The Raleigh Hotel

Images from unit room mock up.

Custom millwork includes wainscot, doors, moldings, trims, vanities and custom polished stainless steel work.

Village of Biscayne Park Log Cabin

McKenzie was chosen to complete the restoration and refurbishing of the historical Biscayne Park Log Cabin. Collaborating closely with architect Richard Heisenbottle, McKenzie and Heisenbottle focused mainly on bringing back the original charm of the existing 1935 building. Renovations not only included hurricane-resistant windows, bathrooms & doors but also re-installing a wrap-around porch and fireplace that were lost due to previous additions.
