of the Lincoln Road Street-end (requirements under File 1744 and 1751). The condition required the landscaping improvements to be in place within four months or prior to the issuance of an Occupational License for the restaurant.

#### THE REQUEST

As indicated above, the Board approved variances relating to the number of units and parking associated with these units and parking for a restaurant and office space. To date the applicant has only utilized the variance relating to units. At this time, the applicant is requesting that the Board:

1. Allow the operation of the restaurant without parking; and,
2. An extension of time to comply with all of the landscaping requirements.

#### RECOMMENDATION

As evidenced by the Department's recommendations and subsequent approvals by the Board of Adjustment, the City has demonstrated a good faith effort in assisting the applicant in maximizing the utilization of the building. It would seem appropriate that the Board require landscaping in the most critical portion of the property, that being frontage on Collins Avenue. The property owner directly across the street, Burger King, recently completed landscaping improvements (street trees, grates, irrigation) which has significantly improved the area. As such, it is recommended:

1. That the Board approve the request contingent upon the landscaping being placed on Collins Avenue and that the applicant be directed to meet with public services and Planning & Zoning Director for purposes of expediting the permit process.
2. If the permits are not obtained within 3 months and landscaping planted 60 days thereafter, then the applicant shall appear before the Board to explain the problems.

"THESE CASES WERE DEFERRED BY THE BOARD AT ITS MEETING OF DECEMBER 2, 1988."

APPLICANT WISHES THE BOARD TO REMOVE THE LANDSCAPING REQUIREMENT/CONDITION IN CONNECTION WITH THE GRANTING OF A PARKING VARIANCE UNDER FILE #1914 OF JULY 8, 1988. ALSO, THE APPLICANT REQUESTS AN EXTENSION OF TIME TO COMPLY WITH SAID LANDSCAPING REQUIREMENT IN CONNECTION WITH THE GRANTING OF PARKING, LOADING AND SETBACK VARIANCES ON SEPTEMBER 11, 1987; FILE #1842.

APPROVED with the following conditions:

1. The landscaping shall be limited to palm trees and be placed on Collins Avenue. The applicant shall meet with the Director of Public Services and the Planning and Zoning Director for purposes of expediting the permit process.
2. If the permits are not obtained within 3 months and landscaping planted 60 days thereafter, then the applicant shall appear before the Board to explain the problems.
3. The balance of the lien (water bill) shall be satisfied prior to the issuance of the Final Order.

PLANNING & ZONING DIRECTOR

SUBJECT: PLANNING & ZONING DEPARTMENT RECOMMENDATION:  
JANUARY 13, 1989 MEETING

FILE NO. 1842 CLUB EDEN ROC, INC.  
AND 100 LINCOLN ROAD  
FILE NO. 1914

## BACKGROUND

FILE NO. 1751

The applicant appealed an Administrative Decision that the subject property was restricted to a maximum non-conforming density of 620 units by virtue of a variance that was granted under File 311 on August 17, 1964 and under approval by the City Council action of August 18, 1964. The Board found that the actions taken by the Court have estopped the City from enforcing the Administrative Decision.

FILE NO. 1842

On September 11, 1987 the Board of Adjustment approved three variances relating to the conversion of an area occupied for parking spaces into offices. The most significant request involved a waiver of 81 off-street parking spaces. The Board approved the request contingent upon landscaping improvements on Collins Avenue, the Lincoln Road Street-end and the rear of the property to the dune).

FILE NO 1914

On July 8, 1988 the Board approved a waiver of 30 off-street parking spaces to operate a restaurant with an occupancy of 120 seats. The Board approved the request contingent upon the contribution of cash based upon 15 parking decals (to be collected when parking shortage results) and the placement of landscaping between the bulkhead and the erosion control line and the area east

SEP 11 1987

APPLICANT REQUESTS THE FOLLOWING VARIANCES IN ORDER TO CONVERT AN AREA OCCUPIED BY PARKING SPACES INTO A COMMERCIAL AREA (OFFICES):

1. Applicant wishes to waive 2 ft. of the minimum required 10 ft. north side yard setback (facing a street) in order to construct a new stairway.
2. Applicant wishes to waive a total of 81 off-street parking spaces in order to remove 41 of the existing and required parking spaces for the residential use and convert said area (11,930 sq. ft.) into offices which require an additional 40 parking spaces.
3. Applicant wishes to waive all of the required two off-street loading spaces for the operation of the proposed offices.

APPROVED BY THE BOARD. SEE MINUTES FOR CONDITIONS.

BOARD OF ADJUSTMENT SUMMARY

JULY 8, 1988

APPLICANT REQUESTS THE FOLLOWING VARIANCE IN ORDER TO OPERATE A 120 SEAT RESTAURANT:

1. Applicant wishes to waive all of the required 30 off-street parking spaces for the operation of this restaurant with a total occupancy of 120 seats.

APPROVED with the following conditions:

1. All outstanding City liens shall be satisfied.
2. Under previous variances (File No. 1744 and 1751) approved by the Board, the owner of the property was required to landscape the area between the bulkhead and the erosion control line, the area east of the Lincoln Road street-end, provide street trees and related improvements on the Lincoln Road street-end and in front of the building on Collins Avenue. It is our understanding that these improvements are presently being designed. Should these improvements not be in place within 4 months, then they will be considered as requirements under this variance and be constructed prior to the issuance of an Occupational License for the restaurant.
3. The existing tenant mix results in a low utilization rate of the parking spaces. Should the mix change resulting in a parking shortage, then the applicant is required to contribute an amount of money equivalent to the purchase of 15 parking decals (Cash in Lieu of Parking Decal Program) on an annual basis. Funds generated through the Cash in Lieu of Parking Decal Program shall be placed in a City account entitled "Lincoln Road Improvement Account" which is dedicated towards the construction of improvements in the vicinity of the site which are consistent with the Department's neighborhood plan for this area; and,
4. The owner shall provide an air-conditioned garbage room to be approved by the Building Department.

FILE NO. 1914 (continued)  
CLUB EDEN ROC, INC.  
100 LINCOLN ROAD

5. Mr. Goldberg was designated the Board's representative in reference to insurance regarding public areas.
6. Owner shall provide proper garbage facilities and proper grease interceptor.
7. Owner shall remove and replace all necessary sections of sidewalk, and curb and gutter.
