

Boost citizen participation with online feedback on public agendas

eComment is tightly integrated with published agendas to allow citizens to comment on upcoming agenda items, which adds community member voices to the democratic process and makes citizen participation in public meetings convenient. Citizens can review agenda item details, indicate their position on an item, request to speak in a live meeting and leave written or video feedback.

While facilitating an open discussion, agencies can keep feedback from becoming too unwieldy by controlling

which agenda items receive comments and establishing timelines and word count limits for comments.

All comments can be consolidated into an in-depth, graphical report and delivered to elected members prior to a meeting, helping them better understand and consider the views of their constituents. eComment also integrates seamlessly with the Granicus iLegislate app so council members can digitally review feedback and comments on their mobile device.
