

### Quote for the City of Miami Beach.

Boxwood Hedge with Metal cage. UV Boxwood protected and hurricane proof steel.

My recommendation would be to do a prototype which would be \$8,000 to see if everyone likes it before you proceed. I would do the installation of the prototype. The prices below do not include installation rollout, but we can give you a quote or work with the city to have their employee's assemble the barriers.

WITH LIGHTS		
	Per unit	Total
50 UNITS	\$2,915	\$145,750
200 UNITS	\$2,871	\$574,200
500 UNITS	\$2,849	\$1,424,500
1000 UNITS	\$2,822	\$2,821,500
NO LIGHTS		
	Per unit	Total
50 UNITS	\$2,260	\$113,000
200 UNITS	\$2,240	\$448,000
500 UNITS	\$2,220	\$1,110,000
1000 UNITS	\$2,000	\$2,000,000

Terms 50% down and balance would be net 30 on balance.
