

Miami Beach Rowing Club
Para-rowing Equipment Budget FY 18-19

Boats (6)... \$55,000

This order will include both training boats and racing hulls that can be used by a variety of athletes.

Oars \$600(5 pairs)...\$3,000

Sculling oars that can be used with a variety of different hulls, by all athletes.

Ergometers \$1,000 (5)...\$5,000

A necessary training tool for all rowers.

Motorboat engines \$3,700(1)...\$3,700

Engine for the motorboats for coaches to be able to drive alongside the rowers while on the water for instruction and safety. The club has a policy that there must be one coach on the water for every two rowing boats.

Spare Parts...\$10,000

Due to the fact that we train in saltwater, corrosion is a regular occurrence and sometimes means that metal parts need to be replaced. This line item would also include any tools and accessories necessary for all boats and equipment.

Gym Equipment...\$7,500

We have a full weight room at the boathouse that is used for strength and conditioning, as well as injury prevention. This equipment will include free weights and bicycles.

Boat Slings \$160(5)...\$800

Slings are used to hold the boat when it is not on the rack. These are used daily at practice and also travel with us to competitions. They are a necessary piece of equipment.

Total: \$85,000
