CAPITAL IMPROVEMENT PROJECTS OFFICE
Tel. 305.673.7071 Fax: 305.673.7073

TO: City of Miami Beach Planning Department: Historic Preservation Board

FROM: Jorge L. Rodriguez, Capital Projects Coordinator

DATE: February 3, 2016

SUBJECT: Española Way Conversion to Pedestrian Mall – Site Plan Approval

The Office of Capital Improvement Projects is submitting an application to the Historic Preservation Board for the Española Way Conversion to Pedestrian Mall Project. On December 21, 2015, the consulting firm of Wade Trim, Inc. was retained to prepare the Design Plans for Española Way from Washington Avenue to Drexel Avenue as Phase 1 and a conceptual plan extending the project limits to include Drexel Plaza and 80 feet West of Drexel Avenue for future Phase 2 construction. The intention of this project is to create a pedestrian friendly mall that will eliminate curbing and replaced outdated underground utilities.

Española Way was created in 1925 as an artist's colony envisioned by Newton B. T. Roney, to duplicate a miniature Spanish Village. In March of 1986, the City of Miami Beach designated the entire length of Española Way, from Collins Avenue to Jefferson Avenue, as its first Historic Preservation District based on Mandatory Criteria meeting integrity of location, design, setting, materials and workmanship and Review Criteria associated with historical events, lives of significant persons, method of construction and representation of the work of master architects.

The proposed conversion to Española Way will eliminate the existing sidewalks and curbs and will convert the existing asphalt street to a paver walkway from wall to wall of buildings on the property, providing ADA accessibility throughout. The project will also include the replacement of the existing water main and the water service lines, the lining of the existing sanitary sewer system and installation of sewer cleanouts for all properties, replacement of the drainage system and connection of all existing roof drains to drainage system, replacement of the existing lighting, modification of the traffic signal at Washington Avenue and landscape and irrigation enhancements, providing a safer and more dynamic pedestrian boulevard for residents and visitors.

Based on the above information, the Applicant respectfully requests your favorable review and approval of this application. If you have any questions or comments with regard to the application, please call me at (305) 673-7071, ext. 6210.

Sincerely,

Jorge L. Rodriguez, Capital Projects Coordinator
