Ms. Deborah Tackett Miami Beach Planning Department Miami Beach City Hall 1700 Convention Center Dr. Miami Beach, FL 33139

Dear Ms. Tackett:

Re: Crown Castle Letter of Intent for the Installation of Small Wireless Facilities within the Historic Districts in the City of Miami Beach

Crown Castle NG East LLC ("Crown Castle") seeks to place a small wireless facilities network in the City of Miami Beach (the "City"), which will consist of placing fiber optic cable (underground) and nodes (utility poles containing telecommunications equipment) within the right of way. In order to meet the network coverage objectives of our customer, Crown Castle must place a portion of this network within the Historic Districts in the City. This letter will serve as support for each of those applications.

Description of the Project

As stated above, Crown Castle seeks to place a small wireless facilities network in Miami Beach in order to enhance the network capacity of its customer, which is a wireless carrier. The carrier has significant capacity issues in Miami Beach. In order to solve these capacity issues, small wireless facility nodes must be placed in the Historic Districts within the City.

Below is a brief description of the locations:

SFL10203 - 110 5th Street, Miami Beach, FL 33139 SFL10206 – 4200 Collins Ave., Miami Beach, FL 33140 SFL10222 – 1141 17TH Street, Miami Beach, FL 33139 SFL10223 - 1650 Lenox Ave., Miami Beach, FL 33139 SFL10225 – 1655 Pennsylvania Ave., Miami Beach, FL 33139 SFL10226 – 700 Lincoln Rd. Mall, Miami Beach, FL 33139 SFL10289 – 1660 Michigan Ave., Miami Beach, FL 33139 SFL10290 – 1649 Meridian Ave., Miami Beach, FL 33139 SFL10291 – 1650 Drexel Ave., Miami Beach, FL 33139 SFL10292 – 211 Lincoln Rd., Miami Beach, FL 33139

Description of the Equipment

Crown Castle has worked with the staff of Miami Beach Planning Department for two years to find a design for small wireless facility nodes, which would both meet the network objectives of its client and meet the city's aesthetic and safety concerns about placing small wireless facility nodes in the Historic Districts. After much discussion and the recent passage of a new telecommunications ordinance by the City Commission addressing the installation of such technology in the City, Crown Castle has developed a stealth node which will function as both a street light pole and a telecommunications pole. An existing street light will be removed and replaced with a functioning small wireless facility stealth street light pole, which will not require additional ground equipment installed in the right of way.

Conclusion

Crown Castle has worked diligently with City staff to meet all of their concerns about placing small wireless facilities within the city, including the Historic Districts. Crown Castle believes it has satisfied all of the City's concerns and accordingly requests that the Historic Preservation Board approve its applications for the installation of small wireless facilities within certain Historic Districts in the City.

Sincerely,

Wanda Meltan Wanda Melton

Government Relations Manager

Please note the following information:

- A separate disclosure of interest form must be submitted with this application if the applicant or owner is a corporation, partnership, limited partnership or trustee.
- All applicable affidavits must be completed and the property owner must complete and sign the "Power of Attorney" portion of the affidavit if they will not be present at the hearing, or if other persons are speaking on their behalf.
- To request this material in alternate format, sign language interpreter (five-day notice is required), information on access for persons with disabilities, and accommodation to review any document or participate in any City sponsored proceedings, call 305.604.2489 and select (1) for English or (2) for Spanish, then option 6; TTY users may call via 711 (Florida Relay Service).

Please read the following and acknowledge below:

- Applications for any board hearing(s) will not be accepted without payment of the required fees. All checks are to be made payable to the "City of Miami Beach".
- Public records notice All documentation submitted for this application is considered a public record subject to Chapter
 119 of the Florida Statutes and shall be disclosed upon request.
- In accordance with the requirements of Section 2-482 of the code of the City of Miami Beach, any individual or group that will be compensated to speak or refrain from speaking in favor or against an application being presented before any of the City's land use boards, shall fully disclose, prior to the public hearing, that they have been, or will be compensated. Such parties include: architects, engineers, landscape architects, contractors, or other persons responsible for project design, as well as authorized representatives attorneys or agents and contact persons who are representing or appearing on behalf of a third party; such individuals must register with the City Clerk prior to the hearing.
- In accordance with Section 118-31. Disclosure Requirement. Each person or entity requesting approval, relief or other action from the Planning Board, Design Review Board, Historic Preservation Board or the Board of Adjustment shall disclose, at the commencement (or continuance) of the public hearing(s), any consideration provided or committed, directly or on its behalf, for an agreement to support or withhold objection to the requested approval, relief or action, excluding from this requirement consideration for legal or design professional service rendered or to be rendered. The disclosure shall: (I) be in writing, (III) indicate to whom the consideration has been provided or committed, (III) generally describe the nature of the consideration, and (IV) be read into the record by the requesting person or entity prior to submission to the secretary/clerk of the respective board. Upon determination by the applicable board that the forgoing disclosure requirement was not timely satisfied by the person or entity requesting approval, relief or other action as provided above, then (I) the application or order, as applicable, shall immediately be deemed null and void without further force or effect, and (II) no application form said person or entity for the subject property shall be reviewed or considered by the applicable board(s) until expiration of a period of one year after the nullification of the application or order. It shall be unlawful to employ any device, scheme or artifice to circumvent the disclosure requirements of this section.
- When the applicable board reaches a decision a final order will be issued stating the board's decision and any
 conditions imposed therein. The final order will be recorded with the Miami-Dade Clerk of Courts. The original board
 order shall remain on file with the City of Miami Beach Planning Department. Under no circumstances will a building
 permit be issued by the City of Miami Beach without a copy of the recorded final order being included and made a part
 of the plans submitted for a building permit.

