## Notice of Funding Availability (1 of 1)

The City of Miami Beach is an entitlement grantee of federal funds. It receives an annual allocation of funding for the HOME Investment Partnership Program (HOME) and Community Development Block Grant (CDBG) from the United States Department of Housing and Urban Development (HUD). The City is entitled to these funds because its population, housing and/or demographic characteristics meet the formula requirements needed to obtain funding.

HUD requires the City complete a five-year Consolidated Plan that includes a housing assessment, market analysis and assessment of community development needs. The Consolidated Plan is meant to address the needs of low- and moderate-income persons and families, including homeless individuals. The Plan establishes the City's program priorities, goals and objectives for community development programs and sets the framework for subsequent One Year Action Planes that describe specific activities that will be funded through the City's HUD-funded grant programs.

As an entitlement grantee, the City develops its own programs and funding priorities. However, it must give maximum feasible priority to activities which:

- Benefit low- and moderate-income persons and households;
- Aid in the prevention or elimination of slums and blight; or
- Meet other community development needs having a particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community. Urgent needs are defined as those which have no other financial resources available.

The City of Miami Beach is projecting the following FY 2019 funds subject to the availability and allocation by HUD:

CDBG Funds (estimated)		
<b>CDBG Entitlement</b>	<b>\$</b>	<b>828,063.00</b>
City Administration (20%)	\$	165,612.60
Public Services Cap (15%)	\$	124,209.45

The City obtained authorization from the Mayor and City Commission on January 9, 2019 to issue the attached Request For Proposals (RFP) to solicit eligible affordable housing, capital and public service projects within the City.

## Priorities

In order to guide outside agencies that are seeking funding, establish parameters for the project selection process and enable success in project implementation, the following broadly defined priorities and operational imperatives have been established in the City's FY 2018-2022 Consolidated Plan and summarized for purposes of this RFP as:

- Affordable housing and compliance with Equal Opportunity and Fair Housing Laws in the City of Miami Beach
- Minimize displacement, promote job creation/retention, ensure adequate benefits, encourage private development, and provide planning and administrative support.
- Revitalize neighborhoods, remove architectural barriers, eliminate slum and blighted conditions, and encourage the preservation of historic structures.

## Operational Imperatives

In order to ensure accountability and the judicious use of finite, public resources, the following operational imperatives have been established in the Five-Year Consolidated Plan and City processes:

- Recipient organizations must have acceptable past and/or current performance on similar projects.
- As this is a reimbursable grant, recipient organizations must have the fiscal capacity to undertake the proposed project.
- Activities will not be funded unless the organization has developed realistic cost estimates and timelines, and demonstrated past financial stability (as evidenced in its past two agency fiscal audits).
- Agency must demonstrate that the use of awarded City funds will ensure the required funding for the proposed project, i.e. City funds are the last needed to complete the project.
- Organizations requesting funds from more than one agency will be required to submit a Subsidy Layering Review which includes a certified Sources and Uses Summary
- Recipients will be expected to provide matching funds and/or otherwise participate in the cost of their proposed project
- Housing development and property improvement programs are expected to use quality, long-lasting methods and materials that require a minimum of maintenance or upkeep and provide a Physical Needs Assessment for the proposed project
- The cost of providing housing or services will be considered in evaluating applications and must meet HUD guidelines
- Recipients must adhere to HUD and City guidelines for procurement of goods and services including professional services.
- Funded activities must meet a National Objective within two years of funding award.

Further priority is given to those established housing needs for which there is currently insufficient assistance including:

- 1 Acquisition for affordable rental housing and low-and moderate-income first-time homebuyers
- 2 Multi-family Housing rehabilitation

**Priority will be given to projects that serve the North Beach area (33141) or predominantly serve residents of this area.**

In addition, the City will prioritize awards to those projects that align with its Key Intended Outcomes (KIO) as defined in its current *Strategic Plan*. The City's KIOs can be found in its own tab within this workbook.

## Eligible Activities/HUD Guidelines ( Page 1 of 1)

### **§ 570.201 Basic eligible activities.**

CDBG funds may be used for the following activities:

**(a) Acquisition.** Acquisition in whole or in part by the recipient, or other public or private nonprofit entity, by purchase, long-term lease, donation, or otherwise, of real property (including air rights, water rights, rights-of-way, easements, and other interests therein) for any public purpose, subject to the limitations of §570.207.

**(b) Disposition.** Disposition, through sale, lease, donation, or otherwise, of any real property acquired with CDBG funds or its retention for public purposes, including reasonable costs of temporarily managing such property or property acquired under urban renewal, provided that the proceeds from any such disposition shall be program income subject to the requirements set forth in §570.504.

**(c) Public facilities and improvements.** Acquisition, construction, reconstruction, rehabilitation or installation of public facilities and improvements, except as provided in §570.207(a), carried out by the recipient or other public or private nonprofit entities. (However, activities under this paragraph may be directed to the removal of material and architectural barriers that restrict the mobility and accessibility of elderly or severely disabled persons to public facilities and improvements, including those provided for in §570.207(a)(1).) In undertaking such activities, design features and improvements which promote energy efficiency may be included. Such activities may also include the execution of architectural design features, and similar treatments intended to enhance the aesthetic quality of facilities and improvements receiving CDBG assistance, such as

decorative pavements, railings, sculptures, pools of water and fountains, and other works of art. Facilities designed for use in providing shelter for persons having special needs are considered public facilities and not subject to the prohibition of new housing construction described in §570.207(b)(3). Such facilities include shelters for the homeless; convalescent homes; hospitals, nursing homes; battered spouse shelters; halfway houses for run-away children, drug offenders or parolees; group homes for mentally retarded persons and temporary housing for disaster victims. In certain cases, nonprofit entities and subrecipients including those specified in §570.204 may acquire title to public facilities. When such facilities are owned by nonprofit entities or subrecipients, they shall be operated so as to be open for use by the general public during all normal hours of operation. Public facilities and improvements eligible for assistance under this paragraph are subject to the policies in §570.200(b).

**(d) Clearance and remediation activities.** Clearance, demolition, and removal of buildings and improvements, including movement of structures to other sites and remediation of known or suspected environmental contamination. Demolition of HUD-assisted or HUD-owned housing units may be undertaken only with the prior approval of HUD. Remediation may include project-specific environmental assessment costs not otherwise eligible under §570.205.

**(e) Public services.** Provision of public services (including labor, supplies, and materials) including but not limited to those concerned with employment, crime prevention, child care, health, drug abuse, education, fair housing counseling, energy conservation, welfare (but excluding the provision of income payments identified under §570.207(b)(4)), homebuyer down payment assistance, or recreational needs. To be eligible for CDBG assistance, a public service must be either a new service or a quantifiable increase in the level of an existing service above that which has been provided by or on behalf of the unit of general local government (through funds raised by the unit or received by the unit from the State in which it is located) in the 12 calendar months before the submission of the action plan. (An exception to this requirement may be made if HUD determines that any decrease in the level of a service was the result of events not within the control of the unit of general local government.) The amount of CDBG funds used for public services shall not exceed paragraphs (e) (1) or (2) of this section, as applicable:

## Eligible Activities/HUD Guidelines (Public Services - Page 1 of 2)

(1) The amount of CDBG funds used for public services shall not exceed 15 percent of each grant, except that for entitlement grants made under subpart D of this part, the amount shall not exceed 15 percent of the grant plus 15 percent of program income, as defined in §570.500(a). For entitlement grants under subpart D of this part, compliance is based on limiting the amount of CDBG funds obligated for public service activities in each program year to an amount no greater than 15 percent of the entitlement grant made for that program year plus 15 percent of the program income received during the grantee's immediately preceding program year.

(2) A recipient which obligated more CDBG funds for public services than 15 percent of its grant funded from Federal fiscal year 1982 or 1983 appropriations (excluding program income and any assistance received under Public Law 98-8), may obligate more CDBG funds than allowable under paragraph (e)(1) of this section, so long as the total amount obligated in any program year does not exceed:

(i) For an entitlement grantee, 15% of the program income it received during the preceding program year; plus

(ii) A portion of the grant received for the program year which is the highest of the following amounts:

(B) The amount determined by applying the percentage of the grant it obligated for public services in the 1983 program year against the grant for its current program year;

(C) The amount of funds it obligated for public services in the 1982 program year; or,

(D) The amount of funds it obligated for public services in the 1983 program year.

(f) Interim assistance. (1) The following activities may be undertaken on an interim basis in areas exhibiting objectively determinable signs of physical deterioration where the recipient has determined that immediate action is necessary to arrest the deterioration and that permanent improvements will be carried out as soon as practicable:

(ii) The clearance of streets, including snow removal and similar activities, and

(iii) The improvement of private properties.

Relocation payments and other assistance for permanently and temporarily relocated individuals families, businesses, nonprofit organizations, and farm operations where the assistance is (1) required under the provisions of §570.606 (b) or (c); or (2) determined by the grantee to be appropriate under the provisions of §570.606(d).

(j) Loss of rental income. Payments to housing owners for losses of rental income incurred in holding, for temporary periods, housing units to be used for the relocation of individuals and families displaced by program activities assisted under this part.

(o)(1) The provision of assistance either through the recipient directly or through public and private organizations, agencies, and other subrecipients (including nonprofit and for-profit subrecipients) to facilitate economic development by:

(3) For purposes of this paragraph (o), "persons developing microenterprises" means such persons who have expressed interest and who are, or after an initial screening process are expected to be, actively working toward developing businesses, each of which is expected to be a microenterprise at the time it is formed.

(4) Assistance under this paragraph (o) may also include training, technical assistance, or other support services to increase the capacity of the recipient or subrecipient to carry out the activities under this paragraph (o).

(p) Technical assistance. Provision of technical assistance to public or nonprofit entities to increase the capacity of such entities to carry out eligible neighborhood revitalization or economic development activities. (The recipient must determine, prior to the provision of the assistance, that the activity for which it is attempting to build capacity would be eligible for assistance under this subpart C, and that the national objective claimed by the grantee for this assistance can reasonably be expected to be met once the entity has received the technical assistance and undertakes the activity.) Capacity building for private or public entities (including grantees) for other purposes may be eligible under §570.205.

(q) Assistance to institutions of higher education. Provision of assistance by the recipient to institutions of higher education when the grantee determines that such an institution has demonstrated a capacity to carry out eligible activities under this subpart C.

### § 570.204 Special activities by Community-Based Development Organizations (CBDOs).

(a) Eligible activities. The recipient may provide CDBG funds as grants or loans to any CBDO qualified under this section to carry out a neighborhood revitalization, community economic development, or energy conservation project. The funded project activities may include those listed as eligible under this subpart, and, except as described in paragraph (b) of this section, activities not otherwise listed as eligible under this subpart. For purposes of qualifying as a project under paragraphs (a)(1), (a)(2), and (a)(3) of this section, the funded activity or activities may be considered either alone or in concert with other project activities either being carried out or for which funding has been committed. For purposes of this section:

(1) Neighborhood revitalization project includes activities of sufficient size and scope to have an impact on the decline of a geographic location within the jurisdiction of a unit of general local government (but not the entire jurisdiction) designated in comprehensive plans, ordinances, or other local documents as a neighborhood, village, or similar geographical designation; or the entire jurisdiction of a unit of general local government which is under 25,000 population;

(2) Community economic development project includes activities that increase economic opportunity, principally for persons of low- and moderate-income, or that stimulate or retain businesses or permanent jobs, including projects that include one or more such activities that are clearly needed to address a lack of affordable housing accessible to existing or planned jobs and those activities specified at 24 CFR 91.1(a)(1)(iii); activities under this paragraph may include costs associated with project-specific assessment or remediation of known or suspected environmental contamination;

(3) Energy conservation project includes activities that address energy conservation, principally for the benefit of the residents of the recipient's jurisdiction; and

(4) To carry out a project means that the CBDO undertakes the funded activities directly or through contract with an entity other than the grantee, or through the provision of financial assistance for activities in which it retains a direct and controlling involvement and responsibilities.

