purpose of these land development regulations and that such variance

will not be injurious to the area involved or otherwise detrimental to the public welfare; and

These variances will not be injurious to the area or otherwise detrimental to the public welfare. These variances allow for the accommodation of a more compatible use for the surrounding area, which will be consistent with the CD-2 District. Section 142-456 of the Code specifically indicates that when a property is rezoned from HD District, "any building existing on the property may be adaptively reused consistent with the underlying zoning regulations retaining existing nonconforming height, setbacks, floor area ratio and off-street parking." The requests are consistent with the purpose, intent and welfare of the Code, and promote the restoration and rehabilitation of existing structures.

(7) The granting of this request is consistent with the comprehensive plan and does not reduce the levels of service as set forth in the plan. The planning and zoning director may require applicants to submit documentation to support this requirement prior to the scheduling of a public hearing or any time prior to the board of adjustment voting on the applicant's request.

The variances requested are consistent with the City's comprehensive plan.

<u>Sea Level Rise and Resiliency Criteria</u>. The proposed renovations will make for a more resilient building. The proposed project advances the sea level rise and resiliency criteria in Section 133-50(a) as follows:

(1) A recycling or salvage plan for partial or total demolition shall be provided.

The Applicant will provide a recycling or salvage plan during permitting.

(2) Windows that are proposed to be replaced shall be hurricane proof impact windows.

The Applicant proposes hurricane impact windows.

(3) Where feasible and appropriate, passive cooling systems, such as operable windows, shall be provided.

Operable windows will be provided.

(4) Whether resilient landscaping (salt tolerant, highly water-absorbent, native or Florida friendly plants) will be provided.

Thomas Mooney, Planning Director February 2, 2018 Page 7

The Applicant will provide appropriate landscaping at the Property. Proposed species include native and Florida-friendly plants appropriate for the area, including salt tolerant species.

(5) Whether adopted sea level rise projections in the Southeast Florida Regional Climate Action Plan, as may be revised from time-to-time by the Southeast Florida Regional Climate Change Compact, including a study of land elevation and elevation of surrounding properties were considered.

The nature of the building that will be preserved and the existing roadway elevation are located below BFE. As a result, the Applicant will look into ways to protect the ground floor during potential flooding events.

(6) The ground floor, driveways, and garage ramping for new construction shall be adaptable to the raising of public rights-of-ways and adjacent land.

The nature of the Property that will be preserved is located below BFE. However, an increase in the roadways may be accommodated. Where feasible and appropriate, all critical mechanical and electrical systems will be located above base flood elevation.

(7) Where feasible and appropriate, all critical mechanical and electrical systems shall be located above base flood elevation.

Proper precautions will be taken to ensure the critical mechanical and electrical systems are located above base flood elevation.

(8) Existing buildings shall be, where reasonably feasible and appropriate, elevated to the base flood elevation.

The Applicant is preserving the facades of the Property. It is not feasible to elevate them.

(9) When habitable space is located below the base flood elevation plus City of Miami Beach Freeboard, wet or dry flood proofing systems will be provided in accordance with Chapter of 54 of the City Code.

Proper precautions will be taken to protect the Property from potential floods.

(10) Where feasible and appropriate, water retention systems shall be provided.

Thomas Mooney, Planning Director February 2, 2018 Page 8

Given the nature of the proposed development, providing a water retention system is not feasible.

<u>Conclusion.</u> The Applicant seeks to bring a more compatible use to the neighborhood while retaining the legally established nonconforming structure. The proposed renovations will not have any adverse impact on the surrounding area. We respectfully request your recommendation of approval of the Applicant's request. If you have any questions or comments with regard to the application, please give me a call at (305) 377-6231.

Sincerely,

Michael W. Larkin

BOARD APPLICATION CHECK LIST

A Pre-Application meeting must be scheduled via CAP to obtain a plan case number and for board staff review of all submittals.

Pre-Application meetings for applications that do not require a traffic study are scheduled on a first come-first served basis and must occur no later that five(5) business days prior to CAP First submittal.

Applications requiring a traffic study must meet with Planning, Transportation, and peer reviewer sixty (60) days* prior to First submittal deadline to determine the methodology for the traffic impact study. This meeting is considered the "Pre-Application meeting" and must be scheduled via CAP to obtain a plan case number for review and payment of fees. Thirty (30) days before First submittal, applicant must provide the traffic study via CAP (see Transportation Department's requirements check list). The Transportation Department/Peer Reviewer will submit first round of comments 15 days prior to First submittal. Applicant must address comments and submit revised traffic study/plans for CAP First submittal deadline.

Incomplete, or submittals found to be insufficient will not be placed on a Board agenda.

