Re: "500 Alton" Development (500 Alton Road and 1220 Sixth Street, Miami Beach)
- Variance Application Letter of Intent.

Dear Tom:

This firm represents 500 Alton Road Ventures, LLC and 1220 Sixth, LLC (collectively the "Applicant"), the applicants and owners of the property located at 500 Alton Road and 1220 Sixth Street (the "Property"). As you know, this Property is a portion of the "600 Alton" development that will take up most of the 500, 600, and 700 blocks between Alton Road and West Avenue. Please consider this letter the Applicant's letter of intent for landscape variances related to the existing parking lot on the Property. Because of the dual use of the Property as a temporary parking lot and construction staging area, we believe that the requested variances are appropriate.

Description of the Property. The Property consists of all of the 500 Block west side of Alton Road. The Property is undeveloped with buildings, except for the former "7-11" retail store at the far northwest corner.

600 Alton Project. The 600 Alton project will be developed with a mix of commercial and residential uses and the 500 and 600/700 Blocks can stand on their own for zoning purposes. Back in 2014, the DRB approved an application seeking a modification of the approval in order to divide the development into two phases in recognition of the complexity of the development. The first phase will be located north of Sixth Street. As you know, the 600 Alton development will be the largest

construction project seen in this area of the City in decades. The project comes on the heels of the lengthy West Avenue right of way improvement project that caused disruption throughout the area.

The Applicant has been cognizant of the need to avoid staging of construction materials or vehicles in the rights of way to avoid additional traffic issues within the area. While some disruption is inevitable in any construction project, the Applicant desires to keep it to a minimum. That goal has led to the design of the parking lot on the Property.

Original Parking Lot. During the construction of Phase One of the 600 Alton project, the Applicant developed the 500 Block with a parking lot. That lot was designed to: (1) serve the needs of the existing "7-11" retail building located on the Property during the period the City will be closing Sixth Street in the near future; (2) provide the temporary location of 76 parking spaces for the 650 West Avenue building (the "Floridian") during the construction of structured parking to serve that building's needs; (3) provide parking for the construction needs of Phase One; and (4) be available for general valet parking during hours it is not needed for construction parking.

The lot was constructed by the City's contractor in recognition of the Applicant's agreement to allow the contractor to operate out of the Property during the work on the West Avenue corridor. Since the construction of the lot, two relevant things occurred. First, the 600 Alton construction process continued apace and the Applicant revised its plans for construction staging and parking. Second, the 7-11 store was closed, which led the way to the approved lot being used for construction staging and parking for the Floridian in a more rapid manner than previously had been contemplated.

The Applicant therefore provided a revised plan for the parking lot that was approved by the Planning Board. The revised plan set aside a significant portion of the land for construction parking and staging. The remainder of the lot will be set aside for the Floridian parking. That resulted in a lot of only 76 spaces, served by valet, for the future use of the Floridian building. The entire Property, save the former 7-11 building, was surrounded by a decorative construction fence (the fence building permit was BC1702893). The Applicant installed landscaping where ever possible in the new layout.

Landscaping was installed along the former 7-11 building, with underplantings along the majority of the area adjacent to the staging areas. The northeast, southeast

and southwest corners of the lot were similarly planted with hardy groundcover plants and shrubs. All of the installed landscaping is served by irrigation.

Need for Variances. As noted above, the Property is currently serving a dual purpose: (1) a limited size parking lot; and (2) a much larger area set aside for construction staging. That dual purpose means that the Property is surrounded by a construction fence and the parking area is segregated in a small area surrounded completely by the former 7-11 building and staging areas. Despite the fact that the parking lot does not directly abut any property line, and will be surrounded by construction staging, the City's Land Development Regulations would typically require a perimeter landscaping and internal landscaping for the parking portion of the site. Both of these requirements are inconsistent with the unique characteristics and dual purpose of the Property.

Variances. The Applicant has recognized the following variances:

- 1) A variance to permit a perimeter landscape strip of a minimum of 10" where 5' would be required (Section 126-12(1)(a)).
- 2) A variance to waive the requirement to have trees within the required landscape strip (Section 126-12(1)(b)).
- 3) A variance to permit groundcover plantings along the perimeter where a 36" hedge would be required (Section 126-12(2)).
- 4) A variance to waive the interior landscape requirements (Section 126-12(3)(a) and (3)(b)).