(b) Ineligible activities. Notwithstanding that CBDOs may carry out activities that are not otherwise eligible under this subpart, this section does not authorize:

(1) Carrying out an activity described as ineligible in §570.207(a);

(2) Carrying out public services that do not meet the requirements of §570.201(e), except that:

(i) Services carried out under this section that are specifically designed to increase economic opportunities through job training and placement and other employment support services, including, but not limited to, peer support programs, counseling, child care, transportation, and other similar services; and

(ii) Services of any type carried out under this section pursuant to a strategy approved by HUD under the provisions of 24 CFR 91.215(e) shall not be subject to the limitations in §570.201(e)(1) or (2), as applicable;

(3) Providing assistance to activities that would otherwise be eligible under §570.203 that do not meet the requirements of §570.209; or

(4) Carrying out an activity that would otherwise be eligible under §570.205 or §570.206, but that would result in the recipient's exceeding the spending limitation in §570.200(g).

(c) Eligible CBDOs. (1) A CBDO qualifying under this section is an organization which has the following characteristics:

(i) Is an association or corporation organized under State or local law to engage in community development activities (which may include housing and economic development activities) primarily within an identified geographic area of operation within the jurisdiction of the recipient, or in the case of an urban county, the jurisdiction of the county; and

(ii) Has as its primary purpose the improvement of the physical, economic or social environment of its geographic area of operation by addressing one or more critical problems of the area, with particular attention to the needs of persons of low and moderate income; and

## **Eligible Activities/HUD Guidelines (Special Activities by CBDOs - Page 2 of 2)**

- (iii) May be either non-profit or for-profit, provided any monetary profits to its shareholders or members must be only incidental to its operations; and
  - (iv) Maintains at least 51 percent of its governing body's membership for low- and moderate-income residents of its geographic area of operation, owners or senior officers of private establishments and other institutions located in and serving its geographic area of operation, or representatives of low- and moderate-income neighborhood organizations located in its geographic area of operation; and
  - (v) Is not an agency or instrumentality of the recipient and does not permit more than one-third of the membership of its governing body to be appointed by, or to consist of, elected or other public officials or employees or officials of an ineligible entity (even though such persons may be otherwise qualified under paragraph (c)(1)(iv) of this section); and
  - (vi) Except as otherwise authorized in paragraph (c)(1)(v) of this section, requires the members of its governing body to be nominated and approved by the general membership of the organization, or by its permanent governing body; and
  - (vii) Is not subject to requirements under which its assets revert to the recipient upon dissolution; and
  - (viii) Is free to contract for goods and services from vendors of its own choosing.
- (2) A CBDO that does not meet the criteria in paragraph (c)(1) of this section may also qualify as an eligible entity under this section if it meets one of the following requirements:
- (i) Is an entity organized pursuant to section 301(d) of the Small Business Investment Act of 1958 (15 U.S.C. 681(d)), including those which are profit making; or
  - (ii) Is an SBA approved Section 501 State Development Company or Section 502 Local Development Company, or an SBA Certified Section 503 Company under the Small Business Investment Act of 1958, as amended; or
  - (iii) Is a Community Housing Development Organization (CHDO) under 24 CFR 92.2, designated as a CHDO by the HOME Investment Partnerships program participating jurisdiction, with a geographic area of operation of no more than one neighborhood, and has received HOME funds under 24 CFR 92.300 or is expected to receive HOME funds as described in and documented in accordance with 24 CFR 92.300(e).
- (3) A CBDO that does not qualify under paragraph (c)(1) or (2) of this section may also be determined to qualify as an eligible entity under this section if the recipient demonstrates to the satisfaction of HUD, through the provision of information regarding the organization's charter and by-laws, that the organization is sufficiently similar in purpose, function, and scope to those entities qualifying under paragraph (c)(1) or (2) of this section.

- (3) Functional plans, in areas such as:
  - (i) Housing, including the development of a consolidated plan;
  - (ii) Land use and urban environmental design;
  - (iii) Economic development;
  - (iv) Open space and recreation;
  - (v) Energy use and conservation;
  - (vi) Floodplain and wetlands management in accordance with the requirements of Executive Orders 11988 and 11990;

  - (iv) The reasonable costs of general environmental, urban environmental design and historic preservation studies; and general environmental assessment- and remediation-oriented planning related to properties with known or suspected environmental contamination. However, costs necessary to comply with 24 CFR part 58, including project specific environmental assessments and clearances for activities eligible for assistance under this part, are eligible as part of the cost of such activities under §§570.201–570.204. Costs for such specific assessments and clearances may also be incurred under this paragraph but would then be considered planning costs for the purposes of §570.200(g);
  - (v) Strategies and action programs to implement plans, including the development of codes, ordinances and regulations;
  - (vi) Support of clearinghouse functions, such as those specified in Executive Order 12372; and
  - (vii) Analysis of impediments to fair housing choice.

## Eligible Activities/HUD Guidelines (Program Admin - Page 1 of 2)

### § 570.206 Program administrative costs.

Payment of reasonable administrative costs and carrying charges related to the planning and execution of community development activities assisted in whole or in part with funds provided under this part and, where applicable, housing activities (described in paragraph (g) of this section) covered in the recipient's housing assistance plan. This does not include staff and overhead costs directly related to carrying out activities eligible under §570.201 through §570.204, since those costs are eligible as part of such activities.

(a) General management, oversight and coordination. Reasonable costs of overall program management, coordination, monitoring, and evaluation. Such costs include, but are not necessarily limited to, necessary expenditures for the following:

(1) Salaries, wages, and related costs of the recipient's staff, the staff of local public agencies, or other staff engaged in program administration. In charging costs to this category the recipient may either include the entire salary, wages, and related costs allocable to the program of each person whose primary responsibilities with regard to the program involve program administration assignments, or the pro rata share of the salary, wages, and related costs of each person whose job includes any program administration assignments. The recipient may use only one of these methods during the program year (or the grant period for grants under subpart F). Program administration includes the following types of assignments:

(i) Providing local officials and citizens with information about the program;

(ii) Preparing program budgets and schedules, and amendments thereto;

(iii) Developing systems for assuring compliance with program requirements;

(iv) Developing interagency agreements and agreements with subrecipients and contractors to carry out program activities;

(v) Monitoring program activities for progress and compliance with program requirements;

(vi) Preparing reports and other documents related to the program for submission to HUD;

(vii) Coordinating the resolution of audit and monitoring findings;

(viii) Evaluating program results against stated objectives; and

(ix) Managing or supervising persons whose primary responsibilities with regard to the program include such assignments as those described in paragraph (a)(1)(i) through (viii) of this section.

(2) Travel costs incurred for official business in carrying out the program;

(3) Administrative services performed under third party contracts or agreements, including such services as general legal services, accounting services, and audit services; and

(4) Other costs for goods and services required for administration of the program, including such goods and services as rental or purchase of equipment, insurance, utilities, office supplies, and rental and maintenance (but not purchase) of office space.

(b) Public information. The provisions of information and other resources to residents and citizen organizations participating in the planning, implementation, or assessment of activities being assisted with CDBG funds.

(c) Fair housing activities. Provision of fair housing services designed to further the fair housing objectives of the Fair Housing Act (42 U.S.C. 3601–20) by making all persons, without regard to race, color, religion, sex, national origin, familial status or handicap, aware of the range of housing opportunities available to them; other fair housing enforcement, education, and outreach activities; and other activities designed to further the housing objective of avoiding undue concentrations of assisted persons in areas containing a high proportion of low and moderate income persons.

(d) [Reserved]

(e) Indirect costs. Indirect costs may be charged to the CDBG program under a cost allocation plan prepared in accordance with OMB Circular A–21, A–87, or A–122 as applicable.

## **Eligible Activities/HUD Guidelines (Program Admin - Page 2 of 2)**

(f) Submission of applications for federal programs. Preparation of documents required for submission to HUD to receive funds under the CDBG and UDAG programs. In addition, CDBG funds may be used to prepare applications for other Federal programs where the recipient determines that such activities are necessary or appropriate to achieve its community development objectives.

(g) Administrative expenses to facilitate housing. CDBG funds may be used for necessary administrative expenses in planning or obtaining financing for housing as follows: for entitlement recipients, assistance authorized by this paragraph is limited to units which are identified in the recipient's HUD approved housing assistance plan; for

HUD-administered small cities recipients, assistance authorized by the paragraph is limited to facilitating the purchase or occupancy of existing units which are to be occupied by low and moderate income households, or the construction of rental or owner units where at least 20 percent of the units in each project will be occupied at affordable rents/costs by low and moderate income persons. Examples of eligible actions are as follows:

(1) The cost of conducting preliminary surveys and analysis of market needs;

(2) Site and utility plans, narrative descriptions of the proposed construction, preliminary cost estimates, urban design documentation, and "sketch drawings," but excluding architectural, engineering, and other details ordinarily required for construction purposes, such as structural, electrical, plumbing, and mechanical details;

(3) Reasonable costs associated with development of applications for mortgage and insured loan commitments, including commitment fees, and of applications and applications under the Section 8 Housing Assistance Payments Program pursuant to 24 CFR parts 880–883;

(4) Fees associated with processing of applications for mortgage or insured loan commitments under programs including those administered by HUD, Farmers Home Administration (FHA), Federal National Mortgage Association (FNMA), and the Government National Mortgage Association (GNMA);

(5) The cost of issuance and administration of mortgage revenue bonds used to finance the acquisition, rehabilitation or construction of housing, but excluding costs associated with the payment or guarantee of the principal or interest on such bonds; and

(6) Special outreach activities which result in greater landlord participation in Section 8 Housing Assistance Payments Program-Existing Housing or similar programs for low and moderate income persons.

(h) Section 17 of the United States Housing Act of 1937. Reasonable costs equivalent to those described in paragraphs (a), (b), (e) and (f) of this section for overall program management of the Rental Rehabilitation and Housing Development programs authorized under section 17 of the United States Housing Act of 1937, whether or not such activities are otherwise assisted with funds provided under this part.

(i) Whether or not such activities are otherwise assisted by funds provided under this part, reasonable costs equivalent to those described in paragraphs (a), (b), (e), and (f) of this section for overall program management of:

(1) A Federally designated Empowerment Zone or Enterprise Community; and

(2) The HOME program under title II of the Cranston-Gonzalez National Affordable Housing Act (42 U.S.C. 12701 note).

## **Ineligible Activities/HUD Guidelines ( Page 1 of 2)**

### **§ 570.207 Ineligible activities.**

The general rule is that any activity that is not authorized under the provisions of §§570.201–570.206 is ineligible to be assisted with CDBG funds. This section identifies specific activities that are ineligible and provides guidance in determining the eligibility of other activities frequently associated with housing and community development.

(a) The following activities may not be assisted with CDBG funds:

(1) Buildings or portions thereof, used for the general conduct of government as defined at §570.3(d) cannot be assisted with CDBG funds. This does not include, however, the removal of architectural barriers under §570.201(c) involving any such building. Also, where acquisition of real property includes an existing improvement which is to be used in the provision of a building for the general conduct of government, the portion of the acquisition cost attributable to the land is eligible, provided such acquisition meets a national objective described in §570.208.

