EASEMENT AND OPERATING AGREEMENT

This Easement and Operating Agreement is made and entered into as of the ____ day of November 2012, by and between 1747 Bay Road Properties, LLC (the "Seller") and Cueto Miami, LLC a Florida limited liability company (the "Buyer") hereafter collectively the "Parties".

RECITALS:

WHEREAS, the Seller holds the fee simple title to the property described on the attached Exhibit A (the "Property"); and

WHEREAS, the Seller will retain ownership of Parcel "A" as legally described on the attached Exhibit B; and

WHEREAS, the Buyer has contracted to purchase Parcel "B" as legally described on the attached Exhibit C; and

WHEREAS, the Seller and Buyer are desirous of recording an Easement and Operating Agreement to govern the relationship between the Parcels as required by the Covenant in Lieu of Unity of Title recorded at Official Record Book 28393 Page 4191 of the Public Records of Miami-Dade County (the "Covenant in Lieu"); and

UBV

JA

(Space reserved for Clerk)

WHEREAS, this Easement and Operating Agreement has been submitted for review for consistency with the Covenant in Lieu by the Director of the Miami Beach Planning Department, who has authorized the execution and recording of the Agreement.

NOW THEREFORE, for and in consideration of Ten Dollars (\$10.00) and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereby agree as follows:

1. Conditional Use Approval. The Property is the subject of a Conditional Use Permit issued by the Planning Board of Miami Beach, Florida at its meeting of December 13, 2011 and recorded at Official Record Book 28021, Pages 4106 through 4111 of the Public Records of Miami-Dade County (the "Permit"). The Permit contemplated the development of the Property with a combination of retail/restaurant uses and a vehicle towing operation. The Parties hereby agree to file an application with the City of Miami Beach within thirty (30) days of the date of this agreement seeking a modification of the Permit to reduce its scope to the towing operation on Parcel A, thereby removing Parcel B from the scope of the permit. The Seller shall be responsible for preparing and filing the application. In the event that the Planning Board of the City of Miami Beach denies the requested modification of the Permit or a third party successfully challenges a Planning Board approval of a modification, the Permit shall remain in full effect on the Property.

2. Parcel A Temporary Construction Easement. The Seller hereby grants the Buyer, its successors and assigns, and their respective officers, employees, agents, contractors, subcontractors, lenders, invitees and licensees, a temporary non-exclusive easement on, over,

VBV

JA

(Space reserved for Clerk)

through and across Parcel A, inclusive of the airspace above Parcel A, to develop improvements on Parcel B, and for staging, erection, construction (and reconstruction after casualty or condemnation), alteration, improvement and repair of any improvements on Parcel B. The Buyer shall use reasonable, good faith, efforts during the period of construction of improvements on Parcel B (and during the period of any reconstruction after casualty or condemnation) to minimize the construction dirt and debris within Parcel A, and to not interfere with Seller's reasonable use of Parcel A.

The Buyer hereby agrees to indemnify, defend, and hold harmless the Seller, its successors and assigns from, against and in respect of any claim, loss, liability, cost, injury, expense, damage, action or judgment of any and every kind whatsoever, including without limitation, attorney's fees and costs, which may be suffered or incurred by the Seller in connection with any inquiry, charge, claim, cause of action, demand, or lien made or arising, directly or indirectly, or, in connection with, with respect to, or as a direct or indirect result of the construction undertaken by the Buyer pursuant to this non-exclusive easement.

3. Parcel B Temporary Construction Easement. The Buyer hereby grants the Seller, its successors and assigns, and its respective officers, employees, agents, contractors, subcontractors, lenders, invitees and licensees, a temporary non-exclusive easement on, over, through and across Parcel B, inclusive of the airspace above Parcel B, to develop improvements on Parcel A, and for staging, erection, construction (and reconstruction after casualty or condemnation), alteration, improvement and repair of any improvements on Parcel A. The Seller shall use reasonable, good faith, efforts during the period of construction of improvements on

UBV
JH

(Space reserved for Clerk)

Parcel A (and during the period of any reconstruction after casualty or condemnation) to minimize the construction dirt and debris within Parcel B, and to not interfere with Buyer's reasonable use of Parcel B.