Code Standards. The relevant listed standards in Section 118-353(d) are below and will be followed by a brief analysis.

- 1) special conditions exist that are peculiar to the applicant's land;

This site is uniquely situated by its dual use. There are simply no similar sites in the City that are serving as a large construction staging area, with a small parking lot enclosed within.

- 2) the special conditions were not created by the applicant;

The special conditions are necessitated by the requirement to keep all staging for the enormous Phase One 600 Alton project off of the rights of way.

- 3) granting the requested variance would not confer upon the applicant special privileges;

The approval of the requested variances will only serve to allow the Property to be used in a manner than best benefits the public.

- 4) literal application of the City's standards would result in unnecessary and undue hardship;

This Property is so uniquely impacted by the above-described issues, conditions and characteristics that it would cause unnecessary hardship on the Applicant if the variances were not approved.

- 5) the variance would be the minimum necessary for a reasonable use of the land, building, or structure;

The requested variances are the minimum needed to provide for the dual use of the Property.

- 6) the variance would be in harmony with the general intent of the City's regulations; and

The approval of the requested variances would allow for the temporary use of the Property in a manner that best serves the public interest – limiting the external impacts of a major development.

- 7) the granting of the variance would be consistent with the City's comprehensive plan and does not reduce minimum levels of service established in the comprehensive plan.

The requested variance will keep the development consistent with the Comprehensive Plan and will not intensify the development of the land in a manner inconsistent with established levels of service.

Practical Difficulty. The most obvious practical difficulty created by the City's parking lot landscaping requirements is that compliance would render the proposed

dual-use of the Property impractical, making external impacts of the 600 Alton development process far more likely.

Sea Level Rise and Resiliency. Section 133-50(a) of the Land Development establishes review criteria for sea level rise and resiliency that must be considered as part of the review process for board orders. The following is an analysis of the request based upon these criteria:

- 1) A recycling or salvage plan for partial or total demolition shall be provided.

This provision is not applicable to the instant application.

- 2) Windows that are proposed to be replaced shall be hurricane proof impact windows.

This provision is not applicable to the instant application.

- 3) Where feasible and appropriate, passive cooling systems, such as operable windows, shall be provided.

This provision is not applicable to the instant application.

- 4) Whether resilient landscaping (salt tolerant, highly water-absorbent, native or Florida friendly plants) will be provided.

The Applicant's proposed landscape plan is resilient as it is comprised of native and Florida-friendly plants appropriate for the area.

- 5) Whether adopted sea level rise projections in the Southeast Florida Regional Climate Action Plan, as may be revised from time-to-time by the Southeast Florida Regional Climate Change Compact, including a study of land elevation and elevation of surrounding properties were considered.

The underlying project has been designed with sea level rise in mind, but this requirement is inapplicable to the instant application.

- 6) The ground floor, driveways, and garage ramping for new construction shall be adaptable to the raising of public rights-of-ways and adjacent land.

This requirement is inapplicable to the instant application.

- 7) Where feasible and appropriate, all critical mechanical and electrical systems shall be located above base flood elevation.

This requirement is inapplicable to the instant application.

- 8) Existing buildings shall be, where reasonably feasible and appropriate, elevated to the base flood elevation.

No existing buildings will be retained in the ultimate Phase Two development.

- 9) When habitable space is located below the base flood elevation plus City of Miami Beach Freeboard, wet or dry flood proofing systems will be provided in accordance with Chapter of 54 of the City Code.

This requirement is inapplicable to the instant application.

- 10) Where feasible and appropriate, water retention systems shall be provided.

This provision is not applicable to the instant application.

Conclusion. As explained above, we believe that the proposed dual-use parking lot and construction staging area, as modified, will ensure the development of the "600 Alton" project has limited external impacts. We look forward to your favorable recommendation. If you have any questions or comments, please call me at 305-377-6229.

Sincerely,

Graham Penn