(2) General government expenses. Except as otherwise specifically authorized in this subpart or under OMB Circular A–87, expenses required to carry out the regular responsibilities of the unit of general local government are not eligible for assistance under this part.

(3) Political activities. CDBG funds shall not be used to finance the use of facilities or equipment for political purposes or to engage in other partisan political activities, such as candidate forums, voter transportation, or voter registration. However, a facility originally assisted with CDBG funds may be used on an incidental basis to hold political meetings, candidate forums, or voter registration campaigns, provided that all parties and organizations have access to the facility on an equal basis, and are assessed equal rent or use charges, if any.

(b) The following activities may not be assisted with CDBG funds unless authorized under provisions of §570.203 or as otherwise specifically noted herein or when carried out by an entity under the provisions of §570.204.

(1) Purchase of equipment. The purchase of equipment with CDBG funds is generally ineligible.

(i) Construction equipment. The purchase of construction equipment is ineligible, but compensation for the use of such equipment through leasing, depreciation, or use allowances pursuant to OMB Circulars A–21, A–87 or A–122 as applicable for an otherwise eligible activity is an eligible use of CDBG funds. However, the purchase of construction equipment for use as part of a solid waste disposal facility is eligible under §570.201(c).

(ii) Fire protection equipment. Fire protection equipment is considered for this purpose to be an integral part of a public facility and thus, purchase of such equipment would be eligible under §570.201(c).

(iii) Furnishings and personal property. The purchase of equipment, fixtures, motor vehicles, furnishings, or other personal property not an integral structural fixture is generally ineligible. CDBG funds may be used, however, to purchase or to pay depreciation or use allowances (in accordance with OMB Circular A–21, A–87 or A–122, as applicable) for such items when necessary for use by a recipient or its subrecipients in the administration of activities assisted with CDBG funds, or when eligible as fire fighting equipment, or when such items constitute all or part of a public service pursuant to §570.201(e).

(2) Operating and maintenance expenses. The general rule is that any expense associated with repairing, operating or maintaining public facilities, improvements and services is ineligible. Specific exceptions to this general rule are operating and maintenance expenses associated with public service activities, interim assistance, and office space for program staff employed in carrying out the CDBG program. For example, the use of CDBG funds to pay the allocable costs of operating and maintaining a facility used in providing a public service would be eligible under §570.201(e), even if no other costs of providing such a service are assisted with such funds. Examples of ineligible operating and maintenance expenses are:

## **Ineligible Activities/HUD Guidelines ( Page 2 of 2)**

(i) Maintenance and repair of publicly owned streets, parks, playgrounds, water and sewer facilities, neighborhood facilities, senior centers, centers for persons with a disabilities, parking and other public facilities and improvements. Examples of maintenance and repair activities for which CDBG funds may not be used include the filling of pot holes in streets, repairing of cracks in sidewalks, the mowing of recreational areas, and the replacement of expended street light bulbs; and

(ii) Payment of salaries for staff, utility costs and similar expenses necessary for the operation of public works and facilities.

(3) New housing construction. For the purpose of this paragraph, activities in support of the development of low or moderate income housing including clearance, site assemblage, provision of site improvements and provision of public improvements and certain housing pre-construction costs set forth in §570.206(g), are not considered as activities to subsidize or assist new residential construction. CDBG funds may not be used for the construction of new permanent residential structures or for any program to subsidize or assist such new construction, except:

(i) As provided under the last resort housing provisions set forth in 24 CFR part 42;

(ii) As authorized under §570.201(m) or (n);

(iii) When carried out by an entity pursuant to §570.204(a);

(4) Income payments. The general rule is that CDBG funds may not be used for income payments. For purposes of the CDBG program, "income payments" means a series of subsistence-type grant payments made to an individual or family for items such as food, clothing, housing (rent or mortgage), or utilities, but excludes emergency grant payments made over a period of up to three consecutive months to the provider of such items or services on behalf of an individual or family.

## Criteria for National Objectives/HUD Guidelines ( Page 1 of 3)

### § 570.208 Criteria for national objectives.

The following criteria shall be used to determine whether a CDBG-assisted activity complies with one or more of the national objectives as required under §570.200(a)(2):

(a) Activities benefiting low- and moderate-income persons. Activities meeting the criteria in paragraph (a) (1), (2), (3), or (4) of this section as applicable, will be considered to benefit low and moderate income persons unless there is substantial evidence to the contrary. In assessing any such evidence, the full range of direct effects of the assisted activity will be considered. (The recipient shall appropriately ensure that activities that meet these criteria do not benefit moderate income persons to the exclusion of low income persons.)

(1) Area benefit activities. (i) An activity, the benefits of which are available to all the residents in a particular area, where at least 51 percent of the residents are low and moderate income persons. Such an area need not be coterminous with census tracts or other officially recognized boundaries but must be the entire area served by the activity. An activity that serves an area that is not primarily residential in character shall not qualify under this criterion.

(ii) For metropolitan cities and urban counties, an activity that would otherwise qualify under §570.208(a)(1)(i), except that the area served contains less than 51 percent low- and moderate-income residents, will also be considered to meet the objective of benefiting low- and moderate-income persons where the proportion of such persons in the area is within the highest quartile of all areas in the recipient's jurisdiction in terms of the degree of concentration of such persons. This exception is inapplicable to non-entitlement CDBG grants in Hawaii. In applying this exception, HUD will determine the lowest proportion a recipient may use to qualify an area for this purpose, as follows:

(A) All census block groups in the recipient's jurisdiction shall be rank ordered from the block group of highest proportion of low and moderate income persons to the block group with the lowest. For urban counties, the rank ordering shall cover the entire area constituting the urban county and shall not be done separately for each participating unit of general local government.

(B) In any case where the total number of a recipient's block groups does not divide evenly by four, the block group which would be fractionally divided between the highest and second quartiles shall be considered to be part of the highest quartile.

(C) The proportion of low and moderate income persons in the last census block group in the highest quartile shall be identified. Any service area located within the recipient's jurisdiction and having a proportion of low and moderate income persons at or above this level shall be considered to be within the highest quartile.

(D) If block group data are not available for the entire jurisdiction, other data acceptable to the Secretary may be used in the above calculations.

(iii) An activity to develop, establish, and operate for up to two years after the establishment of, a uniform emergency telephone number system serving an area having less than the percentage of low- and moderate-income residents required under paragraph (a)(1)(i) of this section or (as applicable) paragraph (a)(1)(ii) of this section, provided the recipient obtains prior HUD approval. To obtain such approval, the recipient must:

(A) Demonstrate that the system will contribute significantly to the safety of the residents of the area. The request for approval must include a list of the emergency services that will participate in the emergency telephone number system;

## Criteria for National Objectives/HUD Guidelines ( Page 2 of 3)

(B) Submit information that serves as a basis for HUD to determine whether at least 51 percent of the use of the system will be by low- and moderate-income persons. As available, the recipient must provide information that identifies the total number of calls actually received over the preceding 12-month period for each of the emergency services to be covered by the emergency telephone number system and relates those calls to the geographic segment (expressed as nearly as possible in terms of census tracts, block numbering areas, block groups, or combinations thereof that are contained within the segment) of the service area from which the calls were generated. In analyzing this data to meet the requirements of this section, HUD will assume that the distribution of income among the callers generally reflects the income characteristics of the general population residing in the same geographic area where the callers reside. If HUD can conclude that the users have primarily consisted of low- and moderate-income persons, no further submission is needed by the recipient. If a recipient plans to make other submissions for this purpose, it may request that HUD review its planned methodology before expending the effort to acquire the information it expects to use to make its case;

(C) Demonstrate that other Federal funds received by the recipient are insufficient or unavailable for a uniform emergency telephone number system. For this purpose, the recipient must submit a statement explaining whether the lack of funds is due to the insufficiency of the amount of the available funds, restrictions on the use of such funds, or the prior commitment of funds by the recipient for other purposes; and

(D) Demonstrate that the percentage of the total costs of the system paid for by CDBG funds does not exceed the percentage of low- and moderate-income persons in the service area of the system. For this purpose, the recipient must include a description of the boundaries of the service area of the emergency telephone number system, the census divisions that fall within the boundaries of the service area (census tracts or block numbering areas), the total number of persons and the total number of low- and moderate-income persons within each census division, the percentage of low- and moderate-income persons within the service area, and the total cost of the system.

(iv) An activity for which the assistance to a public improvement that provides benefits to all the residents of an area is limited to paying special assessments (as defined in §570.200(c)) levied against residential properties owned and occupied by persons of low and moderate income.

(v) For purposes of determining qualification under this criterion, activities of the same type that serve different areas will be considered separately on the basis of their individual service area.

(vi) In determining whether there is a sufficiently large percentage of low- and moderate-income persons residing in the area served by an activity to qualify under paragraph (a)(1) (i), (ii), or (vii) of this section, the most recently available decennial census information must be used to the fullest extent feasible, together with the section 8 income limits that would have applied at the time the income information was collected by the Census Bureau. Recipients that believe that the census data does not reflect current relative income levels in an area, or where census boundaries do not coincide sufficiently well with the service area of an activity, may conduct (or have conducted) a current survey of the residents of the area to determine the percent of such persons that are low and moderate income. HUD will accept information obtained through such surveys, to be used in lieu of the decennial census data, where it determines that the survey was conducted in such a manner that the results meet standards of statistical reliability that are comparable to that of the decennial census data for areas of similar size. Where there is substantial evidence that provides a clear basis to believe that the use of the decennial census data would substantially overstate the proportion of persons residing there that are low and moderate income, HUD may require that the recipient rebut such evidence in order to demonstrate compliance with section 105(c)(2) of the Act.

### **Criteria for National Objectives/HUD Guidelines ( Page 3 of 3)**

(vii) Activities meeting the requirements of paragraph (d)(5)(i) of this section may be considered to qualify under this paragraph, provided that the area covered by the strategy is either a Federally-designated Empowerment Zone or Enterprise Community or primarily residential and contains a percentage of low- and moderate-income residents that is no less than the percentage computed by HUD pursuant to paragraph (a)(1)(ii) of this section or 70 percent, whichever is less, but in no event less than 51 percent. Activities meeting the requirements of paragraph (d)(6)(i) of this section may also be considered to qualify under paragraph (a)(1) of this section.

(2) Limited clientele activities. (i) An activity which benefits a limited clientele, at least 51 percent of whom are low- and moderate-income persons. (The following kinds of activities may not qualify under paragraph (a)(2) of this section: activities, the benefits of which are available to all the residents of an area; activities involving the acquisition, construction or rehabilitation of property for housing; or activities where the benefit to low- and moderate-income persons to be considered is the creation or retention of jobs, except as provided in paragraph (a)(2)(iv) of this section.) To qualify under paragraph (a)(2) of this section, the activity must meet one of the following tests:

(A) Benefit a clientele who are generally presumed to be principally low and moderate income persons. Activities that exclusively serve a group of persons in any one or a combination of the following categories may be presumed to benefit persons, 51 percent of whom are low- and moderate-income: abused children, battered spouses, elderly persons, adults meeting the Bureau of the Census' Current Population Reports definition of "severely disabled," homeless persons, illiterate adults, persons living with AIDS, and migrant farm workers; or

(B) Require information on family size and income so that it is evident that at least 51 percent of the clientele are persons whose family income does not exceed the low and moderate income limit; or

(C) Have income eligibility requirements which limit the activity exclusively to low and moderate income persons; or

(D) Be of such nature and be in such location that it may be concluded that the activity's clientele will primarily be low and moderate income persons.

