

DESIGN REVIEW BOARD
City of Miami Beach, Florida

MEETING DATE: December 04, 2018

FILE NO: DRB17-0198

PROPERTY: **1733-1759 Purdy Avenue and 1724-1752 Bay Road**

APPLICANT: Sunset Land Associates LLC

LEGAL: The West ½ of Lot 3, Lot 4, Lot 5, Lot 6, and Lot 7, Block 16, ISLAND VIEW SUBDIVISION, according to the Plat thereof, as recorded in Plat Book 6 at Page 115 of the Public Records of Miami-Dade County, Florida.

IN RE: The Application for Design Review Approval for the construction of a new five-story multifamily building with ground floor retail uses with one or more waivers, to replace six vacant lots and two buildings. This item will also require a Conditional Use application to be reviewed and approved by the Planning Board.

ORDER

The City of Miami Beach Design Review Board makes the following FINDINGS OF FACT, based upon the evidence, information, testimony and materials presented at the public hearing and which are part of the record for this matter:

I. Design Review

- A. The Board has jurisdiction pursuant to Section 118-252(a) of the Miami Beach Code. The property is not located within a designated local historic district and is not a individually designated historic site.
- B. Based on the plans and documents submitted with the application, testimony and information provided by the applicant, and the reasons set forth in the Planning Department Staff Report, the project as submitted is inconsistent with Design Review Criteria 1, 2, 3, 4, 5, 6, 9, 12, 13, 14, 16, and 19 in Section 118-251 of the Miami Beach Code.
- C. Based on the plans and documents submitted with the application, testimony and information provided by the applicant, and the reasons set forth in the Planning Department Staff Report, the project as submitted is inconsistent with Sea Level Rise Criteria 1, 5, and 10 in Section 133-50(a) of the Miami Beach Code.
- D. The project would be consistent with the criteria and requirements of Section 118-251 and/ or Section 133-50(a) if the following conditions are met:
 1. The project shall comply with all the conditions imposed by the Planning Board Order dated November 27, 2018 for File No. PB 17-0168 aka PB18-0168.
 2. Revised elevation, site plan and floor plan drawings for the proposed mixed-use development at 1733-1759 Purdy Avenue and 1724-1752 Bay Road shall be

submitted to and approved by staff; at a minimum, such drawings shall incorporate the following:

- a. The additional 5'-0" height at the ground level **shall** be permitted as proposed.
- b. The central breezeway at the ground level of the project shall be further refined. The width of the corridor shall accommodate two, minimum 6'-0" wide pedestrian zones flanking a central vehicle aisle, in a manner to be reviewed and approved by staff consistent with the Design Review Criteria and/or the directions from the Board.
- c. The garage level parking (second floor), shall be setback a minimum of ten (10') feet from the south property line. The entirety of such setback area (the roof of the ground floor) shall be open to the sky from this level upwards, and shall be re-designed to include a decorative wall, hardscape, landscape planter or landscape features in order to create a buffer between the garage and the residential units of the building to the south, in a manner to be reviewed and approved by staff.
- d. The garage level parking (second floor), shall be internally redesigned to comply with all of the underlying programmatic parking requirements and zoning design and dimensioning standards.
- e. At the garage level on the south side, a floor to ceiling wall that must be at least 75% solid shall be provided, in a manner to be reviewed and approved by staff.
- f. The floor of the garage shall be designed and constructed to minimize tire noise, in a manner to be approved and certified by a qualified acoustic engineer, subject to the review and approval of staff.
- g. All existing overhead utilities and poles abutting the subject site shall be placed underground at the sole expense of the applicant.
- h. Additional material finishes shall be introduced along the front elevation at the underside and side walls of the breezeway as depicted on rendering sheet A-6.3, in a manner to be reviewed and approved by staff consistent with the Design Review Criteria and/or the directions from the Board.
- i. The final details of all exterior surface finishes and materials, including samples, shall be submitted, in a manner to be reviewed and approved by staff consistent with the Design Review Criteria and/or the directions from the Board.
- j. All interior fixtures, including, but not limited to, shelving, partitions, and checkout counters, if parallel to the exterior wall, shall be setback a minimum of ten (10') feet from the exterior walls of the building, in a manner to be reviewed and approved by staff consistent with the Design Review Criteria and/or the directions from the Board. This shall not prohibit substantially transparent fixtures for display purposes; however, shelving,

partitions, and checkout counters, or similar objects, shall not be permitted to be flush to the exterior walls of the building facing any right-of-way.

