SECTION 0200

INSTRUCTIONS TO RESPONDENTS & GENERAL CONDITIONS

1. GENERAL. This Request for Proposals (RFP) is issued by the City of Miami Beach, Florida (the “City”), as the means for prospective Proposers to submit their qualifications, proposed scopes of work and cost proposals (the “proposal”) to the City for the City’s consideration as an option in achieving the required scope of services and requirements as noted herein. All documents released in connection with this solicitation, including all appendixes and addenda, whether included herein or released under separate cover, comprise the solicitation, and are complementary to one another and together establish the complete terms, conditions and obligations of the Proposers and, subsequently, the successful Proposer(s) (the “contractor[s]”) if this RFP results in an award.

The City utilizes **PublicPurchase** (www.publicpurchase.com) for automatic notification of competitive solicitation opportunities and document fulfillment, including the issuance of any addendum to this RFP. Any prospective Proposer who has received this RFP by any means other than through **PublicPurchase** must register immediately with **PublicPurchase** to assure it receives any addendum issued to this RFP. **Failure to receive an addendum may result in disqualification of proposal submitted.**

2. PURPOSE.

The City periodically reviews its business units to assure that operations are being performed in the most robust and prudential manner possible. Through this RFP, the City is requesting proposals from qualified firms experienced in conducting revenue enhancement studies, for the purpose of analyzing the City’s Utilities Department. By way of this study, the City is seeking to identify and recover un-read, mis-read, and un-metered water revenues. Additionally, the City seeks the resulting study to culminate in a written analysis wherein the determined cause(s) of revenue loss, including wastewater service problems, meter related malfunctions, or lost accounts, are fully delineated and result in the recommendations for future enhancements to correct the problems. The last study of this nature was performed in 2009.

The City expects to incur no expenses as a result of this RFP. It is the City’s intent that the fees paid to the selected consultant(s) will be based on a percentage of the recovered costs.

Formula for Calculating Points (cost of proposal being evaluated / highest revenue proposal X maximum allowable points = awarded points)	Total Points Awarded (Rounded to nearest whole number)

Vendor C	\$100	20	$\$100 / \$200 \times 20 = 10$	10

5. Determination of Final Ranking. At the conclusion of the Evaluation Committee Step 1 scoring, Step 2 Points will be added to each evaluation committee member's scores by the Procurement Department. Step 1 and 2 scores will be converted to rankings in accordance with the example below:

		Proposer A	Proposer B	Proposer C