(ii) An activity that serves to remove material or architectural barriers to the mobility or accessibility of elderly persons or of adults meeting the Bureau of the Census' Current

Population Reports definition of "severely disabled" will be presumed to qualify under this criterion if it is restricted, to the extent practicable, to the removal of such barriers by assisting:

(A) The reconstruction of a public facility or improvement, or portion thereof, that does not qualify under paragraph (a)(1) of this section;

(B) The rehabilitation of a privately owned nonresidential building or improvement that does not qualify under paragraph (a)(1) or (4) of this section; or

(C) The rehabilitation of the common areas of a residential structure that contains more than one dwelling unit and that does not qualify under paragraph (a)(3) of this section.

(iii) A microenterprise assistance activity carried out in accordance with the provisions of §570.201(o) with respect to those owners of microenterprises and persons developing microenterprises assisted under the activity during each program year who are low- and moderate-income persons. For purposes of this paragraph, persons determined to be low and moderate income may be presumed to continue to qualify as such for up to a three-year period.

(iv) An activity designed to provide job training and placement and/or other employment support services, including, but not limited to, peer support programs, counseling, child care, transportation, and other similar services, in which the percentage of low- and moderate-income persons assisted is less than 51 percent may qualify under this paragraph in the following limited circumstance:

(A) In such cases where such training or provision of supportive services assists business(es), the only use of CDBG assistance for the project is to provide the job training and/or supportive services; and

(B) The proportion of the total cost of the project borne by CDBG funds is no greater than the proportion of the total number of persons assisted who are low or moderate income.

## Prohibition on Use/HUD Guidelines ( Page 1 of 2)

### **§ 570.210 Prohibition on use of assistance for employment relocation activities.**

(a) Prohibition. CDBG funds may not be used to directly assist a business, including a business expansion, in the relocation of a plant, facility, or operation from one LMA to another LMA if the relocation is likely to result in a significant loss of jobs in the LMA from which the relocation occurs.

(b) Definitions. The following definitions apply to this section:

(1) Directly assist. Directly assist means the provision of CDBG funds for activities pursuant to:

(i) §570.203(b); or

(ii) §§570.201(a)—(d), 570.201(l), 570.203(a), or §570.204 when the grantee, subrecipient, or, in the case of an activity carried out pursuant to §570.204, a Community Based Development Organization (CDBO) enters into an agreement with a business to undertake one or more of these activities as a condition of the business relocating a facility, plant, or operation to the grantee's LMA. Provision of public facilities and indirect assistance that will provide benefit to multiple businesses does not fall under the definition of “directly assist,” unless it includes the provision of infrastructure to aid a specific business that is the subject of an agreement with the specific assisted business.

(2) Labor market area (LMA). For metropolitan areas, an LMA is an area defined as such by the BLS. An LMA is an economically integrated geographic area within which individuals can live and find employment within a reasonable distance or can readily change employment without changing their place of residence. In addition, LMAs are nonoverlapping and geographically exhaustive. For metropolitan areas, grantees must use employment data, as defined by the BLS, for the LMA in which the affected business is currently located and from which current jobs may be lost. For non-metropolitan areas, an LMA is either an area defined by the BLS as an LMA, or a state may choose to combine non-metropolitan LMAs. States are required to define or reaffirm prior definitions of their LMAs on an annual basis and retain records to substantiate such areas prior to any business relocation that would be impacted by this rule. Metropolitan LMAs cannot be combined, nor can a non-metropolitan LMA be combined with a metropolitan LMA. For the HUD-administered Small Cities Program, each of the three participating counties in Hawaii will be considered to be its own LMA. Recipients of Fiscal Year 1999 Small Cities Program funding in New York will follow the requirements for State CDBG recipients.

(3) Operation. A business operation includes, but is not limited to, any equipment, employment opportunity, production capacity or product line of the business.

(4) Significant loss of jobs. (i) A loss of jobs is significant if: The number of jobs to be lost in the LMA in which the affected business is currently located is equal to or greater than one-tenth of one percent of the total number of persons in the labor force of that LMA; or in all cases, a loss of 500 or more jobs. Notwithstanding the aforementioned, a loss of 25 jobs or fewer does not constitute a significant loss of jobs.

(ii) A job is considered to be lost due to the provision of CDBG assistance if the job is relocated within three years of the provision of assistance to the business; or the time period within which jobs are to be created as specified by the agreement between the business and the recipient if it is longer than three years.

(c) Written agreement. Before directly assisting a business with CDBG funds, the recipient, subrecipient, or a CDBO (in the case of an activity carried out pursuant to §570.204) shall sign a written agreement with the assisted business. The written agreement shall include:

(1) Statement. A statement from the assisted business as to whether the assisted activity will result in the relocation of any industrial or commercial plant, facility, or operation from one LMA to another, and, if so, the number of jobs that will be relocated from each LMA;

(2) Required information. If the assistance will not result in a relocation covered by this section, a certification from the assisted business that neither it, nor any of its subsidiaries, has plans to relocate jobs at the time the agreement is signed that would result in a significant job loss as defined in this rule; and

## **Prohibition on Use/HUD Guidelines ( Page 2 of 2)**

(3) Reimbursement of assistance. The agreement shall provide for reimbursement of any assistance provided to, or expended on behalf of, the business in the event that assistance results in a relocation prohibited under this section.

(d) Assistance not covered by this section. This section does not apply to:

(1) Relocation assistance. Relocation assistance required by the Uniform Assistance and Real Property Acquisition Policies Act of 1970, (URA) (42 U.S.C. 4601–4655);

(2) Microenterprises. Assistance to microenterprises as defined by Section 102(a)(22) of the Housing and Community Development Act of 1974; and

(3) Arms-length transactions. Assistance to a business that purchases business equipment, inventory, or other physical assets in an arms-length transaction, including the assets of an existing business, provided that the purchase does not result in the relocation of the sellers' business operation (including customer base or list, goodwill, product lines, or trade names) from one LMA to another LMA and does not produce a significant loss of jobs in the LMA from which the relocation occurs.

### **Subpart D—Entitlement Grants**

Source: 53 FR 34449, Sept. 6, 1988, unless otherwise noted.

#### **§ 570.300 General.**

This subpart describes the policies and procedures governing the making of community development block grants to entitlement communities and to non-entitlement counties in the State of Hawaii. The policies and procedures set forth in subparts A, C, J, K, and O of this part also apply to entitlement grantees and to non-entitlement grantees in the State of Hawaii. Sections 570.307 and 570.308 of this subpart do not apply to the Hawaii non-entitlement grantees.

[72 FR 46370, Aug. 17, 2007]

#### **§ 570.301 Activity locations and float-funding.**

The consolidated plan, action plan, and amendment submission requirements referred to in this section are those in 24 CFR part 91.

(a) For activities for which the grantee has not yet decided on a specific location, such as when the grantee is allocating an amount of funds to be used for making loans or grants to businesses or for residential rehabilitation, the description in the action plan or any amendment shall identify who may apply for the assistance, the process by which the grantee expects to select who will receive the assistance (including selection criteria), and how much and under what terms the assistance will be provided, or in the case of a planned public facility or improvement, how it expects to determine its location.

(b) Float-funded activities and guarantees. A recipient may use undisbursed funds in the line of credit and its CDBG program account that are budgeted in statements or action plans for one or more other activities that do not need the funds immediately, subject to the limitations described below. Such funds shall be referred to as the “float” for purposes of this section and the action plan. Each activity carried out using the float must meet all of the same requirements that apply to CDBG-assisted activities generally, and must be expected to produce program income in an amount at least equal to the amount of the float so used. Whenever the recipient proposes to fund an activity with the float, it must include the activity in its action plan or amend the action plan for the current program year. For purposes of this section, an activity that uses such funds will be called a “float-funded activity.”

(1) Each float-funded activity must be individually listed and described as such in the action plan.

(2)(i) The expected time period between obligation of assistance for a float-funded activity and receipt of program income in an amount at least equal to the full amount drawn from the float to fund the activity may not exceed 2.5 years. An activity from which program income sufficient to recover the full amount of the float assistance is expected to be generated more than 2.5 years after obligation may not be funded from the float, but may be included in an action plan if it is funded from CDBG funds other than the float (e.g., grant funds or proceeds from an approved Section 108 loan guarantee).

(ii) Any extension of the repayment period for a float-funded activity shall be considered to be a new float-funded activity for these purposes and may be implemented by the grantee only if the extension is made subject to the same limitations and requirements as apply to a new float-funded activity.

(3) Unlike other projected program income, the full amount of income expected to be generated by a float-funded activity must be shown as a source of program income in the action plan containing the activity, whether or not some or all of the income is expected to be received in a future program year (in accordance with 24 CFR 91.220(g)(1)(ii)(D)).

(4) The recipient must also clearly declare in the action plan that identifies the float-funded activity the recipient's commitment to undertake one of the following options:

## **Additional Information/HUD Guidelines ( Page 2 of 5)**

(i) Amend or delete activities in an amount equal to any default or failure to produce sufficient income in a timely manner. If the recipient makes this choice, it must include a description of the process it will use to select the activities to be amended or deleted and how it will involve citizens in that process; and it must amend the applicable statement(s) or action plan(s) showing those amendments or deletions promptly upon determining that the float-funded activity will not generate sufficient or timely program income;

(ii) Obtain an irrevocable line of credit from a commercial lender for the full amount of the float-funded activity and describe the lender and terms of such line of credit in the action plan that identifies the float-funded activity. To qualify for this purpose, such line of credit must be unconditionally available to the recipient in the amount of any shortfall within 30 days of the date that the float-funded activity fails to generate the projected amount of program income on schedule;

(iii) Transfer general local government funds in the full amount of any default or shortfall to the CDBG line of credit within 30 days of the float-funded activity's failure to generate the projected amount of the program income on schedule; or

(iv) A method approved in writing by HUD for securing timely return of the amount of the float funding. Such method must ensure that funds are available to meet any default or shortfall within 30 days of the float-funded activity's failure to generate the projected amount of the program income on schedule.

(5) When preparing an action plan for a year in which program income is expected to be received from a float-funded activity, and such program income has been shown in a prior statement or action plan, the current action plan shall identify the expected income and explain that the planned use of the income has already been described in prior statements or action plans, and shall identify the statements or action plans in which such descriptions may be found.

[60 FR 56913, Nov. 9, 1995]

### § 570.302 Submission requirements.

In order to receive its annual CDBG entitlement grant, a grantee must submit a consolidated plan in accordance with 24 CFR part 91. That part includes requirements for the content of the consolidated plan, for the process of developing the consolidated plan, including citizen participation provisions, for the submission date, for HUD approval, and for the amendment process.

(Approved by the Office of Management and Budget under control number 2506–0117)

[60 FR 1915, Jan. 5, 1995]

### § 570.303 Certifications.

The jurisdiction must make the certifications that are set forth in 24 CFR part 91 as part of the consolidated plan.

(Approved by the Office of Management and Budget under control number 2506–0117)

[60 FR 1915, Jan. 5, 1995]

### § 570.304 Making of grants.

(a) Approval of grant. HUD will approve a grant if the jurisdiction's submissions have been made and approved in accordance with 24 CFR part 91, and the certifications required therein are satisfactory to the Secretary. The certifications will be satisfactory to the Secretary for this purpose unless the Secretary has determined pursuant to subpart O of this part that the grantee has not complied with the requirements of this part, has failed to carry out its consolidated plan as provided under §570.903, or has determined that there is evidence, not directly involving the grantee's past performance under this program, that tends to challenge in a substantial manner the grantee's certification of future performance. If the Secretary makes any such determination, however, further assurances may be required to be submitted by the grantee as the Secretary may deem warranted or necessary to find the grantee's certification satisfactory.