- k. The final design and details of all exterior and interior lighting for the ground floor commercial components shall be provided, in a manner to be reviewed and approved by staff consistent with the Design Review Criteria and/or the directions from the Board. Interior lighting shall be designed in a manner to not have an adverse overwhelming impact upon the surrounding area. No florescent or intensive 'white' lighting (or similar intensive lighting) visible from the adjacent public rights or way or adjacent properties shall be permitted.
- l. Any future kitchen ventilation or mechanical venting shall be chased through the interior of the building to the roof. No exhaust ducts or vents shall be permitted on any building elevations.
- m. All internal garage lighting shall be shielded to buffer views of all direct light sources from outside of the structure, as well as on the roof deck, in a manner to be reviewed and approved by staff consistent with the Design Review Criteria and/or the directions from the Board.
- n. All rooftop lighting shall consist of a lighting fixture that is affixed to, and no higher than, the rooftop parapet wall. All roof-top lighting fixtures shall be designed to preclude light from spilling over to adjacent properties, in a manner to be reviewed and approved by staff consistent with the Design Review Criteria and/or the directions from the Board.
- o. All exterior handrails and support posts shall incorporate a flat profile. The final design details, dimensions material and color of all exterior handrails shall be made part of the building permit plans and shall be subject to the review and approval of staff.
- p. The interior walls of the first level of the parking garage entrance, ramps and loading areas, shall be fully detailed on revised plans. Such interior areas shall consist of high quality, non-stucco surface materials which have a well finished appearance commensurate with the primary façade of the building, in a manner to be reviewed and approved by staff consistent with the Design Review Criteria and/or the directions from the Board.
- q. All building signage shall require a separate permit. A uniform sign plan for the new building shall be required. Such sign plan shall be consistent in materials, method of illumination and sign location, in a manner to be reviewed and approved by staff consistent with the Design Review Criteria and/or the directions from the Board.
- r. The entire ground level exterior paving system, and its design and detailing, shall be clearly identified with all colors, textures and materials clearly differentiating the areas as identified as pedestrian-only regions from those portions accessible to vehicular traffic, in a manner to be reviewed and approved by staff consistent with the Design Review Criteria and/or the directions from the Board.

- s. The design and detailing of the proposed planters within the breezeway shall be further developed and detailed, in a manner to be reviewed and approved by staff consistent with the Design Review Criteria and/or the directions from the Board.
 - t. The final design and details, including materials, colors, finishes, of any security fence, shall be provided, in a manner to be reviewed and approved by staff consistent with the Design Review Criteria and/or the directions from the Board.
 - u. The final design and details, including materials, colors, finishes, of all roof top elements, including any canopies, and stairwell or elevator bulkheads, shall be further developed and detailed and submitted, in a manner to be reviewed and approved by staff consistent with the Design Review Criteria and/or the directions from the Board.
 - v. All exterior walkways and drives shall consist of decorative pavers, set in sand or other semi-pervious material, in a manner to be reviewed and approved by staff consistent with the Design Review Criteria and/or the directions from the Board.
 - w. Final details of all proposed storefront systems and associated details shall be provided for all of the structures on the project site, in a manner to be reviewed and approved by staff consistent with the Design Review Criteria and/or the directions from the Board.
 - x. A fully enclosed, air-conditioned trash room shall be provided, which is sufficient to handle the maximum uses intended for the proposed structure. External dumpsters shall not be permitted.
 - y. A copy of all pages of the recorded Final Order shall be scanned into the plans submitted for building permit, and shall be located immediately after the front cover page of the permit plans.
 - z. Prior to the issuance of a Certificate of Occupancy, the project Architect shall verify, in writing, that the subject project has been constructed in accordance with the plans approved by the Planning Department for Building Permit.
3. A revised landscape plan, prepared by a Professional Landscape Architect, registered in the State of Florida, and corresponding site plan, shall be submitted to and approved by staff. The species type, quantity, dimensions, spacing, location and overall height of all plant material shall be clearly delineated and subject to the review and approval of staff. At a minimum, such plan shall incorporate the following:
- a. Prior to the issuance of a building permit, the applicant shall submit a tree protection plan for all trees to be retained on site. Such plan shall be subject to the review and approval of staff, and shall include, but not be

limited to a sturdy tree protection fence installed at the dripline of the trees prior to any construction.

