Hello John,

Thank you for your commitment to our neighborhood. As you know, in Sept of 2017 we made a request to Miami Beach Commissioners that our Special Taxing District (STD) be transferred from Miami Dade County to the City of Miami Beach. Over the last five years our neighborhood has been requesting better accountability, more financial transparency and better services for our residents. We have absorbed a number of assessments due to poor accounting practices at the County and have been waiting for four years to have security cameras installed at our Guard House. It is for these reasons that our neighborhood officially requested this transfer of responsibility to Miami Beach. We are confident that the City will be able to provide the level of service and accountability that we deserve. Our tax dollars should serve our community and provide the security we invest in annually.

We understand the City is now ready to move forward with the process of transferring the Special Taxing District. Please use this letter as a confirmation of our intent and desire to move the Biscayne Beach/ Stillwater Drive (G199) STD from Miami Dade County to the City of Miami Beach.

I look forward to meeting with you and your team to review our service portfolio in the near future.

Thank you once again for your commitment to our community.

Respectfully,