(b) Grant agreement. The grant will be made by means of a grant agreement executed by both HUD and the grantee.

(c) Grant amount. The Secretary will make a grant in the full entitlement amount, generally within the last 30 days of the grantee's current program year, unless:

## **Additional Information/HUD Guidelines ( Page 3 of 5)**

1) Either the consolidated plan is not received by August 16 of the federal fiscal year for which funds are appropriated or the consolidated plan is not approved under 24 CFR part 91, subpart F—in which case, the grantee will forfeit the entire entitlement amount; or

(2) The grantee's performance does not meet the performance requirements or criteria prescribed in subpart O and the grant amount is reduced.

[53 FR 34449, Sept. 6, 1988, as amended at 60 FR 1915, Jan. 5, 1995; 60 FR 16379, Mar. 30, 1995; 60 FR 56913, Nov. 9, 1995]  
§ 570.307 Urban counties.

(a) Determination of qualification. The Secretary will determine the qualifications of counties to receive entitlements as urban counties upon receipt of qualification documentation from counties at such time, and in such manner and form as prescribed by HUD. The Secretary shall determine eligibility and applicable portions of each eligible county for purposes of fund allocation under section 106 of the Act on the basis of information available from the U.S. Bureau of the Census with respect to population and other pertinent demographic characteristics, and based on information provided by the county and its included units of general local government.

(b) Qualification as an urban county. (1) A county will qualify as an urban county if such county meets the definition at §570.3(3). As necessitated by this definition, the Secretary shall determine which counties have authority to carry out essential community development and housing assistance activities in their included units of general local government without the consent of the local governing body and which counties must execute cooperation agreements with such units to include them in the urban county for qualification and grant calculation purposes.

(2) At the time of urban county qualification, HUD may refuse to recognize the cooperation agreement of a unit of general local government in an urban county where, based on past performance and other available information, there is substantial evidence that such unit does not cooperate in the implementation of the essential community development or housing assistance activities or where legal impediments to such implementation exist, or where participation by a unit of general local government in noncompliance with the applicable law in subpart K would constitute noncompliance by the urban county. In such a case, the unit of general local government will not be permitted to participate in the urban county, and its population or other needs characteristics will not be considered in the determination of whether the county qualifies as an urban county or in determining the amount of funds to which the urban county may be entitled. HUD will not take this action unless the unit of general local government and the county have been given an opportunity to challenge HUD's determination and to informally consult with HUD concerning the proposed action.

(c) Essential activities. For purposes of this section, the term “essential community development and housing assistance activities” means community renewal and lower income housing activities, specifically urban renewal and publicly assisted housing. In determining whether a county has the required powers, the Secretary will consider both its authority and, where applicable, the authority of its designated agency or agencies.

(d) Period of qualification. (1) The qualification by HUD of an urban county shall remain effective for three successive Federal fiscal years regardless of changes in its population during that period, except as provided under paragraph (f) of this section and except as provided under §570.3(3) where the period of qualification shall be two successive Federal fiscal years.

(2) During the period of qualification, no included unit of general local government may withdraw from nor be removed from the urban county for HUD's grant computation purposes.

(3) If some portion of an urban county's unincorporated area becomes incorporated during the urban county qualification period, the newly incorporated unit of general local government shall not be excluded from the urban county nor shall it be eligible for a separate grant under subpart D, F, or I until the end of the urban county's current qualification period, unless the urban county fails to receive a grant for any year during that qualification period.

## **Additional Information/HUD Guidelines ( Page 4 of 5)**

(e) Grant ineligibility of included units of general local government. (1) An included unit of general local government cannot become eligible for an entitlement grant as a metropolitan city during the period of qualification of the urban county (even if it becomes a principal city of a metropolitan area or its population surpasses 50,000 during that period). Rather, such a unit of general local government shall continue to be included as part of the urban county for the remainder of the urban county's qualification period, and no separate grant amount shall be calculated for the included unit.

(2) An included unit of general local government which is part of an urban county shall be ineligible to apply for grants under subpart F, or to be a recipient of assistance under subpart I, during the entire period of urban county qualification.

(f) Failure of an urban county to receive a grant. Failure of an urban county to receive a grant during any year shall terminate the existing qualification of that urban county, and that county shall requalify as an urban county before receiving an entitlement grant in any successive Federal fiscal year. Such termination shall release units of general local government included in the urban county, in subsequent years, from the prohibition to receive grants under paragraphs (d)(3), (e)(1) and (e)(2) of this section. For this purpose an urban county shall be deemed to have received a grant upon having satisfied the requirements of sections 104 (a), (b), (c), and (d) of the Act, without regard to adjustments which may be made to this grant amount under section 104(e) or 111 of the Act.

(g) Notifications of the opportunity to be excluded. Any county seeking to qualify for an entitlement grant as an urban county for any Federal fiscal year shall notify each unit of general local government which is located, in whole or in part, within the county and which would otherwise be included in the urban county, but which is eligible to elect to have its population excluded from that of the urban county, that it has the opportunity to make such an election, and that such an election, or the failure to make such an election, shall be effective for the period for which the county qualifies as an urban county. These notifications shall be made by a date specified by HUD. A unit of general local government which elects to be excluded from participation as a part of the urban county shall notify the county and HUD in writing by a date specified by HUD. Such a unit of government may subsequently elect to participate in the urban county for the remaining one or two year period by notifying HUD and the county, in writing, of such election by a date specified by HUD.

[53 FR 34449, Sept. 6, 1988, as amended at 56 FR 56127, Oct. 31, 1991; 68 FR 69582, Dec. 12, 2003]

§ 570.308 Joint requests.

(a) Joint requests and cooperation agreements. (1) Any urban county and any metropolitan city located, in whole or in part, within that county may submit a joint request to HUD to approve the inclusion of the metropolitan city as a part of the urban county for purposes of planning and implementing a joint community development and housing program. Such a joint request shall only be considered if submitted at the time the county is seeking a three year qualification or requalification as an urban county.

Such a joint request shall, upon approval by HUD, remain effective for the period for which the county is qualified as an urban county. An urban county may be joined by more than one metropolitan city, but a metropolitan city located in more than one urban county may only be included in one urban county for any program year. A joint request shall be deemed approved by HUD unless HUD notifies the city and the county of its disapproval and the reasons therefore within 30 days of receipt of the request by HUD.

(2) Each metropolitan city and urban county submitting a joint request shall submit an executed cooperation agreement to undertake or to assist in the undertaking of essential community development and housing assistance activities, as defined in §570.307(c).

(b) Joint grant amount. The grant amount for a joint recipient shall be the sum of the amounts authorized for the individual entitlement grantees, as described in section 106 of the Act. The urban county shall be the grant recipient.

**Additional Information/HUD Guidelines ( Page 5 of 5)**

(c) Effect of inclusion. Upon urban county qualification and HUD approval of the joint request and cooperation agreement, the metropolitan city shall be considered a part of the urban county for purposes of program planning and implementation for the period of the urban county qualification, and shall be treated the same as any other unit of general local government which is part of the urban county.

(d) Submission requirements. In requesting a grant under this part, the urban county shall make a single submission which meets the submission requirements of 24 CFR part 91 and covers all members of the joint recipient.

[53 FR 34449, Sept. 6, 1988, as amended at 60 FR 1915, Jan. 5, 1995]

§ 570.309 Restriction on location of activities.

CDBG funds may assist an activity outside the jurisdiction of the grantee only if the grantee determines that such an activity is necessary to further the purposes of the Act and the recipient's community development objectives, and that reasonable benefits from the activity will accrue to residents within the jurisdiction of the grantee. The grantee shall document the basis for such determination prior to providing CDBG funds for the activity.

## **Guidelines for Evaluating Economic Development Projects (1 of 3)**

### **§ 570.209 Guidelines for evaluating and selecting economic development projects.**

The following guidelines are provided to assist the recipient to evaluate and select activities to be carried out for economic development purposes. Specifically, these guidelines are applicable to activities that are eligible for CDBG assistance under §570.203. These guidelines also apply to activities carried out under the authority of §570.204 that would otherwise be eligible under §570.203, were it not for the involvement of a Community-Based Development Organization (CBDO). (This would include activities where a CBDO makes loans to for-profit businesses.) These guidelines are composed of two components: guidelines for evaluating project costs and financial requirements; and standards for evaluating public benefit. The standards for evaluating public benefit are mandatory, but the guidelines for evaluating projects costs and financial requirements are not.

(a) Guidelines and objectives for evaluating project costs and financial requirements. HUD has developed guidelines that are designed to provide the recipient with a framework for financially underwriting and selecting CDBG-assisted economic development projects which are financially viable and will make the most effective use of the CDBG funds. These guidelines, also referred to as the underwriting guidelines, are published as appendix A to this part. The use of the underwriting guidelines published by HUD is not mandatory. However, grantees electing not to use these guidelines would be expected to conduct basic financial underwriting prior to the provision of CDBG financial assistance to a for-profit business. Where appropriate, HUD's underwriting guidelines recognize that different levels of review are appropriate to take into account differences in the size and scope of a proposed project, and in the case of a microenterprise or other small business to take into account the differences in the capacity and level of sophistication among businesses of differing sizes. Recipients are encouraged, when they develop their own programs and underwriting criteria, to also take these factors into account. The objectives of the underwriting guidelines are to ensure:

- (1) That project costs are reasonable;
- (2) That all sources of project financing are committed;
- (3) That to the extent practicable, CDBG funds are not substituted for non-Federal financial support;
- (4) That the project is financially feasible;
- (5) That to the extent practicable, the return on the owner's equity investment will not be unreasonably high; and
- (6) That to the extent practicable, CDBG funds are disbursed on a pro rata basis with other finances provided to the project.

(b) Standards for evaluating public benefit. The grantee is responsible for making sure that at least a minimum level of public benefit is obtained from the expenditure of CDBG funds under the categories of eligibility governed by these guidelines. The standards set forth below identify the types of public benefit that will be recognized for this purpose and the minimum level of each that must be obtained for the amount of CDBG funds used. Unlike the guidelines for project costs and financial requirements covered under paragraph (a) of this section, the use of the standards for public benefit is mandatory. Certain public facilities and improvements eligible under §570.201(c) of the regulations, which are undertaken for economic development purposes, are also subject to these standards, as specified in §570.208(a)(4)(vi)(F) ( 2 ).

- (1) Standards for activities in the aggregate. Activities covered by these guidelines must, in the aggregate, either:
  - (i) Create or retain at least one full-time equivalent, permanent job per \$35,000 of CDBG funds used; or
  - (ii) Provide goods or services to residents of an area, such that the number of low- and moderate-income persons residing in the areas served by the assisted businesses amounts to at least one low- and moderate-income person per \$350 of CDBG funds used.