ITEM #	FIRST SUBMITTAL (VIA CAP) ** To be uploaded online (CAP) by the applicant before 5:00 pm by First submittal deadline.	Required
1	ALL PLANS MUST BE DIMENSIONED AND LEGIBLE. INCLUDE A GRAPHIC SCALE. Application Fee and Peer review fees shall be paid after Pre-Application meeting and before the First submittal. It is the applicant's responsibility to make this payment, if an invoice is not generated by the CAP system, the applicant should	~
2	contact staff prior to first submittal to be invoiced and make payment. Copy of signed and dated check list issued at Pre-Application meeting.	~
3	Completed Board Application, Affidavits & Disclosures of Interest (original signatures).	'
4	Signed and dated Letter of Intent. Letter must outline application details and identify hardships if Variances are requested. (see also Items # 42,43 and 44).	~
5	Mailing Labels: Upload property owner's list and copy of original certified letter from provider. See #52 for submittal of Hard copy / originals of these items.	~
6	Copies of all current or previously active Business Tax Receipts.	~
7	School Concurrency Application for projects with a net increase in residential units (no SFH). Provide Planning Department - Miami Dade - School Concurrency Application for Transmittal	
8	Survey: Electronic version of original signed & sealed, dated no more than six months from date of application. Survey must provide: lot area, grade per Section 114-1 of the City Code. (If no sidewalk exists, provide the elevation of the crown of the road) and spot elevations.	~
9	Architectural Plans and Exhibits (must be 11"x 17")	'
a	Cover Sheet with bullet point scope of work, clearly labeled "First Submittal" and dated with First Submittal deadline date. Include copies of previous recorded board orders, if applicable.	~
b	Copy of the original survey included in plan package. See No. 8 above for survey requirements	~
С	All Applicable Zoning Information (Use Planning Department zoning data sheet format).	'
d	Context Location Plan, Min 8.5"X11" Color Aerial 1/2 mile radius, identifying project and showing name of streets. (no Google images)	\ \
е	Full legal description of the property if not included in survey (for lengthy legal descriptions, attach as a separate document - label clearly).	<
f	Existing FAR Shaded Diagrams (Single Family Districts: Unit Size and Lot Coverage Shaded Diagrams), if applicable	'
g	Proposed FAR Shaded Diagrams(Single Family Districts: Unit Size and Lot Coverage Shaded Diagrams), if applicable.	'
h	Site Plan (fully dimensioned with setbacks, existing and proposed, including adjacent right-of-way widths).	'

^{* 60} day lead time for projects including traffic studies is necessary to ensure completion of review and required corrections by Final submittal deadline. Applications cannot be scheduled without evaluated and corrected traffic studies.

^{**}ADDITIONAL INFORMATION AS MAY BE REQUIRED AT THE PRE-APPLICATION MEETING

ITEM #	FINAL SUBMITTAL (via CAP) Revised and/or supplemented documents and drawings to address staff comments. Plans should be clearly labeled "Fir Submittal" and dated with Final Submittal deadline date. Upload documents online (via CAP) before 5:00 pm on final submittal deadline. Staff will review and issue a notice to pr Paper Final submittal or to continue submittal to a future meeting if the application is found incomplete.	
45	Traffic Study, Site plan(s): This is the final traffic study including any modifications required to address comments from the City's Transportation Department. City's required permit by FDOT should be obtained prior to Final submittal (via CAP).	~

ITEM #	PAPER FINAL SUBMITTAL:	Required
46	Original application with all signed and notarized applicable affidavits and disclosures.	~
47	Original of all applicable items.	~
48	One (1) signed and sealed 11"X17" bound, collated set of all the required documents.	~
49	14 collated copies of all required documents	~
50	One (1) CD/DVD with electronic copy of entire final application package (plans, application, Letter of Intent, traffic/sound study, etc.) see CD/DVD formatting attached, for instructions.	~
51	Traffic Study (Hard copy)	~
52	Mailing Labels -2 sets of gummed labels and a CD including: Property owner's list and Original certified letter from	~

ADDITIONAL INFORMATION AND ACKNOWLEDGEMENTS

- A. Other information/documentation required for First submittal will be identified during Pre-Application meeting but may be modified based on further analysis.
- B. It is the responsibility of the applicant to confirm that documents submitted via CAP, Paper Submittal sets (14 copies), and electronic version on CD are consistent with each other and legible.
- C. Plan revisions and supplemental documentation will not be accepted after the Final Submittal deadline
- D. All documents required for Board applications must be submitted in an electronic format (PDF) via CD in the manner prescribed herein. The CD is considered the "Formal Submission", and must include the electronic version of all hard copy documents associated with the application. A new Updated CD will be required if any modifications are made before or after hearing. Failure to comply with the aforementioned may result in a rehearing before the applicable board at the applicant's expense.
- E. Please note that the applicant will be required to submit revised plans pursuant to applicable Board Conditions no later than 60 days after Board Approval. (If applicable)

HISTORIC PRESERVATION BOARD CAP SUBMITTAL FILE NAMING

All PDF files must be named with the submittal deadline date and the type of document in the following format 'MM-DD-YYYY Document Name'. For example, if the deadline for first submittal is October 29, 2017 the file name would be '10-29-2017 Application'. Use this naming format for first and final CAP submittals. The uploaded file retains the name as it has been saved on your computer. The file name cannot be changed and the file cannot be deleted once it is uploaded.

Please use names for the most common types of files. If the document type is not listed below, please use a document name that clearly identifies the file.

City of Miami Beach, 1700 Convention Center Drive, Miami Beach, Florida 33139

2018 SCHEDULE OF LAND USE BOARD MEETINGS

All meetings are held in the Commission Chambers, Third Floor, Miami Beach City Hall unless otherwise noticed. Please note that only complete applications are scheduled for consideration by Land Use Boards and the number of applications placed on an agenda may not exceed 15 in order to allow sufficient time for the applicants to present, and the board to duly consider each item during the scheduled meeting. Complete applications will be scheduled for the next available agenda on a first come – first serve basis unless the applicant requests to be scheduled on a future agenda. The timeline represented herein may be extended if application is incomplete or submittals not made on a timely manner.