- b. In order to identify, protect and preserve mature trees on site, which are suitable for retention and relocation, a Tree Report prepared by a Certified Tree Arborist shall be submitted for the mature trees on site.
- c. Any tree identified to be in good overall condition shall be retained, and protected in their current location if they are not in conflict with the proposed home, or they shall be relocated on site, if determined feasible, subject to the review and approval of staff. A tree care and watering plan also prepared by a Certified Arborist shall be submitted prior to the issuance of a Building Permit or Tree Removal/Relocation Permit. Subsequent to any approved relocation, a monthly report prepared by a Certified Arborist shall be provided to staff describing the overall tree performance and adjustments to the maintenance plan in order to ensure survivability, such report shall continue for a period of 18 months unless determined otherwise by staff.
- d. A minimum of 50% of the combined total of all roof levels which are open to the sky, shall be designed in a "green manner" to accommodate a true green roof system. Portions of the green roof shall, have sufficient depth of soil planting beds to accommodate rooting depths for larger trees while satisfying minimum canopy shade tree requirements.
- e. Existing trees to be retained on site shall be protected from all types of construction disturbance. Root cutting, storage of soil or construction materials, movement of heavy vehicles, change in drainage patterns, and wash of concrete or other materials shall be prohibited.
- f. The backflow prevention device shall not be permitted within any area fronting a street or sidewalk, in a manner to be reviewed and approved by staff consistent with the Design Review Criteria and/or the directions from the Board
- g. Street trees shall be required within the swale at the front of the property if not in conflict with existing utilities, in a manner to be reviewed and approved by the Public Works Department.
- h. Any existing plant material within the public right-of-way may be required to be removed, as the discretion of the Public Works Department.
- i. A fully automatic irrigation system with 100% coverage and an automatic rain sensor in order to render the system inoperative in the event of rain. Right-of-way areas shall also be incorporated as part of the irrigation system.
- j. The utilization of root barriers and/or Silva Cells, as applicable, shall be clearly delineated on the revised landscape plan.

- k. The applicant shall verify, prior to the issuance of a Building Permit, the exact location of all backflow preventors and all other related devices and fixtures. The location of backflow preventors, Siamese pipes or other related devices and fixtures, if any, and how they are screened with landscape material from the right-of-way, shall be clearly indicated on the site and landscape plans, and shall be subject to the review and approval of staff.
- l. The applicant shall verify, prior to the issuance of a Building Permit, the exact location of all applicable FPL transformers or vault rooms. The location of any exterior transformers and how they are screened with landscape material from the right of wall shall be clearly indicated on the site and landscape plans and shall be subject to the review and approval of staff.
- m. Prior to the issuance of a Certificate of Occupancy, the Landscape Architect or the project architect shall verify, in writing, that the project is consistent with the site and landscape plans approved by the Planning Department for Building Permit.

In accordance with Section 118-262, the applicant, or the city manager on behalf of the city administration, or an affected person, Miami Design Preservation League or Dade Heritage Trust may seek review of any order of the Design Review Board by the City Commission, except that orders granting or denying a request for rehearing shall not be reviewed by the Commission.

II. Variance(s)

- A. No variance(s) were filed as part of this application.

The decision of the Board regarding variances shall be final and there shall be no further review thereof except by resort to a court of competent jurisdiction by petition for writ of certiorari.