## **Guidelines for Evaluating Economic Development Projects (2 of 3)**

- (2) Applying the aggregate standards. (i) A metropolitan city, an urban county, a non-entitlement CDBG grantee in Hawaii, or an Insular Area shall apply the aggregate standards under paragraph (b)(1) of this section to all applicable activities for which CDBG funds are first obligated within each single CDBG program year, without regard to the source year of the funds used for the activities. For Insular Areas, the preceding sentence applies to grants received in program years after Fiscal Year 2004. A grantee under the HUD-administered Small Cities Program, or Insular Areas CDBG grants prior to Fiscal Year 2005, shall apply the aggregate standards under paragraph (b)(1) of this section to all funds obligated for applicable activities from a given grant; program income obligated for applicable activities will, for these purposes, be aggregated with the most recent open grant. For any time period in which a community has no open HUD-administered or Insular Areas grants, the aggregate standards shall be applied to all applicable activities for which program income is obligated during that period.
- (ii) The grantee shall apply the aggregate standards to the number of jobs to be created/retained, or to the number of persons residing in the area served (as applicable), as determined at the time funds are obligated to activities.
- (iii) Where an activity is expected both to create or retain jobs and to provide goods or services to residents of an area, the grantee may elect to count the activity under either the jobs standard or the area resident's standard, but not both.
- (iv) Where CDBG assistance for an activity is limited to job training and placement and/or other employment support services, the jobs assisted with CDBG funds shall be considered to be created or retained jobs for the purposes of applying the aggregate standards.
- (v) Any activity subject to these guidelines which meets one or more of the following criteria may, at the grantee's option, be excluded from the aggregate standards described in paragraph (b)(1) of this section:
- (A) Provides jobs exclusively for unemployed persons or participants in one or more of the following programs:
- ( 1 ) Jobs Training Partnership Act (JTPA);
  - ( 2 ) Jobs Opportunities for Basic Skills (JOBS); or
  - ( 3 ) Aid to Families with Dependent Children (AFDC);
- (B) Provides jobs predominantly for residents of Public and Indian Housing units;
- (C) Provides jobs predominantly for homeless persons;
- (D) Provides jobs predominantly for low-skilled, low- and moderate-income persons, where the business agrees to provide clear opportunities for promotion and economic advancement, such as through the provision of training;
- (E) Provides jobs predominantly for persons residing within a census tract (or block numbering area) that has at least 20 percent of its residents who are in poverty;
- (F) Provides assistance to business(es) that operate(s) within a census tract (or block numbering area) that has at least 20 percent of its residents who are in poverty;
- (G) Stabilizes or revitalizes a neighborhood that has at least 70 percent of its residents who are low- and moderate-income;
- (H) Provides assistance to a Community Development Financial Institution that serve an area that is predominantly low- and moderate-income persons;
- (I) Provides assistance to a Community-Based Development Organization serving a neighborhood that has at least 70 percent of its residents who are low- and moderate-income;
- (J) Provides employment opportunities that are an integral component of a project designed to promote spatial deconcentration of low- and moderate-income and minority persons;
- (K) With prior HUD approval, provides substantial benefit to low-income persons through other innovative approaches;
- (L) Provides services to the residents of an area pursuant to a strategy approved by HUD under the provisions of §91.215(e) of this title;

## Guidelines for Evaluating Economic Development Projects (3 of 3)

(M) Creates or retains jobs through businesses assisted in an area pursuant to a strategy approved by HUD under the provisions of §91.215(e) of this title.

(N) Directly involves the economic development or redevelopment of environmentally contaminated properties.

(3) Standards for individual activities. Any activity subject to these guidelines which falls into one or more of the following categories will be considered by HUD to provide insufficient public benefit, and therefore may under no circumstances be assisted with CDBG funds:

(i) The amount of CDBG assistance exceeds either of the following, as applicable:

(A) \$50,000 per full-time equivalent, permanent job created or retained; or

(B) \$1,000 per low- and moderate-income person to which goods or services are provided by the activity.

(ii) The activity consists of or includes any of the following:

(A) General promotion of the community as a whole (as opposed to the promotion of specific areas and programs);

(B) Assistance to professional sports teams;

(C) Assistance to privately-owned recreational facilities that serve a predominantly higher-income clientele, where the recreational benefit to users or members clearly outweighs employment or other benefits to low- and moderate-income persons;

(D) Acquisition of land for which the specific proposed use has not yet been identified; and

(E) Assistance to a for-profit business while that business or any other business owned by the same person(s) or entity(ies) is the subject of unresolved findings of noncompliance relating to previous CDBG assistance provided by the recipient.

(4) Applying the individual activity standards. (i) Where an activity is expected both to create or retain jobs and to provide goods or services to residents of an area, it will be disqualified only if the amount of CDBG assistance exceeds both of the amounts in paragraph (b)(3)(i) of this section.

(ii) The individual activity standards in paragraph (b)(3)(i) of this section shall be applied to the number of jobs to be created or retained, or to the number of persons residing in the area served (as applicable), as determined at the time funds are obligated to activities.

(iii) Where CDBG assistance for an activity is limited to job training and placement and/or other employment support services, the jobs assisted with CDBG funds shall be considered to be created or retained jobs for the purposes of applying the individual activity standards in paragraph (b)(3)(i) of this section.

(c) Amendments to economic development projects after review determinations. If, after the grantee enters into a contract to provide assistance to a project, the scope or financial elements of the project change to the extent that a significant contract amendment is appropriate, the project should be reevaluated under these and the recipient's guidelines. (This would include, for example, situations where the business requests a change in the amount or terms of assistance being provided, or an extension to the loan payment period required in the contract.) If a reevaluation of the project indicates that the financial elements and public benefit to be derived have also substantially changed, then the recipient should make appropriate adjustments in the amount, type, terms or conditions of CDBG assistance which has been offered, to reflect the impact of the substantial change. (For example, if a change in the project elements results in a substantial reduction of the total project costs, it may be appropriate for the recipient to reduce the amount of total CDBG assistance.) If the amount of CDBG assistance provided to the project is increased, the amended project must still comply with the public benefit standards under paragraph (b) of this section.

(d) Documentation. The grantee must maintain sufficient records to demonstrate the level of public benefit, based on the above standards, that is actually achieved upon completion of the CDBG-assisted economic development activity(ies) and how that compares to the level of such benefit anticipated when the CDBG assistance was obligated. If the grantee's actual results show a pattern of substantial variation from anticipated results, the grantee is expected to take all actions reasonably within its control to improve the accuracy of its projections. If the actual results demonstrate that the recipient has failed the public benefit standards, HUD may require the recipient to meet more stringent standards in future years as appropriate.

## Contractual Scope of Services ( 1 of 12)

The following is a sample of Attachment A (General Requirements) for awarded contracts provided as reference:

### EXHIBIT "A" - "SCOPE OF SERVICES"

Related Definitions:

**Davis-Bacon Act Compliance** – The Davis-Bacon Act applies to contractors and subcontractors performing on federally funded or assisted contracts in excess of \$2,000 for the construction, alteration, or repair (including painting and decorating) of public buildings or public works. Davis-Bacon Act and Related Act contractors and subcontractors must pay their laborers and mechanics employed under the contract no less than the locally prevailing wages and fringe benefits for corresponding work on similar projects in the area. The Davis-Bacon Act directs the Department of Labor to determine such locally prevailing wage rates. Affordable housing rehabilitation projects of eight (8) or more units using CDBG funds must ensure Davis-Bacon Act compliance. Affordable housing rehabilitation projects of 12 or more units using HOME funds must ensure Davis-Bacon Act compliance.

**Environmental Review** – Projects must have an Environmental Review unless they meet criteria specified in HUD regulations that would exempt or exclude them from Request for Release of Funds (RROF) and environmental certification requirements (24 CFR sections 58.1, 58.22, 58.34, 58.35 and 570.604).

**Evidence of Procurement** – All expenses incurred with grant funds require evidence of procurement according to this Agreement. Please carefully read the Agreement and related HUD rules to ensure compliance.

**HUD Income Limits** – The Sub-Recipient must ensure that HUD Income Limits (household income) are utilized when determining client eligibility for HUD-funded services. Income limits are posted further below.

**Monthly Progress Report** – The Sub-Recipient is required to submit a monthly project progress report by the 10th of the following month. The report must be signed by the person who prepared the report as well as the agency's authorizing party. The report summarizes the progress made, expenses incurred and deliverables completed. This report must be completed regardless of whether or not funds are requested.

**Monthly Financial Report** – The Sub-Recipient is required to submit a monthly financial report by the 10th of the following month regardless of whether or not funds are requested. **Monthly Proformas** – All Capital projects with multiple (more than one) funding sources require the submission of monthly proformas to the City.

**Professional Services Contracts** – Professional services funded through this Agreement must adhere to procurement guidelines as appropriate and have executed written agreements between the Sub-Recipient and the respective Vendor. Contracts must, at a minimum, specify the cost, timeline and scope of service. A copy of all professional service contracts must be submitted to the City prior to reimbursement request.

**Proof of Insurance** – Evidence of appropriate and required insurance must be submitted prior to contract execution. No City funds will be disbursed prior to submission of required insurance coverage.

## **Contractual Scope of Services ( 2 of 12)**

**Retainage** – All capital projects are subject to the withholding of 10 percent of appropriate expenses in the form of a retainage. All retained funds will be released when the project fulfills its National Objective.

**Section 3 Compliance** – Any Agreement greater than \$200,000 that involves rehabilitation, housing construction, or other public construction, requires the Sub-Recipient complete and submit to the City Form HUD 60002, Section 3 Summary Report, Economic Opportunities for Low- and Very-Low Income Persons (OMB No. 2529-0043).

Applicable Federal Regulations

The Sub-Recipient must apply to all applicable federal regulations including:

### **I. Non-Discrimination and Equal Access**

No person in the United States shall on the grounds of race, color, national origin, religion or sex be excluded, denied benefits or subjected to discrimination under any program funded in whole or in part by CDBG/HOME funds. The Provider must take measures to ensure non-discriminatory treatment, outreach and access to program resources. This applies to employment and contracting, as well as to marketing and selection of program participants.

### **Fair Housing and Equal Opportunity**

The Provider must comply with all the following Federal laws, executive orders and regulations pertaining to fair housing and equal opportunity. They are summarized below:

Title VI of the Civil Rights Act of 1964, As Amended (42 USC 2000d et seq.): States that no person may be excluded from participation in, denied the benefits of, or subjected to discrimination under any program or activity receiving Federal financial assistance on the basis of race, color or national origin. The regulations implementing the Title VI Civil Rights Act provisions for HUD programs may be found in 24 CFR Part 1.

The Fair Housing Act (42 USC 3601-3620): Prohibits discrimination in the sale or rental of housing, the financing of housing or the provision of brokerage services against any person on the basis of race, color, religion, sex, national origin, handicap or familial status. Fair Housing Act implementing regulations may be found in 24 CFR Part 100-115.

Equal Opportunity in Housing (Executive Order 11063, as amended by Executive Order 12259): Prohibits discrimination against individuals on the basis of race, color, religion, sex or national origin in the sale, rental, leasing or other disposition of residential property, or in the use or occupancy of housing assisted with Federal funds. Equal Opportunity in Housing regulations may be found in 24 CFR Part 107.

Age Discrimination Act of 1975, As Amended (42 USC 6101): Prohibits age discrimination in programs receiving Federal financial assistance. Age Discrimination Act regulations may be found in 24 CFR Part 146.

Section 109 of Title I of the Housing and Community Development Act of 1974: Requires that no person shall be excluded from participation in, denied the benefits of, or be subjected to discrimination under any program or activity funded with CDBG/HOME funds on the basis of race, color, religion, national origin or sex.

