

10'-0" WIDE PASSAGE BETWEEN
LORD CHARLES + GAMSHIRE

GAMSHIRE: 2012 WASHINGTON AVENUE ELEVATION

GAMSHIRE

As can be seen in these elevations along Washington Avenue the main historic area of detail on the building is the corner porch + side porches + two story entrance arch -all fashioned in red brick. This prominent elevation has never really taken advantage of its superb location across the street from teh Convention Center.

FORMERLY EXISTING SIGNAGE 1999
