DIVISION OF LAND/LOT SPLIT DRAFT ORDER

The applicants, Sonia Kashuk and Daniel Kaner, requested a modification to a previously issued Division of Land/Lot Split, pursuant to Section 118, Article IV of the City Code. Notice of the request was given as required by law and mailed out to owners of property within a distance of 375 feet of the exterior limits of the property, upon which the application was made.

The Planning Board of the City of Miami Beach makes the following FINDINGS OF FACT, based upon the evidence, information, testimony and materials presented at the public hearing and which are part of the record for this matter:

That the property in question is located in the RS-3, Residential Single Family zoning district

That the lots that would be created are divided in such a manner that they are in compliance with the regulations of the land development regulations of the City code;

That the building site that would be created would be equal to the most common existing lot size, and of the same character as the surrounding area;

That the scale of any proposed new construction is compatible with the as-built character of the surrounding area;

That the building site that would be created would result in existing structures becoming nonconforming as they relate to setbacks and other applicable regulations of these land development regulations, but would be conforming when a variance for the resulting nonconformity is obtained from the Board of Adjustment;

That the building site that would be created is free of encroachments from abutting buildable sites;

That the proposed lot split does not adversely affects architecturally significant or historic homes;

That the public health, safety, morals, and general welfare will not be adversely affected;

That necessary safeguards will be provided for the protection of surrounding property, persons, and neighborhood values if the following conditions are met.

IT IS THEREFORE ORDERED, based upon the foregoing findings of fact, the evidence, information, testimony and materials presented at the public hearing, which are part of the record for this matter, and the staff report and analysis, which is adopted herein, including the staff recommendations, that the modifications to the Lot Split as requested and set forth above be GRANTED, subject to the following conditions to which the applicant has agreed: ~~strike through~~ indicates stricken language and underline indicates added language from the original approval.