### **Affirmative Marketing**

The Provider must adopt affirmative marketing procedures and requirements for all CDBG/HOME-assisted housing with five or more units. Requirements and procedures must include:

## **Contractual Scope of Services ( 3 of 12)**

1. Methods for informing the public, owners and potential tenants about fair housing laws and the Provider's policies (for example: use of the Fair Housing logo or equal opportunity language);
2. A description of what owners and/or the Provider will do to affirmatively market housing assisted with CDBG/HOME funds;
3. A description of what owners and/or the Provider will do to inform persons not likely to apply for housing without special outreach;
4. Maintenance of records to document actions taken to affirmatively market CDBG/HOME-assisted units and to assess marketing effectiveness; and
5. A description of how efforts will be assessed and what corrective actions will be taken where requirements are not met.

### **Handicapped Accessibility**

The CDBG/HOME regulations also require adherence to the three following regulations governing the accessibility of Federally-assisted buildings, facilities and programs.

Americans with Disabilities Act (42 USC 12131; 47 USC 155, 201, 218 and 225): Provides comprehensive civil rights to individuals with disabilities in the areas of employment, public accommodations, state and local government services and telecommunications. The Act, also referred to as the ADA, also states that discrimination includes the failure to design and construct facilities (built for first occupancy after January 26, 1993) that are accessible to and usable by persons with disabilities. The ADA also requires the removal of architectural and communication barriers that are structural in nature in existing facilities. Removal must be readily achievable, easily accomplishable and able to be carried out without much difficulty or expense.

Fair Housing Act: Multi-family dwellings must also meet the design and construction requirements at 24 CFR 100.205, which implement the Fair Housing Act (42 USC 3601-19)

Section 504: Section 504 of the Rehabilitation Act of 1973 prohibits discrimination in federally assisted programs on the basis of handicap. Section 504 imposes requirements to ensure that "qualified individuals with handicaps" have access to programs and activities that receive Federal funds. Under Section 504, recipients and Sub-Recipients are not required to take actions that create unique financial and administrative burdens or after the fundamental nature of the program. For any Provider principally involved in housing or social services, all of the activities of the agency -- not only those directly receiving Federal assistance -- are covered under Section 504. Contractors or vendors are subject to Section 504 requirements only in the work they do on behalf of the Provider or the City. The ultimate beneficiary of the Federal assistance is not subject to Section 504 requirements.

The Architectural Barriers Act of 1968 (42 USC 4151-4157): Requires certain Federal and Federally-funded buildings and other facilities to be designed, constructed or altered in accordance with standards that ensure accessibility to, and use by, physically handicapped people.

### **II. Employment and Contracting**

The Provider must comply with the regulations below governing employment and contracting opportunities. These concern equal opportunity, labor requirements and contracting/procurement procedures.

## **Contractual Scope of Services ( 4 of 12)**

### **Equal Opportunity**

The Provider must comply with the following regulations that ensure equal opportunity for employment and contracting: Equal Employment Opportunity, Executive Order 11246, as amended: Prohibits discrimination against any employee or applicant for employment because of race, color, religion, sex or national origin. Provisions to effectuate this prohibition must be included in all construction contracts exceeding \$10,000. Implementing regulations may be found at 41 CFR Part 60.

Section 3 of the Housing and Urban Development Act of 1968: Requires that, to the greatest extent feasible, opportunities for training and employment arising from CDBG/HOME funds will be provided to low-income persons residing in the program service area. Also, to the greatest extent feasible, contracts for work (all types) to be performed in connection with CDBG/HOME will be awarded to business concerns that are located in or owned by persons residing in the program service area.

Minority/Women's Business Enterprise: Under Executive Orders 11625, 12432 and 12138, the City and the Provider must prescribe procedures acceptable to HUD for a minority outreach program to ensure the inclusion, to the maximum extent possible, of minorities and women, and entities owned by minorities and women, in all contracts (see 24 CFR 85.36(e)).

### **Labor Requirements**

The Provider must comply with certain regulations on wage and labor standards. In the case of Davis-Bacon and the Contract Work Hours and Safety Standards Acts, every contract for construction (in the case of residential construction, projects with eight or more units) triggers the requirements.

Davis-Bacon and Related Acts (40 USC 276(A)-7): Ensures that mechanics and laborers employed in construction work under Federally-assisted contracts are paid wages and fringe benefits equal to those that prevail in the locality where the work is performed. This act also provides for the withholding of funds to ensure compliance, and excludes from the wage requirements apprentices enrolled in bona fide apprenticeship programs.

Contract Work Hours and Safety Standards Act, as amended (40 USC 327-333): Provides that mechanics and laborers employed on Federally-assisted construction jobs are paid time and one-half for work in excess of 40 hours per week, and provides for the payment of liquidated damages where violations occur. This act also addresses safe and healthy working conditions.

Copeland (Anti-Kickback) Act (40 USC 276c): Governs the deductions from paychecks that are allowable. Makes it a criminal offense to induce anyone employed on a Federally assisted project to relinquish any compensation to which he/she is entitled, and requires all contractors to submit weekly payrolls and statements of compliance.

Fair Labor Standards Act of 1938, As Amended (29 USC 201, et. seq.): Establishes the basic minimum wage for all work and requires the payment of overtime at the rate of at least time and one-half. It also requires the payment of wages for the entire time that an employee is required or permitted to work, and establishes child labor standards.

### **Contracting and Procurement Practices**

The CDBG/HOME programs are subject to certain Federal procurement rules. In addition, the City and the Provider must take measures to avoid hiring debarred or suspended contractors or Sub-Recipients and conflict-of-interest situations. Each is briefly discussed below.

## Contractual Scope of Services ( 5 of 12)

Procurement: For the City, the procurement standards of 24 CFR 85.36 apply. For non-profit organizations receiving CDBG/HOME funds, the procurement requirements at 24 CFR Part 84 apply.

Conflict of Interest: The CDBG regulations require grantees (the City), state recipients and Sub-Recipients (the Provider) to comply with two different sets of conflict-of-interest provisions. The first set of provisions comes from 24 CFR Parts 84 and 85. The second, which applies only in cases not covered by 24 CFR Parts 84 and 85, is set forth in the CDBG regulations. Both sets of requirements are discussed below.

- The provisions at 24 CFR 85.36 and 24 CFR 84.42 apply in the procurement of property and services by grantees (the City), state recipients, and Sub-Recipients (the Provider). These regulations require the City and the Provider to maintain written standards governing the performance of their employees engaged in awarding and administering contracts. At a minimum, these standards must:

- Require that no employee, officer, agent of the City or the Provider shall participate in the selection, award or administration of a contract supported by CDBG/HOME if a conflict-of-interest, either real or apparent, would be involved;
- Require that employees, officers and agents of the City or the Provider not accept gratuities, favors or anything of monetary value from contractors, potential contractors or parties to Sub-Agreements; and
- Stipulate provisions for penalties, sanctions or other disciplinary actions for violations of standards.

HOME-funded projects must comply with 24 CFR 92.356.

A conflict would arise when any of the following has a financial or other interest in a firm selected for an award:

- An employee, agent or officer of the City or the Provider;
  - Any member of an employee's, agent's or officer's immediate family;
  - An employee's, agent's or officer's partner; or
  - An organization that employs or is about to employ an employee, agent or officer of the City or the Provider.
- The CDBG/HOME regulations at 24 CFR 570.611 governing conflict-of-interest apply in cases not covered by 24 CFR 85.36 and 24 CFR 84.42. These provisions cover employees, agents, consultants, officers and elected or appointed officials of the grantee (the City), state recipient or Sub-Recipient (the Provider). The regulations state that no person covered who exercises or has exercised any functions or responsibilities with respect to CDBG/HOME activities or who is in a position to participate in decisions or gain inside information:

- May obtain a financial interest or benefit from a CDBG activity; or
- Have an interest in any contract, subcontract or agreement for themselves or for persons with business or family ties.

This requirement applies to covered persons during their tenure and for one year after leaving the grantee (the City), the state recipient or Sub-Recipient (the Provider) entity.

Upon written request, exceptions to both sets of provisions may be granted by HUD on a case-by-case only after the City has:

- Disclosed the full nature of the conflict and submitted proof that the disclosure has been made public; and
- Provided a legal opinion from the City stating that there would be no violation of state or local law if the exception were granted.

Debarred contractors: In accordance with 24 CFR Part 5, CDBG/HOME funds may not be used to directly or indirectly employ, award contracts to or otherwise engage the services of any contractor or Sub-Recipient during any period of debarment, suspension or placement of ineligibility status. The City should check all contractors, subcontractors, lower-tier contractors or Sub-Recipients against the Federal publication that lists debarred, suspended and ineligible contractors.

## **Contractual Scope of Services ( 6 of 12)**

### **III. Environmental Requirements**

The City is responsible for meeting a number of environmental requirements, including environmental reviews, flood insurance, and site and neighborhood standards.

#### **Environmental Review**

The City is responsible for undertaking environmental reviews in accordance with the requirements imposed on "recipients" in 24 CFR 58. Reviews must be completed, and Requests for Release of Funds (RROF) submitted to HUD before CDBG/HOME funds are committed for non-exempt activities. Private citizens and organizations may object to the release of funds for CDBG/HOME projects on certain procedural grounds relating to environmental review (see 24 CFR 58.70 - 58.77). To avoid challenges, grantees (the City) and Sub-Recipients (the Provider) should be diligent about meeting procedural requirements.

#### **Flood Insurance**

Section 202 of the Flood Disaster Protection Act of 1973 (42 USC 4106): Requires that CDBG/HOME funds shall not be provided to an area that has been identified by the Federal Emergency Management Agency (FEMA) as having special flood hazard, unless: The community is participating in the National Flood Insurance Program, or it has been less than a year since the community was designated as having special flood hazards; and Flood insurance is obtained.

### **IV. Lead-based Paint**

On September 15, 1999, the "Requirements for Notification, Evaluation and Reduction of Lead-Based Paint Hazards in Federally Owned Residential Property and Housing Receiving Federal Assistance; Final Rule" was published within title 24 of the Code of Federal Regulations as part 35 (24 CFR 35). The regulation was issued under sections 1012 and 1013 of the Residential Lead-Based Paint Hazard Reduction Act of 1992, which is Title X (ten) of the Housing and Community Development Act of 1992. Sections 1012 and 1013 of Title X amended the Lead-Based Paint Poisoning Prevention Act of 1971, which is the basic law covering lead-based paint in federally associated housing.

The regulation sets hazard reduction requirements that give much greater emphasis to reducing lead in house dust. Scientific research has found that exposure to lead in dust is the most common way young children become lead poisoned. Therefore, the new regulation requires dust testing after paint is disturbed to make sure the home is lead-safe. Specific requirements depend on whether the housing is being disposed of or assisted by the federal government, and also on the type and amount of financial assistance, the age of the structure, and whether the dwelling is rental or owner occupied.

On April 22, 2008, the EPA issued a rule requiring the use of lead-safe practices and other actions aimed at preventing lead poisoning to protect against the hazards created by exposure to lead dust in existing structures built prior to 1978. Under the rule, all contractors performing renovation, repair and painting projects that disturb lead-based paint in homes, child care facilities, and schools built before 1978 must be certified and follow specific work practices to prevent lead contamination. This rule (40 CFR Part 745) is enforced as of April 22, 2010. The rule must be executed by all sub-contractors.

## **Contractual Scope of Services ( 7 of 12)**

Property Exempt from Lead-based paint regulation:

CDBG/HOME projects involving acquisition, rehabilitation or demolition may be subject to the provisions of the Uniform Relocation Act (UDA). Demolition or conversion of units with CDBG funds may trigger section 104 (d) (also known as the "Barney Frank Amendment" requirements.)