NOTES:

- 1. This is a Specific Purpose Survey for the stated purpose of locating improvements within a 50' wide radius of the light pole to be used for proposed telecommunications equipment. Client provided the location of the subject light pole.
- 2. BEARINGS shown hereon are based upon the centerline of Collins Avenue as shown on Florida Department of Transportation Right of Way map Section Road Plat Book 152, Page 13, with an assumed bearing of N07°34'53"E.
- 3. Right-of-way widths determined from "FISHER'S FIRST SUBDIVISION OF ALTON BEACH" as recorded in Plat Book 2, Page 77, and the aforementioned Florida Department of Transportation Right of Way map, all of Miami-Dade County Public
- 4. Geodetic and Florida State Plane coordinates shown hereon are based on G.P.S. observation using the Florida Permanent Reference Network (FRPN) base station "FLMB". Accuracy within tolerances as set forth by the F.A.A. Referenced to North American Datum 1983, 1990 Adjustment.
- 5. All dimensions are shown in feet and decimal feet.
- 6. No attempt was made by this firm to determine the nature, size, and location of underground utilities. Underground paint mark locations were located at the time of this survey and plotted hereon. Contractor should notify "Sunshine No-Cuts" prior to ANY excavation work. This is not a comprehensive Utility Survey.
- 7. All documents are recorded in the Public Records of Miami-Dade County, Florida. unless otherwise noted.
- 8. The lands shown hereon have not been abstracted by this firm regarding matters of interest to other parties, such as easements, rights-of-ways, reservations, etc. A Title Commitment review has not been performed.
- 9. Roof overhangs, if any, not shown unless otherwise noted.
- 10. The subject light pole lies in Section 34-54S-42E in the City of Miami Beach, Miami-Dade County, Florida.
- 11. Right-Of-Way lines do not represent an opinion of ownership by this Firm.
- 12. Fence and wall ownership is not determined. This survey does not reflect or determine ownership. 13. In some instances graphic representation have been exaggerated to more clearly illustrate the relationship between physical improvements and/or lot lines.
- Dimensions shall control the location of the improvements over scaled positions. 14. THIS IS NOT A BOUNDARY SURVEY.

Re:

Historic Review Board Application for the installation of Small Wireless Facilities - Crown Castle Node SFL10292 – 211 Lincoln Rd., Miami Beach, FL 33139

Dear Ms. Tackett:

Crown Castle NG East LLC ("Crown Castle") respectfully submits this letter to the City of Miami Beach (the "City") regarding an application seeking Historic Preservation Board (the "Board") review and approval of small wireless facilities within the City. As part of the application package, the Board requires an explanation whenever a proposed utility pole cannot be collocated. This letter explains why the application package referred to above is for a "stand-alone" utility pole node rather than a node collocated on a pole or other infrastructure already existing in the right of way.

As you know, Florida Statutes Section 337.401 allows Crown Castle, a communications services provider, to place its communications facilities within the right of way. Although Crown Castle collocates its small wireless facilities whenever possible on poles and other infrastructure already existing in the right of way, in this case Crown Castle engineers examined each potential collocation site and determined that there was not a suitable collocation site which would have provided the wireless coverage for the intended target. In other words, the possible sites upon which Crown Castle might collocate the particular small wireless were too far away, were not in a location which would be able to provide the additional wireless capacity each small wireless facility was intended to provide, or were not sites for which Crown Castle had rights to attach.

Therefore, in each of these instances, Crown Castle is proposing a stand-alone stealth pole. The particular location referenced above was determined by Crown Castle engineers to be the preferred location as it provides additional capacity to both the intended target while taking into account aesthetic and traffic safety criteria.

Please do not hesitate to call or contact me with any further questions or to discuss this matter.

Sincerely,

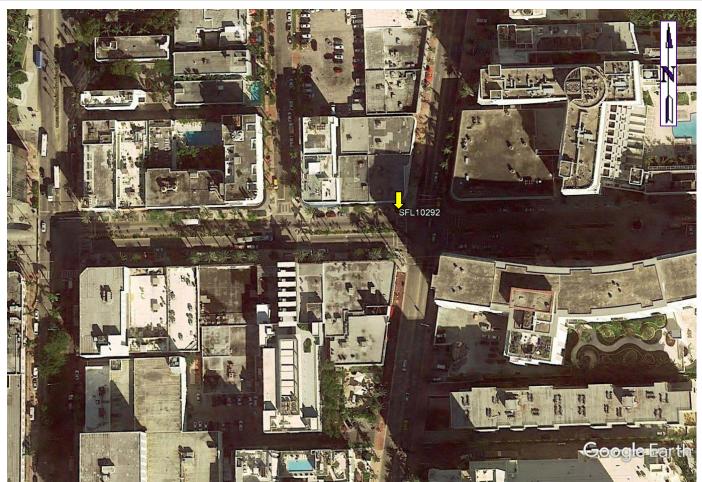

Wanda Melton

Government Relations Manager
