WHEREAS, the amendments set forth below are necessary to accomplish the above objectives.

NOW, THEREFORE, BE IT DULY ORDAINED BY THE MAYOR AND CITY COMMISSION OF THE CITY OF MIAMI BEACH, FLORIDA, AS FOLLOWS:

SECTION 1. Chapter 142, "Zoning Districts and Regulations," Article II, "District Regulations," Division 18, "PS Performance Standard District," is hereby amended as follows:

Sec. 142-704. - Minimum required yards in relation to minimum open space ratio.

(a) *Open space.*

(1) Open space ratio in the PS performance standard district refers to a percentage calculated as the area of open space, including required yards, at grade to the gross lot area of a parcel.

(2) Open space is that part of a lot in the performance standard district, including courts and yards which:

a. Is open and unobstructed from its lowest level upward;

b. Is generally accessible to all residents of the building on the lot without access restrictions, except as may be required for public safety. However, for lots in the RPS districts that are 60 feet in width or less, private spaces accessible only by residents of individual units, excluding balconies, may be considered open space despite not being generally accessible to all residents; and

c. Is not occupied by off-street parking, streets, drives, or other surfaces for vehicles. Open space is, in general, that part of a lot available for entry and use by the occupants of the building or buildings on the premises, but may include space located and treated to enhance the amenity of the development by providing landscaping, screening for the benefit of the occupants or neighboring areas, or a general appearance of openness. Open space may include water surfaces that comprise not more than ten percent of total open space, and may include landscaped roofs and decks pursuant to conditions contained in the district regulations.

(b) *Calculation.* In all cases, except as otherwise provided herein, an applicant shall comply with both minimum required yard and minimum open space requirements.

(1) The open space ratio may include open space on roof top decks which are 50 feet or less above grade. At least 25 percent of the roof top deck shall constitute living landscape material.

(2) Required yards and open space, whether at or above grade in the C-PS4 and RM-PS1 districts may also be utilized for drives and off-street parking spaces, except that if drives are ramped, they shall be at least seven and one-half feet from the front property line and not more than ten feet or one level above grade at their highest point; the total length of an elevated drive shall not exceed 40 percent of that portion of the lot facing the adjacent street.

(3) Required yards adjacent to Biscayne Bay in the C-PS4 district may be utilized for open and unenclosed decks, platforms, planters, canopies, canvas type awnings, baywalks or removable furniture such as tables and chairs. Required side yards in the C-PS4 district may have public walkways that are partially covered.

(4) Up to 50 percent of the open space required by these land development regulations may be fulfilled by payment of an in-lieu-of fee into the South Pointe Streetscape Fund. Notwithstanding the above, in no case shall the open space provided at grade be less than the total area resulting from the required setbacks. The in-lieu-of payment as described above shall be made at the rate as provided in appendix A per square foot of open space not provided. Such fee shall be paid in full at the time of application for the building permit. The fee shall be refunded if construction does not commence prior to the expiration of the building permit.

(5) No variances shall be granted from the requirements of this section, except that variances may be sought as to subsection (b)(4) above, only for major cultural institutions within local historic districts, which only achieve no more than 80 percent of the total allowable FAR and can demonstrate that the open space cannot be provided on the roof top.
