Dear Ms. Brooks:

Below and attached, please find Cablerunner's supplemental response to the Hazen & Sawyer report sent to Mr. Coley on October 22, 2018.

If you have any questions or comments, please do not hesitate to contact me. Thank you.

Regards,

Ralph

Subject: Miami Beach

Drew,

Attached please find the proposed route map for Miami Beach to forward to Roy Coley. It is relatively short but important route of 8.5 miles. This proposed route utilizes only the storm drain system, not the sewer system. All proposed storm drain pipes are either man or robot accessible. I'm also enclosing the Cablerunner response to the main points in the Hazen report that are either inaccurate or in need of clarification.

Please contact me with any questions.

Thank You!

Chad