### **VI. Compliance with National Objective**

The Provider will ensure and maintain evidence that activities assisted with CDBG/HOME funds from the City of Miami Beach comply with the primary National Objective, "Benefit to Low and Moderate Income Persons" and will provide services or activities that benefit at least 51% low and moderate income persons. A low or moderate-income household is defined as: a household having an income equal to or less than the limits cited below. Individuals who are unrelated but are sharing the same household shall each be considered as one-person households.

To request a Change Order or Budget Amendment, a written request for changes must be submitted to your Grant Monitor delineating the changes and providing a detailed justification for making the request. Approvals of any changes are at the sole discretion of the City Manager.

No budget amendment will be processed after June 30, 2014 for Public Service Projects. No budget amendment will be processed for Capital Projects Budgets after eighty (80) percent of the available funds have been drawn.

Budget amendments or Change Orders that deviate from the original scope will be rejected and the funds in question may be subject to recapture at the sole discretion of the City Manager.

In addition, the Sub-Recipient must not owe any monies to the City at the time of Agreement execution or final release of grant funds. The City will verify with the Finance Department to ensure that no monies are due the City prior to Agreement execution.

Furthermore, the Sub-Recipient must not have any outstanding and/or open Code Compliance or Building Department violations at the time of the Agreement's execution. Any pending issues must be disclosed. Those violations which are open at the time of the Agreement's execution and are expected to remain open for the foreseeable future require the submission and approval of a remediation plan submitted to the City.

## **Contractual Scope of Services ( 9 of 12)**

- Agreement compliance
- Leverage and fiscal soundness
- Accuracy and timeliness of Monthly Progress Reports
- Accuracy and timeliness of Monthly Financial Reports
- Adherence to project timelines
- Fulfillment of prescribed outcomes

### **Fiscal Stability**

The Sub-Recipient is required to maintain fiscal stability throughout the terms of this Agreement. This is to ensure the Sub-Recipient's ability to fulfill the terms of this Agreement and meeting of the National Objective.

For affordable housing developers, fiscal stability policies are encouraged in anticipation of additional HUD guidance regarding fiscal oversight for rental projects. More so, as projects have extended lives, fiscal stability underscores the long-term viability of the housing units. **Organizations must not operate at a deficit at the time of application.**

### **Leverage**

For HOME-funded projects, the Sub-Recipient must demonstrate the commitment of other sources of funds committed to the City-funded project. Furthermore, all other identified funds must be in place prior to the use of HOME funds.

The documentation that demonstrates this fiscal leverage is the Subsidy Layering Review and underwriting.

## Contractual Scope of Services ( 10 of 12)

### Monitoring & Performance Reviews

The City reserves the right to inspect, monitor and/or audit the Sub-Recipient to ensure contractual compliance. This includes, but is not limited to:

- Review of on-site service delivery
- Inspection and review of client, budgetary and employee files (for those employees providing services under this Agreement)

Monitoring visits will take place within 120 days of the commencement of services. The City will notify the Sub-Recipient a minimum of three (3) business days prior to a monitoring visit.

### Performance Ratings

The Sub-Recipient agrees that its Performance Rating, the score awarded for performance on the following measures, will be posted on the City’s website on an annual basis:

- Timely and accurate submission of Monthly Progress Report
- Timely and accurate submissions of Monthly Financial Reports (reimbursement requests)
- Delivery of contracted service units

Ratings will be given for each performance measure based on the following:

Performance Measure	Rating Rationale & Score
Timely and accurate submission of <i>Monthly Progress Report</i>	<ul style="list-style-type: none"> <li>➤ “0” for failing to submit on time</li> <li>➤ “25” for submitting on time</li> </ul>
Timely and accurate submissions of <i>Monthly Financial Report</i> (reimbursement requests)	<ul style="list-style-type: none"> <li>➤ “0” for failing to submit accurate report with back-up material on time</li> <li>➤ “25” for submitting accurate report on time</li> </ul>
Delivery of contracted service units within contracted timeframe	Possible score of 0 to 50 based upon completion of projected service units. Score is pro-rated if total projected service units are not met.

### Proformas

Capital projects must submit certified monthly proformas that indicate project funding sources and correlating uses. Proformas must be certified by the preparing party as well as the agency’s signatory as reflected within this Agreement.

### Reporting Requirements

The Contractor will provide the City with a Monthly Progress Report and Monthly Financial Report by the 10th of the following month. In the event that the 10th of the month lands on a Saturday, Sunday or holiday, the report must be submitted the following business day.

## **Contractual Scope of Services ( 11 of 12)**

Monthly reports will be submitted via any of the following methods:

- Standard mail
- Hand delivery

Monthly reports will not be considered acceptable unless the following is met:

- Forms are completely and accurately filled
- Necessary back-up materials are included (evidence of expense incurred, invoices, time logs, executed AIA Forms, etc.)
- Reports bear the signature of the person preparing the report and the Sub-Recipient's authorized signatory

Monthly Progress Reports should encapsulate a project's progress in alignment with the funds expended.

### **Rent Roll Submissions**

Sub-Recipients using City funds for the creation or rehabilitation of affordable housing must submit tenant rent rolls within thirty (30) days of meeting the National Objective and every year thereafter for a minimum of fifteen (15) years in adherence with the affordability period required with use of these funds. For completed projects, certified tenant rolls must be submitted annually by November 1st. Tenant rolls must be certified by the Sub-Recipient Agency's authorized signatory.

Those projects with a longer affordability period require annual tenant rolls for the period of affordability established in the City's Restrictive Covenant and/or mortgage. These tenant rolls must be submitted by November 1st of each year of affordability. Tenant rolls must be certified by the Sub-Recipient Agency's authorized signatory.

### **Retainage**

All capital projects utilizing HUD funds are subject to a ten (10) percent retainage that will not be released until the National Objective is met. Retainage will be held as appropriate from all submitted reimbursement requests.

### **Subsidy Layering Review**

All affordable housing projects using CDBG/HOME funds require the completion of an independent Subsidy Layering Review and underwriting. These reviews must be completed prior to the project being submitted via HUD's IDIS system and precedes the incurrence of any related funds. Therefore, no capital projects will be deemed eligible for reimbursement until the Subsidy Layering Review and underwriting have been received and accepted by the City.

The expense for the Subsidy Layering Review and underwriting services are eligible for reimbursement if the project proceeds but is not eligible for reimbursement otherwise.

## **Contractual Scope of Services ( 12 of 12)**

### **Timeliness of Reimbursement Requests**

Reimbursement requests must be submitted no later than sixty (60) days from the incurrence of the expense. The City will strictly monitor this element. Please note that cancelled checks must be submitted in conjunction with all reimbursement requests. Therefore, the Sub-Recipient should calendar itself accordingly to ensure that reimbursement requests are submitted to the City in a timely manner.

### **Training Requirements**

The Sub-Recipient must ensure that the person responsible for preparing the Monthly Progress Report and Monthly Financial Report attends the City's Sub-Recipient Reporting Training and places the attendance certificate in the employee's personnel file for inspection by the City during its monitoring visit.

### **Additional Documentation**

The following documentation must be submitted with this executed agreement:

- All required insurance certificates
- Copy of current audit
- Copy of required business licenses and permits

### City of Miami Beach Census Map (1 of 1)

## **Uniform Relocation Assistance (URA)**

If a project proposed in response to this RFP includes the purchase of a building or an offer to purchase a building which is occupied, the tenants are entitled to the benefits provided by the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (URA). The following information is provided to assist the applicant in complying with the URA.

1. **URA preparation needs to start early.** A URA notice needs to be given to the Seller when the purchase offer/option is made.
2. **HUD and the City of Miami Beach care about this.** Developers who are working on HUD-funded projects need to understand that the URA is basic consumer legislation that addresses “fairness” issues. Tenants whose living circumstances are changed by a project - either by higher rents or involuntary moves - must be protected and compensated.
3. **The relocation rules are not all one-sided.** There are actions that can be taken to control costs and prevent displacement. These actions include informing tenants about the project, treating them fairly during the process, staging work if it is feasible, and keeping their rents affordable. Tenants must continue to pay rent and comply with the lease during the process.
4. **Mistakes can be costly.** Planning for relocation and tenant concerns is critical because grantees, owners and developers can all take actions which can incur a financial liability. Displaced tenants are entitled to 42 or 60 months of rental assistance depending on the situation. Many claims exceed \$10,000. Although some claims are unavoidable, there is no reason to incur these costs by failure to follow the rules.
5. **Planning is critical.** Relocation concerns must be thought out early in the process so decisions about rents, construction timing and project feasibility can be considered before they are a crisis.
6. **Cooperation is Essential.** All parties involved in the project must do the right thing in order to make the process work. The Developer and the City must work together.
7. **There are three basic requirements for tenants in rental rehabilitation projects.** They must be given timely information about the pending application. If the project is approved, they must be advised about any changes that will occur to their situation. If they are not advised - and move - they could claim that they were displaced even if that was not intended and they could be eligible for considerable financial compensation. If they must be displaced, they must be offered a comparable replacement unit (as defined by HUD). Moving expenses must be paid. No one can be required to move without 90 days notice. Tenants who will stay in the property after work is complete must be offered a suitable unit that is affordable to them.

A. All construction or rehabilitation plans and specifications for the project must be approved by the City's departments of: Planning; Office of Real Estate, Housing & Community Development; Public Works; Building; Code Compliance; and Fire. If the project is located in the Miami Beach Architectural District, or affects a building listed or eligible for listing on the National Register of Historic Places, all plans and specifications must be approved by the State Historic Preservation Office (SHPO), in accordance with the Memorandum of Understanding between the SHPO and the City.

B. The City shall not be obligated to pay any funds to the project prior to the completion by the City of an environmental review of the project, and said review is approved by any government agencies as may be required by law.

C. The Provider will assure all wages paid to construction workers by it or its subcontractors are in compliance with federal, state and local labor requirements. The Provider agrees to include in the construction bid specifications in connection with this agreement the applicable Federal Wage Determination assigned to this project by HUD. The Provider must also inform his contractor/subcontractors that they will be required to submit documents after a city-conducted pre-construction conference and prior to construction. Weekly and/or monthly reports must be submitted thereafter, as required by the federal government.

D. The Provider agrees to comply with, and to assure that its subcontractors comply with, the federal Office of Management and Budget (OMB) Circular Number A-102 Attachment E for programs funded in whole or in part by CDBG funds; with federal OMB Circular A-102 Attachment O for the procurement of supplies, equipment, construction and services; and with Federal Management Circular A-87; or any other applicable OMB circular.

E. Pursuant to Section 109 of the Act, the Provider specifically agrees that no person shall be denied the benefits of the program on the grounds of race, color, sex, religion or national origin.

F. The Provider agrees, on its own behalf and on behalf of its contractors and subcontractors, to take affirmative action in attempting to employ low income and minority persons, as mandated by law.

G. As required by OMB Circular Number A-102, and by Florida Statutes Section 287.055, professional services must be competitively selected. Fees for professional services must be requested as a fixed sum and not stated as a percentage of construction costs.

H. All documents, bid specifications, notices and construction drawings must be submitted for the review and approval of the Neighborhood Services Department prior to public advertisement.

## **Certification Regarding CDBG-Funded Construction & Rehabilitation Projects (2 of 2)**

  2. The requirement of bid surety in the amount of ten percent (10%) of the bid, and a performance and payment bond equal to 100% of the award.
  3. A standard statement regarding the "in whole or in part" federal funding of the project and the various applicable federal regulations.

- L. The Provider agrees to specify a time of completion and include a liquidated damage clause in all construction contracts. Cost plus a percentage of cost, and percentage of construction cost contracts will not be permitted.