III. General Terms and Conditions applying to both 'I. Design Review Approval and 'II. Variances' noted above.

- A. Where one or more parcels are unified for a single development, the property owner shall execute and record a unity of title or a covenant in lieu of unity of title, as may be applicable, in a form acceptable to the City Attorney.
- B. Site plan approval is contingent upon meeting Public School Concurrency requirements. Applicant shall obtain a valid School Concurrency Determination Certificate (Certificate) issued by the Miami-Dade County Public Schools. The Certificate shall state the number of seats reserved at each school level. In the event sufficient seats are not available, a proportionate share mitigation plan shall be incorporated into a tri-party development agreement and duly executed prior to the issuance of a Building Permit.
- C. The applicant shall submit a Hold Harmless Covenant Running with the Land to the City Attorney's Office in a form acceptable to the City Attorney indemnifying and holding harmless the city against any claim or loss in the event of an accident involving a motor

vehicle or other instrumentality due to the proximity of the new building to the public right-of way.

- D. In the event Code Compliance receives complaints of unreasonably loud noise from mechanical and/or electrical equipment, and determines the complaints to be valid, even if the equipment is operating pursuant to manufacturer specifications, the applicant shall take such steps to mitigate the noise with noise attenuating materials as reviewed and verified by an acoustic engineer, subject to the review and approval of staff based upon the design review or appropriateness criteria, and/or directions received from the Board.
- E. A Construction Parking and Traffic Management Plan (CPTMP) shall be approved by the Parking Director pursuant to Chapter 106, Article II, Division 3 of the City Code, prior to the issuance of a Building Permit.
- F. The final building plans shall meet all other requirements of the Land Development Regulations of the City Code.
- G. The Final Order shall be recorded in the Public Records of Miami-Dade County, prior to the issuance of a Building Permit.
- H. Satisfaction of all conditions is required for the Planning Department to give its approval on a Certificate of Occupancy; a Temporary Certificate of Occupancy or Partial Certificate of Occupancy may also be conditionally granted Planning Departmental approval.
- I. The Final Order is not severable, and if any provision or condition hereof is held void or unconstitutional in a final decision by a court of competent jurisdiction, the order shall be returned to the Board for reconsideration as to whether the order meets the criteria for approval absent the stricken provision or condition, and/or it is appropriate to modify the remaining conditions or impose new conditions.
- J. The conditions of approval herein are binding on the applicant, the property's owners, operators, and all successors in interest and assigns.
- K. Nothing in this order authorizes a violation of the City Code or other applicable law, nor allows a relaxation of any requirement or standard set forth in the City Code.

IT IS HEREBY ORDERED, based upon the foregoing findings of fact, the evidence, information testimony and materials presented at the public hearing, which are part of the record for this matter, and the staff report and analysis, which are adopted herein, including the staff recommendations, which were amended and adopted by the Board, that the **application** is GRANTED for the above-referenced project subject to those certain conditions specified in Paragraph I, II, III of the Finding of Fact, to which the applicant has agreed.

PROVIDED, the applicant shall build substantially in accordance with the plans, entitled "Sunset Park", as prepared by **Domo Architecture + Design**, dated September 07, 2018, and dated August 03, 2018, and as approved by the Design Review Board, as determined by staff.

When requesting a building permit, the plans submitted to the Building Department for permit shall be consistent with the plans approved by the Board, modified in accordance with the conditions of approval that must be satisfied prior to permit issuance, as set forth in this Order,

have been met.

The issuance of the approval does not relieve the applicant from obtaining all other required Municipal, County and/or State reviews and permits, including final zoning approval. If adequate handicapped access is not provided on the Board approved plans, this approval does not mean that such handicapped access is not required. When requesting Building permit, the plans submitted to the Building Department for permit shall be consistent with the plans approved by the Board, modified in accordance with the conditions set forth in this Order.

If the Full Building Permit for the project is not issued within eighteen (18) months of the meeting date at which the original approval was granted, the application will expire and become null and void, unless the applicant makes an application to the Board for an extension of time, in accordance with the requirements and procedures of Chapter 118 of the City Code, the granting of any such extension of time shall be at the discretion of the Board. If the Full Building Permit for the project shall expire for any reason (including but not limited to construction not commencing and continuing, with required inspections, in accordance with the applicable Building Code), the application will expire and become null and void.

In accordance with Chapter 118 of the City Code, the violation of any conditions and safeguards that are a part of this Order shall be deemed a violation of the land development regulations of the City Code. Failure to comply with this **Order** shall subject the application to Chapter 118 of the City Code, for revocation or modification of the application.

Dated this 06 day of December, 2018.