The Seller hereby agrees to indemnify, defend, and hold harmless the Buyer, its successors and assigns from, against and in respect of any claim, loss, liability, cost, injury, expense, damage, action or judgment of any and every kind whatsoever, including without limitation, attorney's fees and costs, which may be suffered or incurred by the Buyer in connection with any inquiry, charge, claim, cause of action, demand, or lien made or arising, directly or indirectly, or, in connection with, with respect to, or as a direct or indirect result of the construction undertaken by the Seller pursuant to this non-exclusive easement.

4. Demising Wall. The Parties shall install a demising wall between Parcels A and B within the existing building on the Property. No doorways or other access points shall be permitted to pierce the wall.

5. Shared Utilities. The Parties shall ensure that each Parcel is served by the necessary utility services from the public right of way. If one or both of the Parcels cannot be served by one or more utilities directly from the public right of way, the Parties hereby agree that they shall enter into separate agreement(s) and execute and record such effectuating documents as may be required, governing the delivery of utilities to the impacted Parcel(s).

6. Floor Area Assignment. The Parties agree that neither Parcel may be developed with a floor area that exceeds that permitted by the Land Development Regulations of the City of Miami Beach based on the Parcel's size. The current permitted floor area ratio for each Parcel is 1.0. In

VGV
JAA

(Space reserved for Clerk)

the event it is determined that the existing development on Parcel B exceeds the maximum floor area ratio of 1.0, additional floor area will be assigned to Parcel B from Parcel A. Any such floor area allocation will be temporary in nature in order to accommodate the existing development on Parcel B. Once the existing development on Parcel B is modified in any fashion to reduce its existing floor area, any floor area previously assigned shall return to Parcel A. Based on the Land Development Regulations of the City of Miami Beach, there is no floor area that remains unallocated for development on the Property. This Agreement shall not be construed to allow any structure(s) to be permitted or constructed that would exceed the maximum floor area permitted on the Property pursuant to the City's Land Development Regulations. In the event that the City's Land Development Regulations, following an affirmative vote of the electors of Miami Beach as contemplated in Section 1.03(c) of the City's Charter, are later amended or interpreted so that the Property may be developed with additional floor area, the developments of both Parcel A and Parcel B may be expanded on a pro-rata basis, or as may be agreed to by the Parties at that time.

7. Attachment of Buildings. The Parties hereby grant each other the mutual right to attach buildings at the shared property line between the Parcels. This right of attachment will not, however, permit any portion of a building to encroach onto the neighboring Parcel.

8. Recordation. The provisions of this instrument shall become effective upon their recordation in the public records of Miami-Dade County, Florida, and shall continue in effect for a period of thirty (30) years after the date of such recordation, after which time they shall be extended automatically for successive periods of ten (10) years each, unless released in writing by the then owners of the Property.

VBV

24

(Space reserved for Clerk)

9. Amendment, Modification, and Release. The provisions of this instrument may be amended, modified or released by a written instrument executed by the then Owner or Owners of the Property, with joinders by all mortgagees, if any.
10. Enforcement. Enforcement shall be by action against any parties or persons violating or attempting to violate any covenants. The prevailing party to any action or suit pertaining to or arising out of this Easement and Operating Agreement shall be entitled to recover, in addition to costs and disbursements, allowed by law, such sum as the Court may adjudge to be reasonable for the services of his attorney. This enforcement provision shall be in addition to any other remedies available at law, in equity or both.
11. Severability. Invalidation of any of these easements by judgment of Court shall not affect any of the other provisions, which shall remain in full force and effect.
12. Cumulative Right. All rights, remedies and privileges granted herein shall be deemed to be cumulative and the exercise of any one or more shall neither be deemed to constitute an election of remedies, nor shall it preclude the party exercising the same from exercising such other additional rights, remedies or privileges.

Signed, witnessed, executed and acknowledged on this _____ day of _____, 2012
